# MARKET AT ALBINA HAS BIGGEST DAY

More Than 40 Wagon Loads of Produce Brought In and 2500 Buyers Present.

#### ALBERTA CHILDREN SELL

East Side Business Men's Club Arranges for Opening of Public Vending Place on East Alder Street, July 7.

The Albina public market on Knott street opened yesterday morning with a parade. Thirty automobiles filled with business men met the farmers with their loads of produce at Killingsworth and Williams avenues and es-corted them to the market place on Knott sereet, where 30 Shelters had been erected. The automobiles and produce wagons were covered with banproduce wagons were covered with banners calling attention to the Albina
market. Many of the farmers from
Clarke County, Washington, had caught
the spirit of the occasion and had decorated their wagons. Most of them had
big banners along the sides.

It was the bisgest day so far in the
history of the market, more than 46
wagons with produce being at the market. Those who came first took the
30 stalls arranged under the newly
erected sheds, while the others sold
from their wagons.

from their wagons.
Secretary Calef estimated the buyers

at the market during the morning at about 2500. Between 7 and 9 A. M. the crowd was the heaviest, and it was difficult at times to get near the stalls. The space back of the shelter was stalls. The space back of the shelter was used by the teams. Five automobiles came loaded with farm produce, and many children had supplies. A great variety of goods was offered, including mutton, pork and home-cooked articles. It was estimated that the sales made yesterday were between \$700 and \$800. It was children's day at the Albertastreet market yesterday, and 20 boys came with produce and sold from the shelter erected for them south of Alberta street. Elmer Reed was the first boy on the scene and had sold out by 7:30 o'clock. His sales amounted to \$2.65. The boys sold lettuce, car-

CAMBRIDGE, Mass., June 23.-Exist CAMBRIDGE, Mass. Jone 21.—Existing problems. social and governmental,
"must find their solution through a
knowledge of the past and a cool judgment of the present." United States
Senator Henry Cabot Lodge told the
members of the Harvard Alumni Association in his address as presiding officer at the annual meeting. Mr. Lodge
said, in part:

"Just now we have with us one of the recurrent periods when the world

is filled with reforms, largely destructive and punitive in character, generally of that most attractive kind which aims at making some one other than ourselves virtuous by process of law.
There is all about us a widespread destructive of the state of There is all about us a widespread desire to elevate the moral or material condition of others. To all such propositions the university must give admission for purposes of study. The university must look upon them with attention and examine them, not merely in roseate giow of enthusiastic hope, but by the cold clear light of the past, before she decides that they are fit for the ordeal of the future and will prove a henefit to mankind.

"The university must not in its eagerness to be in sympathy with the present, which is so evanescent that some philosophers dony its existence forget that the future is built upon the past and that a house without any foundation is more unstable even than the one which rests upon the shifting sands.

Other boys told Meluk, he says, that the stranger offered Eitel a ride and the boy declined. The farmer then stepped down from his seat, lifted the lad up beside him and drove on with his arm around the boy, whipping his horses into a fast pace

## MOTHER'S SLAYER CAUGHT

Son Finds Man Left in Road for Dead by Oklahoma Posse,

HUGO, Okla. June 23.—Thomas Bond, former American marine, who shot and killed Mrs. F. A. York near Unger, and who was reported to have been slain by a posse, was captured by the slain woman's 17-year-old son, Robert, who found Bond suffering from gunshot wounds inflicted in a fight with the posse, which had left him in the road for dead.

road for dead.

After Bond threw away his gun upon York's promise to get him a drink of water, the boy, armed with the weapon took Bond to Boswell in a wagon and tufned him over to officers.

Bond admits the murder of Mrs. York. He said he intended killing her 20-year-old daughter Grace because ahe had refused his attentions. When he drew his revolver, Mrs. York sprang between them and sacrificed her life to save her daughter. She was shot three times. Bond's aim at the fleeing daughter went amiss, and the girl escaped.

Farmers Not Disposed to Sell New Crop at 15-Cent Basis.

There was no change in the hop market situation at the close of the week. The market was practically blocked as there were orders for the new crop at 15 cents, but growers were not disposed to sell. Spot hops were not offered on the market.

Crop conditions in New York State are given by the Waterville Hop Reporter as follows:

"The weather continues very favorable for the vine, which is making an excellent growth. A majority of the yards are being very carefully cultivated and present a fine appearance. Growers are anticipating a large crop and are evidently doing everything possible to produce a good yield. Some alight traces of the blue moid are in evidence and growers are warned to keep a close watch on it in order that the sulphur may be applied early if found necessary. As yet, however, it has not been found in a sufficient amount to warrant any feeling of alarm."

Wall-Street Sentiment More Cheerful at Week End.

SELLING PRESSURE CEASES

Stock Market Has Strong Technical Undertone and Traders on Short Side Are Wary - Bonds Are Irregular.

NEW YORK, June 27 .- The stock arket fell into the doldrums again today. Business during the two-hour amounted to about shures.

lifted fractionally above the previous day's closing quotations and sentiment was more cheerful. Technically, the market denoted a strong undertone, and traders for the short account, with that fact in mind, have become increasthat fact in mind, have become increasingly wary. Prices at the close were
firm. St. Paul was strongest of the
representative shares, and May Department Stores was prominent in the special group, with an advance of 1½.

The actual cash loss of the clearinghouse banks was much in excess of
all estimates, aggregating over \$12,000,000, which is a trifle more than
the week's gold withdrawals.

Bonds were irregular, with a loss of

the week's gold withdrawals.

Bonds were irregular, with a loss of two points in Rock Island debenture fives. Total sales, par value, were \$780,000. Panama is declined one-fourth per cent on call during the week.

The financial district had some previous knowledge of the situation of the H. B. Claffin Company, but the shock of the receivership was pronounced. Special causes were recognized, such as the transition in methods of business with consequent ex-

nized, such as the transition in methods of business with consequent excess of credit needs and shifting of trade centers. These could not obscure the significance of the failure as an index of slackness of trade.

Abandonment of rescue measures by the powerful interests, which had previously supported the house as a citadel of dry goods credit, shook confidence in the commercial revival, which had begun to result from abundant crop promise and the long period of abstement from demand. The wide distribution of holdings of the notes involved among banks throughout the entire country suggested prudent waiting to know the effect on general credit.

Gold exports mounted again in spite Gold exports mounted again in spite of the week's opening predictions that the movement had already waned. All great foreign centers showed heavy accretions of gold holdings, but their terms for discounts were firmly held. The outcome of the coming French loan flotation thus remains in suspense. Relief from the lockup of foreign capital is believed to hinge largely on this operation. It is this which ly on this operation. It is this which has been forcing American securities home market. Poor steel and copper trade advices added to the depression.

Lust Prices Are Three-Eighths Above Friday's Close-Corn Makes Big Gain, Owing to Drouth and

CHICAGO, June 27 .- Pear of black ust in the Spring crop region gave the wheat bulls today a chance to rally. As a result, the market, which had

As a result, the market, which had an upward siant pearly the whole session, clouded attendy at a gain of he not. Other leading staples, too, all finished higher than last night—corn up 14 614c to 14 614c, casts he to the and provisions 24c to 19c.

Wheat was firm as a result of heavy rains in the Northwest and of complaints from that section that the Spring crop was receiving entirely too much moisture. It was said conditions were such that rust might easily develop. Hearish cables had only a temporary effect. Attention to the fact that it has rained 24 out of 27 days this month all over the Spring wheat region continued to uphold the market. Closing prices were steady at a gain of he.

Drouth and damage reports from Kentucky, Kansas, Missouri and Ohlahema brought about a rish of huring in corn. Reduced estimates of the Argentine surplus counted also against the bears.

Onto hardened with corn. Damand.

Argentine surplus counted also against the bears.

Outs hardened with corn. Demand, however, was only fair.

Although provisions at first showed a downward bent, the market later responded to the strength of grain. The most activity was in lard. The leading futures ranged as follows:
