Dr. Shaw told both the Vice-President and the Speaker there was a demand for woman suffrage throughout the United States. She said that since the nation-wide suffrage demonstration on May I, she had attended the meeting of the International Council of Wemen at Rome, representing 7,000,000 women from widely separated countries, and that when a resolution for woman suffrage was presented there, every vote was cast in its favor.

The company now occupies an eightstory building at Eighteenth and Upshur streets and is planning to lease additional space in that vicinity to accommodate its needs pending erection of its new structure.

J. C. Madison, of Chicago, superintendent of the various branch plants of the company, has been in Portland for the last few days, negotiating with E. M. Ragan, local manager, for the improvements. A site will be selected and definite plans for the new building made probably before the end of this year.

and long ranges, natural and artificial light and an endless variety of weapons and targets.

The association is composed of the leading shooting societies of the Pacific Slope.

The \$50,000 appropriated by the association for prizes is merely a starter. To that sum may be added fully as much more and perhaps twice as much contributed by individuals, firms and corporations and by shooting societies that will send teams to take part in the contests. What can be expected in prizes for this event may be measured by what San Francisco has achieved on former occasions. At the 1901 Bundes shooting festival, held in Shellmound Park, prizes aggregating \$125, e00 in coin, medals, trophies and other tokens were distributed. At the shoot of the San Francisco Schuetzen Verein, in honor of its Golden Jubilee, in 1909, the prizes awarded aggregated more than \$40,600.

Quick to resent what was regarded as an insult to Their Majesties, the spectators made a rush for the women, who would have been badly mauled had not the police raillied around them. Two of the women were particular objects of the crowd's wrath because they were most compleuous in throwing bundles at the royal carriage.

They were arrested, more for their own protection than because of their offense. They were taken to the police station and charged with insulting behavior, but were released on their own recognizance.
