

DOCTOR'S WIFE SAYS SHE WAS CURIOUS

People's Jokes About Husband's Being "Regular Devils" Stir Desire to Know.

JEALOUSY NOT ADMITTED

Mrs. Carman Makes Statement Concerning Telephone Device She Installed in Office—Detectives Are Denounced.

PRESPORT, N. Y., July 18.—Plans for the immediate future occupied the attention today of Mrs. Carman, released yesterday from the County Jail at Mineola in \$20,000 bail for trial this fall under a grand jury indictment charging manslaughter in the first degree in connection with the murder of Mrs. Louise Bailey.

With her husband, Dr. Edwin Carman, and daughter, Elizabeth, Mrs. Carman planned to start today for Philadelphia on an automobile tour to Philadelphia, Atlantic City and the Delaware water gap.

In a statement Mrs. Carman told for the first time her story—the story she sought to tell the Nassau County grand jury, but which that body refused to hear.

Detectives' Work Denounced.
The statement, besides detailing her movements on the night of the murder of Mrs. Bailey in her husband's office, contains a denunciation of the detectives employed by the Nassau County, and a declaration that she has no fear of conviction "unless they frame me up."

Mrs. Carman said that it was not true that she was "insanely jealous," as the newspapers lead people to believe. She explained she was merely curious, saying that "the fact of the matter that I had been on numerous occasions with my husband at various affairs and had many a good time with him. But on such occasions people would joke him about his 'many girls' and that that the doctor was 'a regular devil'."

Woman "Curious," Not Jealous.
"I simply made up my mind to find out what was the truth in those remarks, not because I was insanely jealous, but because I wanted to find out—I was curious."
"People often said to him in my presence, 'You have a clinic doctor. You can go out at all hours of the night or any one of the day. You have an office, where no one can see what you're going on and what you are doing.' So I put in the telephonic device."

MRS. JOHN M. PATTON DIES

Widow of Man Who Originated Railway Mail Service Lived to Be 75.

OLYMPIA, Wash., July 18.—(Special.)—Mrs. John M. Patton, aged 75 years, a resident of Olympia since 1881, died here Friday. Mrs. Patton was the widow of John Malcolm Patton, who originated the traveling postoffice, or system of working mail en route, and was generally known as the "father of the railway mail service." He came to Washington from Shelbyville, Ill., as postal inspector for the Pacific Northwest.

Mrs. Patton is survived by two daughters, Mrs. Addison A. Lindsey of Portland and Mrs. C. E. Van Etow of Grays Harbor. Addison A. Lindsey was the first State Treasurer of Washington. The body will be taken to Illinois for burial.

CHILD DISCOVERS LOOT

Goods and Money Taken From Turner Store Found at Albany.

ALBANY, Or., July 18.—(Special.)—A 6-year-old daughter of James Darcy saw an end of bright red ribbon protruding from a sack in an old barn near First and Cleveland streets in this city and pulled it out. Her act led to the discovery of about \$75 worth of goods taken from the Robinson general merchandise store at Turner, Or., the night of July 1. Mr. Robinson came to Albany yesterday and identified his goods.

FARM AREA IS GROWING

Permits for Slashing Fires in Washington Double Those of 1913.

OLYMPIA, Wash., July 18.—(Special.)—Increase in the area of land being put under cultivation in the State of Washington is indicated by the fire permit report for the month of June issued by State Fire Warden Ferris. The report shows that 2323 permits were granted to burn slashings on 25,827 acres of land to be used for agricultural purposes. This is more than twice as great as the area of land burned in June, 1913.

STATE GRAZING NOT FREE

Washington Land Commissioner Leases 45,813 Acres.

OLYMPIA, Wash., July 18.—(Special.)—Oregon and Washington sheepmen for years have grazed their flocks in the Spring on public lands in Asotin, Yakima and Klickitat Counties without cost with hereafter have to pay the state for the privilege.

GRAPE JUICE HAS RIVAL

Loganberry Product to Be Sold as Beverage at Eugene.

EUGENE, Or., July 18.—(Special.)—Loganberry juice, a new product, to be put up in bottles and sold as a beverage at the soda fountains or in the grocery store in competition with grape juice is being manufactured at the Eugene Fruitgrowers' cannery. It is a novelty, there being none on the market, but its popularity is anticipated. The juice is tart, but exceedingly rich and heavy. It is diluted half with water before being used.

If the new product is accepted by the market, the manufacture will be important, for in the Willamette Valley are coming into bearing faster than the market can be adjusted to meet the increased supply.

The loganberry is almost unknown in the East, and extensive advertising is necessary to develop a market. It is believed that the new beverage will not only take a large quantity of the berry crop of the market, but that it will serve to advertise the berry from which it is made.

FAIR PREPARATIONS ON

SECRETARY OF SOUTHWEST WASHINGTON EVENT ON GROUNDS.

Building for First Baby Show Completed and Ready for Use—Interest in Races Will Be Keen.

CHEHALIS, Wash., July 18.—(Special.)—George R. Walk, secretary of the Southwest Washington Fair, has moved to his office at the grounds to give his personal attention to numerous improvements under way there. The new exhibit building, in which will be staged the first baby show ever held in this section of the state, is completed and ready for use.

Interest in the racing events apparently will be fully as keen as last year, when a record card was presented to lovers of the horse. Already there are over 25 and 30 horses on the grounds in training for the coming fair. Inasmuch as the Southwest Washington Fair, which will be held the last week in August, is the first meeting of the North Pacific Racing Circuit, horsemen are especially anxious to have a tryout to determine just what talent they must compete against in the subsequent racing to be held on the circuit. The roads to the fairgrounds this year, midway between Chehalis and Centralia, promise to be better than ever. The road from Centralia to the grounds has been paved and the Chehalis end has been surfaced with new crushed rock screenings and put into the best possible condition for public travel.

TRACK BALLASTING IS ON

Willamette-Pacific Receives Shipment of 12,000 Yards of Gravel.

MARSHFIELD, Or., July 18.—(Special.)—The Southern Pacific Company has completed the transportation of 12,000 yards of gravel to ballast the Willamette-Pacific tracks three miles in length, between Marshfield and North Bend and has begun gravel on hand to ballast all the tracks and sidetracks in this city. The gravel is hauled from the Smith-Powers pit, 54 miles south of Coos Bay, and was delivered here at the rate of 60 carloads a day for 20 days.

MASONIC LODGE FORMED

Officers Elected at Yoncalla Following Instituting Ceremony.

YONCALLA, Or., July 18.—(Special.)—Grand Master W. C. Brant and Grand Secretary James E. Robinson, of the Grand Lodge of Masons of the State of Oregon, and S. E. Mosler and W. C. Moran, of Eugene; George O. Knowles, M. H. Anderson, H. G. Kinter, Andrew Brund and J. E. Young, of Cottage Grove; H. C. Chadbourne, of Drain; Harry Braven, J. R. Hodges and George W. Bradley, of Yoncalla, opened a session of the grand lodge to institute Yoncalla Lodge of Masons.

Why the Kidneys Need Relief

Do you know that every ounce of blood in your body passes through your kidneys every three minutes? Well, it does, and as it is the duty of these frail tubular structures to filter all impurities from the blood, it is readily realized that the least inflammation or irritation results in imperfect work which is sure to impair your health.
