for Suffrage.

GIRLHOOD THIMBLES ASKED

Women of Every State Called Upon
to Part With Precious Keep-
sakes to Provide \$50,000
Fund for Campaigns.

CHICAGO, July 25.—The campaign committee of the National American Woman Suffrage Association issued a ringing appeal here today to the women of the country to pour their gold and silver trinkets into a huge "melting pot" for the benefit of their sisters who are battling for the vote this November in seven of the states.

This appeal—said to be the first of the sort ever issued in the long history of the suffrage movement in this country—is signed by Dr. Anna Howard Shaw and the members of the campaign committee consisting of Mrs. M. C. McCormick, chairman; Mrs. Antoinette Funk and Mrs. Sherman M. Booth, of Chicago; Mrs. Helen Gardner, of Washington; Mrs. Mary C. Bradford, of Denver; Mrs. Desha Breckinridge, of Lexington, Ky.; Mrs. John Tucker, of San Francisco; and Mrs. Edward Dreier, of Brooklyn, N. Y.

Trinkets to Be Melted.
According to the statement given out at the campaign headquarters in the City Hall Square building, the campaign committee plans to have the gold and silver converted into bullion and exchanged across the counters of Uncle Sam for money. The women hope to raise at least \$50,000 before August 13 and they believe that their appeal will draw out from the hoarding places of the country the equivalent, in gold and silver, of a large share of this amount.

We do not ask the women of the country to make great financial sacrifices," said Mrs. McCormick, chairman of the campaign committee, "but we are convinced that our 'melting pot' will make it possible for many women to contribute something to the cause who are not in a position to send money.

Large Sums Needed.
"I think you might also," Mrs. McCormick continued, "that we don't want any woman to give up something which has such strong associations for her that she will want it back the minute she has parted with it.

"Our idea is—and I think that the proclamation which Dr. Shaw and Mrs. Funk have drafted makes it clear—that the women who have come to take a deep interest in the suffrage movement will be glad to part with something tangible and personal when they realize that the gift will help to make possible a profound improvement in the welfare of others.

Every State Is Urged.
"The women of this country cannot afford to leave the burden of this fight to the women in the seven 'campaign states.' Every state that is carried for suffrage helps every other state and, by the same sign, no state bears its defeat alone. But women are learning to stand by each other as I believe the response to our appeal will show.

The committee hopes to pour \$15,000 into Ohio, \$10,000 into Missouri and \$5,000 or more into Nebraska, Nevada, Montana and Dakota. It was announced today that a single check for \$5000 had been received from a group of Boston women, but the committee is confident that it will be able to raise the bulk of its fund in small amounts. The headquarters for the Fall campaign have been established at room 1505, City Hall Square building.

BAY TIMBER FREE OF FIRE

Coots and Curry Counties Have Wet
Forests and Heavy Patrol Out.

MARSHFIELD, Or., July 25.—(Special.)—While other sections of the state are reporting dry timbered areas and frequent fires, the Coots and Curry county sections have experienced no timber conflagrations.

President A. E. Adelsperger and W. J. Conrad, secretary of the Coots County Fire Patrol, say the woods in the Coast section are still damp and there is no fear of spreading fires for at least another two weeks. The patrol has 20 men in the woods and will send more in as the season advances.

The officials do not look for any loss of timber.

BOY SAVES PARENT WORRY

Youth of 20 Undergoes Operation
Without Letting Mother Know.

ALBANY, Or., July 25.—(Special.)—To prevent his mother from worrying, Merrill Moonch, 20-year-old son of Mrs. Mary Moonch, of this city, did not tell her he was to undergo an operation for appendicitis and she did not know of the operation until it had been performed.

He consulted a physician yesterday morning and went to the hospital in the afternoon. Mrs. Moonch did not know of it until its success was assured.

BLOCK SYSTEM PROMISED

Southern Pacific to Equip Entire
Main Line in Oregon.

EUGENE, Or., July 25.—(Special.)—Plans to place the entire main line of the Southern Pacific in Oregon, and possibly the electric lines, under the block system were announced today by William Nichols, chairman of the examining board of the Southern Pacific Company.

The company now has 115 miles out of its 341 miles of main line in Oregon under the block signal system, but it is scattered, having been installed where the safety devices have been most needed.

CIVIL SERVICE VIOLATED
Veterans, Kicked Out of Service Like
So Many Dogs, Declared to Be
Starving—American Citizen-
ship Brought to Disgrace.

WASHINGTON, July 25.—Investigation of dismissal of Spanish War veterans from the civil service in the Philippine Islands was proposed in a resolution today by Representative Miller (Republican), of Minnesota, which made the vehicle of an attack on Governor-General Francis Burton Harrison.

"From the first day of his arrival in the islands," he said, "Governor Harrison ruthlessly violated the civil service rules and applied the principles of Tammany. Every American who has visited the islands since the arrival of Harrison has come away ashamed and humiliated. The condition there at this moment assumes the proportions of a national disgrace.

Representative Miller said many Spanish War veterans were "kicked" out of the service as though they were so many yellow dogs. "Many scores," he continued, "were actually reduced to starvation. Many were married to Philippine women and had families. They stood by their families. They found there were no positions in the islands open to Americans so they have been starving. Many Americans and are so being fed at this hour. The Harrison administration has resulted in bringing American citizenship into dishonor and disgrace in the islands."

Secretary Garrison and other Washington officials, Miller said, were ignorant of the facts.

JUDGES' DUEL PROMISED
(Continued From First Page.)
liberty some day, but in any case I shall not move before the elections."

"Is that not it, my Riri? What was in the background of my mind was that I had embarked on a wrong venture and my conscience which is of a delicate nature, of characters, that catastrophe was inevitable; that necessarily time would bring about a rupture apart from all questions of another love and as the sole result of the crash of two beings who did not understand each other. But I understood—and I still understand—that in no case could my love for the future be a circumstance I should have lost some of my self esteem and finally because I judged that for the future, degree important that no connection should exist between the break which I foresaw and an affection which is dear to me.

Excess of Scruple Felt.
"Matters went on very much as I had foreseen during a year. Then events followed in quick succession and my conscience which is of a delicate nature, of characters, that catastrophe was inevitable; that necessarily time would bring about a rupture apart from all questions of another love and as the sole result of the crash of two beings who did not understand each other. PAMPHLET OUTLINES CASE

Schedules That Required 30 Years
to Build Taken Away and Basis
of Pay Changed Are Among
Employees' Grievances.

MEDIATORS FAIL TO FIND SOLUTION OF TRAINMEN TROUBLE.

CHICAGO, July 25.—The failure of Federal mediators to bring the 68 railroad men of Chicago and 35,000 members of their engine crews nearer agreement on the question of increased wages was announced today. The United States commissioners are seeking a settlement of the dispute along new lines, while the men refused to reveal, but with small hope of success.

Meanwhile, it is reported the men have already begun negotiations for a strike, although they have agreed to give the mediators a few more days in the final hope of reaching a peaceful settlement.

Copies have been received in Portland of a pamphlet sent out from headquarters of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Engineers giving the side of the employees in the controversy with Western railroads and explaining why the employees decline to submit the strike issue to arbitration.

By a heavy vote, members of the two brotherhoods have declared themselves in favor of a strike, if their wage and other demands are not met by the railroads. As efforts to settle the differences by mediation apparently have failed, the brotherhoods will not accept arbitration, a strike appears imminent.

The purpose of the pamphlet just issued, a document of 30 pages, is declared to be "to place before the public information concerning the causes of the strike, should it occur."

Causes Are Outlined.
The following statement of these causes, signed by W. S. Stone, grand chief engineer of the Brotherhood of Locomotive Engineers, and by W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, is given:

"(1) In October of 1913 committees representing all locomotive engineers, firemen and hostlers on Western railroads presented a request to their respective managements for an increase in wages and improved working conditions, accompanied by a request with the usual notice required by existing schedules, that within 30 days the schedules would be opened for these revisions.

"(2) Immediately the railroad managements served notice on the engine-men's committees that all existing schedules would be closed for 30 days, thus, for the first time in the history of railway wage negotiations, taking from railway employees scheduled wages and hours of service for 30 years, in many instances, to build up."

"(3) The railroads then proposed that a 'service period' be substituted as the basis of pay, based on the amount of work done by the men, long in effect on practically all railroads. Negotiations between committees representing the railroads and the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(4) Upon submitting the matter to the engineers, firemen and hostlers employed on Western railroads it was learned that they almost unanimously were in favor of the mileage basis of pay. The proposition of the managements was rejected and a strike approved.

"(5) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(6) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(7) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(8) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(9) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(10) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(11) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

"(12) Upon the proposition that the Federal Government should arbitrate, the engine-men's committees, both of which were submitting revised proposals, the railroads insisting upon a modified form of their 'service period' and the engine-men insisting upon the mileage basis of pay and allowance for extra work as in the past.

VILLA IS HELPED

Carranza Supplies Ammunition
and Pays Soldiers.

GENERALS ON GOOD TERMS
Confident Peace Is Virtually Assured.

WASHINGTON, July 25.—Not only Government officials, but representatives here of all Mexican factions, expressed tonight more confidence than ever before that peace at last was in sight in Mexico. Relations between Carranza and Villa were pronounced friendly by Felix Villareal, secretary of the treasury in the constitutional government, who arrived here today. He declared General Carranza was paying the wages of Villa's men and supplying him with ammunition.

"Within the past fortnight," said Mr. Villareal, "General Carranza sent 2,000,000 pesos to General Villa and delivered to his representatives at Tampico 2,000,000 rounds of ammunition."

Troops Prepared for Emergency.
State Department officials explained that General Villa was setting his ammunition through General Carranza and all advice pointed to a friendly feeling between the two chiefs. All constitutional troops are being supplied with ammunition to be in readiness for counter revolutions or any other emergencies incident to the pacification of Mexico.

From the Brazilian minister, who is caring for the interests of the United States, came word that Provisional President Carranza has expressed a desire to reach an agreement with General Carranza at the earliest possible moment so the transfer of the government might be speedily accomplished.

Envoys to Meet at Saltillo.
The minister reported that besides Carranza, now en route, two other commissions had been named by Provisional President Carranza and that the latter had agreed to Carranza's suggestion for holding the peace conference at Saltillo.

Mr. Cepeda, former senator of the State of Coahuila and an intimate friend of Carranza, is due in Tampico tomorrow. There he will meet the constitutional chief and make preliminary arrangements for the conferences at Saltillo.

NAVY ORANGE IS HONORED
House Committee Favors Inviting
Foreign Countries to Celebrate.

WASHINGTON, July 25.—Foreign governments would be invited to participate in the celebration of the forty-first anniversary at Riverside, Cal., next April of the navy orange industry's founding by a bill favorably reported today by the House foreign affairs committee.

Brazil, from which country the navy orange tree was introduced, already has planned to take part.

SLOW, STEADY RAIN FALLS
Drought and Heat Wave in Vicinity
of St. Louis Broken.

ST. LOUIS, July 25.—The prolonged drought and heat wave which St. Louis and vicinity has suffered for several weeks were broken here today by a heavy rain.

TWIN FALLS, Idaho, July 25.—(Special.)—J. Benjamin Hall, a prominent attorney and resident of Twin Falls since it was founded 19 years ago today taken to the state hospital at Blackfoot, his mind apparently deranged. He has a wife and son living here.

J. B. Hall Goes to Asylum.
TWIN FALLS, Idaho, July 25.—(Special.)—J. Benjamin Hall, a prominent attorney and resident of Twin Falls since it was founded 19 years ago today taken to the state hospital at Blackfoot, his mind apparently deranged. He has a wife and son living here.

Loss of Confidence Shown.
Attention is called in the pamphlet to the fact that the present attitude of the railway employees against arbitration is directly contrary to their former attitude. The reason for this is declared to be failure of the railways to live up to arbitration awards, and consequent loss of confidence by the employees in their promises.

On this point W. S. Stone, grand chief of the engineers, is quoted in part: "The Brotherhood of Locomotive Engineers has been instrumental in assisting to have several laws enacted upon this subject. However, with our experience of the past few years, we have changed our views and unless some plan can be devised whereby members of the Brotherhood of Locomotive Engineers can be assured that the award will be put into effect, we have decided to refuse to submit the strike issue to arbitration."

There will be no further arbitration so far as we are concerned. We have had a wage movement of 53 railroads in the Western territory.

Ask the man who owns one of our policies. We have a good agency for you. Write us. Assets \$7,400,000.00.

WORK OF THE KIDNEYS

Often Overlooked, They're Particularly
Susceptible to Disease.

The kidneys have certain duties to perform and are kept constantly active in performing them. To perfectly filter all impurities and remove uric acid from the blood is some of the work of the kidneys. The work of the liver and bowels is also intimately connected with the kidneys' work, and when they refuse to faithfully do their part, the whole system becomes more or less affected, the kidneys are often involved and weakened. Avoid complications that may develop in Bright's Disease. Begin at once the use of Warner's Safe Kidney and Liver Remedy, the tried and true remedy for kidney and liver troubles. It contains no harmful ingredients. If taken in time, you'll notice an immediate improvement, which will continue with its use. Get a bottle from your druggist today in either 50c or \$1.00 size. Free sample if you write Warner's Safe Remedies Co., Dept. 260, Rochester, N. Y.
