

# CHINESE CALL YUAN "ANOTHER HUERTA"

## Chinese President's Picture Is Torn From Wall at Meeting of Six Companies.

### NEW UPRISING PREDICTED

#### Audience Refused to Representative of Nation's Ruler—Failure to Reply to Expense Cablegrams Arouses Ire.

SAN FRANCISCO, July 25.—(Special.)—The picture of Yuan Shi Kai, President of the Chinese republic, was torn up and given to a stormy meeting of the local members of the Six Companies in the Six Companies' hall here last night. Chinamen today bristled with excitement and prominent Chinese predicted that another furious revolution would soon break out in China.

The President of the Chinese republic was denounced as "another Huerta, only worse." It was declared at the meeting that he had taken the office for the six-year term solely for the selfish purpose of lining his pockets with the people's money.

#### Expensive Cablegrams Ignored.

Trouble and discontent among the Chinese in San Francisco, together with other cities of the United States, extending as far East as New York, started three months ago, when members of the Six Companies sent urgent cablegrams to the President of the Chinese republic asking that he do something to improve the conditions among the Chinese in the United States. In San Francisco alone, members declare, more than \$1000 was spent for telegrams to the President within three months. One long and urgent telegram, which never was answered, cost \$400.

It is charged by the Chinese that Yuan Shi Kai willfully ignored them and that he has not their interests at heart or the interest of fellow-Chinese in the republic.

There arrived in San Francisco 10 days ago Chui Quai, the representative of the President of the Chinese republic. He called on the Chinese Consul-General at San Francisco, S. C. Chu, who in turn called on the Six Companies and demanded that members give an audience and a banquet to the President's representative.

#### Meeting on Verge of Riot.

The meeting Friday night of the Six Companies was for the purpose of deciding whether Chui Quai should be received. The meeting opened with a vote showing about two-thirds against according to the demand for ignoring telegrams and insisting the Chinese in the United States. He was accused of being a dictator in dissolving his Congress by methods worse than those practiced by Huerta in Mexico. The name of Huerta was linked with that of Yuan Shi Kai. It was asserted that China faced a situation similar to that in Mexico. At every mention of the President of the Chinese republic hoists and jeers filled the hall. Revolutionary speeches were frequent. Those who first favored receiving the Representative Chui Quai are said to have been won over to the hostile two-thirds.

It was then that the picture of President Yuan was torn from the wall. In the excitement the picture of Li Huen Hong, Vice-President of the republic, was torn to shreds. It was after-ward explained, was a lamentable mistake, as Li Huen Hong had not offended the Chinese in the United States and was popular with all factions in China.

#### Secret Embassary Arrives.

To add to the local ferment Lin Sun arrived here today on a secret mission on behalf of Yuan Shi Kai. For the past few weeks Lin has been in Honolulu quietly collecting information as to the growth of the new political sentiment, and it is said he is to return to his country for the same purpose. On the voyage the Chinese kept to his cabin and on the arrival of the liner made a hurried departure with local agents of the Yuan Shi Kai party. Because of the strong feeling against Yuan Shi Kai in this city Lin, it is said, will keep under close cover, fearing a demonstration against him following on the heels of the new revolutionary delegation which arrived here several days ago from the Far East, the members of which were expelled from China by Yuan Shi Kai, who placed prices on their heads. Lin bears credentials from the Chinese government and his passport was immediately recognized by the immigration authorities. According to reports in China, Lin is one of Yuan Shi Kai's close advisers.

### MINT-OIL PLANT IN VIEW

#### Farm Near Springfield Selected for New Industry.

SPRINGFIELD, Or., July 25.—(Special.)—A plant for distilling oil of peppermint is under construction on the Dugold Campbell farm, two and one-half miles north of Springfield, where Mr. Campbell and O. H. Todd, of Eugene, have 40 acres planted to mint this year. Two vats, each holding 1500 gallons, are under construction here and taken to the farm Wednesday. A still and other apparatus is expected from Michigan soon. Messrs Campbell and Todd expect to get 40 pounds of peppermint oil from every nine acres of mint. Such a quantity would net more than \$1500. Mr. Todd declares the peppermint oil industry is likely to become an important one in Lane County.

### MONACO TO MAKE EXHIBIT

#### Principality to Show Deep Sea Dredging at San Francisco.

SAN FRANCISCO, July 25.—Officials of the Panama-Pacific Exposition were notified today that the principality of Monaco desired reservation of space for an exhibit here in 1915. The building will be a pavilion for the production of one of the hunting lodges of Prince Albert of Monaco.

A feature of the display will be that of deep-sea dredging for scientific purposes, of which the Prince has been a patron for years. Roumania also signified intention to exhibit.

### BLUE SKY LAW "CURE" UP

#### Commissioner Watson to Urge Several Changes in Statute.

SALEM, Or., July 25.—(Special.)—Ralph Watson, corporation commis-

sioner, upon his return from the East today, announced that he would recommend several important changes and amendments to the blue sky law to the next Legislature. He attended the National Association of Supervisors of State Banks at Atlantic City, N. J., which devoted one day to a discussion of blue sky laws with the object of trying to evolve one which might be adopted by all the states. Commissioner Watson says he gleaned valuable suggestions which he will endeavor to have incorporated in the Oregon law. Mr. Watson plans to prepare the changes and amendments in time to present them to the members-elect of the Legislature for consideration before the next session. He thought it a good plan for them to have at least a nucleus upon which to work. The commission has not indicated what the amendments will be.

### GATEWAY TO BE CLOSED

#### RULING AS TO UNION PACIFIC IS REVERSED IN PART.

#### Through Routes Heretofore Provided for Fruit and Lumber Retained With Railway's Consent.

OREGONIAN NEWS BUREAU, Washington, July 25.—The Interstate Commerce Commission on reconsideration today granted the Union Pacific lines permission to close the Colorado gateways for general traffic between exclusive points of that system in Oregon and Washington and points on and east of the Missouri River. This decision is a partial reversal of the recent ruling of the Commission affecting eastbound traffic via the Wallula and Silver Bow gateways. In its opinion today, the Commission says:

"Connections that would ordinarily be entitled to a long haul as original lines on westbound traffic have made no objection to this cancellation of gateways, and the only protestants who have appeared in this proceeding whose interests appear to be prejudiced are shippers of fruit and lumber. As to such traffic the carrier expresses its willingness to retain in its tariffs the through routes heretofore provided. The record shows that the Union Pacific lines afford the shortest route between the Missouri River and its stations in Oregon and Washington, and that it also affords, because of a one-line haul, better service. It does not appear, therefore, that any interest will be adversely affected by the cancellation of the through routes by way of Colorado as applied to the general traffic of the line. The Union Pacific will, therefore, be required to revise their tariffs to remove the routes and privileges heretofore existing on lumber and fruit traffic."

### EXPERT AID IS GIVEN

#### AMERICAN FINANCIER TO BE SENT TO SANTO DOMINGO.

#### Conservation of Finances of Island Republic Believed to Be Key to Threatening Situation.

WASHINGTON, July 25.—Appointment of an American financial expert for the Dominican Republic and an improvement of conditions there are expected to remove the threatening features of a situation which has been promising to force armed intervention on the United States.

Herbert M. Johnston, of Indianapolis, has been designated by the United States and accepted by the Dominican Republic to act independently of the American collector of customs and conserve the finances of the island republic.

With proper management officials believe the country will be able to meet all its obligations. Mr. Johnston, for the last few years, has been in Cuba and was selected for his knowledge of West Indian affairs.

It was said today that American Minister Surran would return to his post. That was taken to dispel all doubt that attached to the Minister's future.

### An Akron Druggist

#### Brought Back to Health By Peruna.

Wm. Vogel, 867 May St., Akron, Ohio, writes:

"I was in the drug business six years in Columbus, Ohio, and was among the unfortunates in that great disastrous flood of the West Side, a year ago last March. Nearly all of the one hundred that perished in that flood were friends or patrons. "Through cold and exposure and improper food during the flood, I was taken with appendicitis and acute intestinal catarrh. In June and July my life was despaired of, but recovered sufficiently to be up and around. My bowels seemed paralyzed. Was compelled to use injections once or twice a day. Could eat no solid food. "The first of last December I decided to try Peruna. My bowels began to move at once, without the use of injection. Peristaltic action began to take place, and have not used an injection since. My appetite improved, and very soon solid foods could be taken. In two months time I gained 15 pounds. Now I am heavier than I ever was before."

Those who object to liquid medicines can now procure Peruna Tablets.

### Check the Symptoms of Lung Trouble

Symptoms of severe lung trouble, such as fever, night sweats and loss of weight, etc., should be checked, or serious results will follow. Sokman's Alternative has brought about many recoveries. Read this: "Gentlemen—Since I was a very young woman I was a sufferer from Bronchitis I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked, I would have Consumption. Miss Priddy Korhammer, who is a friend of mine, recovered after taking your Alternative, and insisted that I try it. I am now, after two years, perfectly well, strong and healthy." (Amidvitt) MRS. ROSA VOELPEL, Eckman's Alternative is most efficacious in bronchial catarrh, acute and chronic, and lung affections and upbuilding the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Sold by the Owl Drug Company and leading druggists. Write Owl Drug Laboratory, Philadelphia, Pa., for booklet of recoveries.
