CADILLAC POPULARITY is a tangible asset to Cadillac owners, not only does it afford them satisfaction to know that a large number of people agree with them that the Cadillac is the best car to buy, but

CADILLAC POPULARITY

means that should they want to dispose of their car it can be done easily and at the smallest possible loss. That means that the Cadillac is not only a good car to own, but that it is the SAFEST AUTOMOBILE INVESTMENT Safest because it can be readily turned.

To the man who wants to enjoy the advantages which the Cadillac affords, but who prefers not to inevest the amount which a new car of that type requires, we recommend a rebuilt Cadillac.

REBUILT CADILLACS are cars which we have taken in trade from our customers, and which have been thoroughly overhauled in our own shops by mechanics particularly skilled in Cad-illac construction. All worn parts are realeced and the cars repainted. They carry our guarantee as regards mechani-cal condition.
