At Mile Post 63 We Commemorate Our
63d Anniversary in Portland and Our 4th Anniversary in New Store

WITH WARRANTED PRIDE we look back upon the 63 years of merchandising triumphs which this store has just passed through, and especially the achievement of our present institution, which stands as a monument to Western progress and enterprise. We reach Mile-Post 63 with all the satisfaction which success can create—grateful, indeed, to the founders for having built upon a foundation of honest, noble ambitions, strengthened by an untiring energy which has steadfastly increased the store's power and accomplished great good in a mercantile way. The Pioneers of '51 point with pride to this magnificent store, which stands alongside the wooded trail where they meandered in the days long gone by. Thanks to those old Pioneers who patronized the store when it was but a cross-roads trading point, and whose influence has extended up to now, and instilled confidence in the great multitudes which, through our aisles at the present day.
