

# MAK COOK WITH AX KILLS 4, MAMMS 5

"Love Bungalow" in Wisconsin  
Scene of Tragedy Marked  
by Fiendish Ingenuity.

## MAN HIDES, IS CAPTURED

Gasoline-Soaked Rug Set on Fire at  
Door and as Victims Emerge at  
Window Slayer Cuts Them  
Down One by One.

SPRING GREEN, Wis., Aug. 15.—A mad cook, armed with a handax, today wrote the last page of the romance of Mammah Bouton Borthwick, formerly Mrs. Edwin H. Cheney, of Oak Park, Ill., whose affairs for five years have been named with those of Frank Lloyd Wright, a wealthy architect and her neighbor.

Mrs. Borthwick and three others were killed, three others were probably fatally wounded and two less seriously hurt. The elaborate "love bungalow" built by Wright for Mrs. Cheney was burned and Julien Carlton, a negro cook, employed by Wright and accused of the crimes, surrendered after a search of several hours had been made for him. He was hurried into an automobile and rushed to the Iowa County Jail.

### Four Dead Are Cut and Burned.

The dead are:  
Mrs. Mammah Bouton Borthwick, cut about the head and neck, her clothing burned.

John Borthwick Cheney, her 13-year-old son, head chopped open, badly burned.

Emil Burdell, 39, draughtsman, cut about head and badly burned.

Martha Borthwick Cheney, Mrs. Borthwick's 10-year-old daughter, cut about head and burned.

The fatally wounded are:  
David Lindblum, a gardener, badly cut about head.

Ernest Weston, farm hand, burned about the head.

Tom Brunkhard, laborer, cut and burned.

The injured are: William Weston, carpenter, cut about neck and burned, and Herbert Fritz, cut and burned, arm broken.

### Bloodhounds Take Trail.

Sheriff Bauer organized the search for Carlton as soon as he learned of the murder. Police dogs were joined with the Sheriff's deputies and bloodhounds were obtained to take up the trail. The men were at first inclined to believe that Carlton had escaped down the Wisconsin River in a canoe.

While neighbors guarded the grounds and the men with the hounds were searching for a definite trace, Carlton crawled from the door of a boiler. He was nearly suffocated from the heat and appeared thoroughly exhausted.

He said he had taken poison, but would give no reason for the crime. Mrs. Carlton had been employed with her husband, was arrested shortly after the tragedy when she was found, dazed, walking along the highway near the house. She denied any participation in the affair.

The negro, who is believed to have become enraged at some rebuke from Mrs. Borthwick, displayed fiendish ingenuity in arranging his victims for the slaughter.

### Door Barred by Blaze.

The nine victims were in the dining-room when the negro lighted a rug soaked in gasoline in front of the door, according to William Weston, the least seriously hurt. This left only one means of egress, a window.

Mrs. Borthwick was the first to put her head through the window to escape the intense heat.

The negro struck her down with one blow, crushing her skull. He dragged the body out and awaited the next. Little John Cheney was the second. His head was split open.

"As each one put his head out," said Weston, "the negro struck, killing or stunning his victim. I was the last. The ax struck me in the neck and knocked me down, but not unconscious. I got up and ran and the negro after me. Then I saw the fire and I knew I was in a bad way. I ran back to the window and I got up and ran. When I looked back the black had disappeared."

Neighbors Rush to Rescue.

By this time the magnificent bungalow was in flames, and neighbors rushed to the place. Carlton was gone, and, although Sheriff Bauer and a posse began a search for him at once, no trace was found.

The fire was confined to the bungalow and when it had been controlled neighbors, many of whom had formerly been bitter against Mrs. Borthwick, joined the posse in searching of the murderer.

Wright had not been here for three days. He left Tuesday for Chicago and ordinarily would have returned tomorrow night. He left for here at once after being informed of the tragedy.

## TONS OF FAT MEN SPLASH

More Than 150 Attend Big Fellows' Annual Convention.

LYNN, Mass., Aug. 7.—More than 150 members of the United States Fat Men's Club, ranging in weight from 385 to 475 pounds, gathered at Nahant recently for a three days' annual meeting. Before having their annual feast of clams and lobster the little fellows took a swim in the ocean.

Mr. and Mrs. C. F. Junkins came from Newark, N. J., bringing with them G. Everett Stackpole of Paterson, secretary of the Fat Men's Club. Miss Ethel Cashman of New York, a guest, was heavier than most of the men.

It was the first convention of the fat men she had ever attended. Charles P. Play in a way intended to show a realization of the important bearing which the great waterway will have on the future development of the Columbia River district.

The program started at 10 o'clock with the blowing of every whistle and the ringing of every bell in the city and on the various craft along the waterfront. Immediately afterward a procession of business and professional men and citizens generally paraded the streets and marched to the corner of Eleventh and Duane streets, where several speeches were made. During the exercises a telegram signed by Senators Chamberlain and Lane and 15 other members of the Senate and House of Representatives was read. It follows:

"To Port of Columbia Commercial Club, Astoria, Or.—As representing in part Congress the states of Oregon, Washington, Idaho and Montana, we commend your enterprise in publicly celebrating the opening of the Panama Canal to the passage of vessels. This greatest engineering achievement of all time brings the nations of the world and their commerce in closer touch

and relationship, and aside from its international importance will do much for the development of the United States and the great territory drained by the Columbia River in particular. We congratulate you."

The following telegram from Theodore Roosevelt was also received:

"To Port of Columbia Commercial Club, Astoria, Or.—I am exceedingly glad to congratulate your body and the people of Oregon and the people of the Pacific Coast generally on the success of your great enterprise. I was only too glad to be of some small service in aiding the construction of the Panama Canal while I was President. Heartly good wishes."
