The above properties are being sold by me on account of having been forced to take them from a certain Trust Company, and as I am not living in the city I have concluded to offer them to the buying public, having every assurance that the goods are attractive to intelligent buyers.

It is true that we have many pessimists in Portland, but sensible men and women know the time to buy property is when it can be had cheap and when everybody is selling.

The eyes of the world are upon, and the longings of millions of people are to be in, the United States, which, under the guidance of our clear-headed, far-sighted, patriotic President Wilson (the cleverest and best President the country has had since the martyred Lincoln), is as certain to grow as that the sun will rise, and cities like Portland must grow also.

No man or woman can make a mistake in buying such properties as the above at the present prevailing prices. These lots will be sold to the highest bidder regardless of company list prices.

I will be at my former office in the Henry Bldg, telephone, Marshall 892, from 9 to 5 each day and will give any information as to terms, conditions, etc., wanted. Inspect the property and be ready with your bids, as we mean to do business.
