Red Parker, of Nebraska, Carries Off Grand Championship at Pendleton.

THIRD DAY DRAWS CROWD

Cowboys, Cowgirls, Racers and Rop ers Awarded Prizes in Great Contest-Sterling Sloan Is Seriously Injured by Bull.

BY ADDISON BENNETT PENDLETON, Or., Sept. 26,—(Special.)—The 1914 Roundup is a thing of the past, which it can safely be said is regretted by all. It has been a wonderful show most wonderfully staged. The management has been as near perfect as at the former events of the kind here, and a little more so. It is well known that the grounds are bet-ter adapted to such stunts than any others, being of the ideal size and the seats so arranged that every person has a full view of everything that

has a full view of everything that takes place.

The weather this morning looked as if there would be no show today, for between 7 and 8 o'clock the rain came down by bucketfulls. However, it soon ceased, the clouds broke away and by 10 o'c. the sun was shining brightly and the afternoon was pleasant, there being a slight chill in the air which was invigorating after the sultriness of yesterday. The track was rather wet when the show began, but an hour later it was in ideal condition. Bull Rider Badly Hurt.

Only one accident occurred today to ar the pleasure. This happened mar the pleasure. This happened shortly after the events started. In the bull-riding exhibitions one of the riders, mounted on Sharkey, a fierce black animal, was unwise enough to hook himself to the saddle. The result was he was trampled by the animal and had his breast badly crushed. Three of his ribs were broken and some of the splinters of bones were forced into his lungs. His recovery seems doubtful. The name of the poor fellow is Sterling Sloan.

Something out of the ordinary occurred when the judges announced that prizes had been awarded to the typical cov firl and typical cowboy of the

cov drl and typical cowboy of the year's Roundup and that Nellie Terney and Fred Spain were the fortunate

ones.

In the cowgiris' bucking contest Bertha Blanchett took first, Fannie Steel second and Minnie Thompson third. In the girls' relay race, a threeday event, Ruth Parton won by 15 seconds. Miss Parton has proved to be a great favorite with the crowds. She is one of the best riders ever seen here. She handles her horses like a regular jockey. In one of the heats today she made a sensational finish that brought one of the best riders ever seen here. She handles her horses like a regular jockey. In one of the heats today she made a sensational finish that brought the audience to its feet with a chorus of wild applause.

Spectacular Riding Seen.

In the pony express race Fred Spain beat Jason Stanley by three seconds. This was also a three-day race. Stanley is the most spectacular rider average.

In the pony express race Fred Spain beat Jason Stanley by three seconds. This was also a three-day race. Stan-ley is the most spectacular rider ever This was also a three-day race. Stanley is the most spectacular rider ever seen in any shows of this character. When he changes horses he does not hold his animal when mounting, he grabs the reins and saddle pommel and races alongside until the horse is at full speed and then swings into the saddle, often going 100 yards before being seated. This wins thunderous applause every time.

One of the sensational finishes of the day was in the squaw race. Com-

the day was in the squaw race. Coning into the stretch three horses were nearly abreast, the fourth 20 yards be-Like a whirlwind came this fourth horse and won by a length.

Of course, the great event of the show was the bucking contest. There were so many contestants that many had to be tried out before the show in the morning. The poorest were elim-inated, which left nearly 40 in the reg-ular competition. It was finally sitted down to the three best, which the judges announced were Lee Caldwell.

Johnny Judd and Red Parker. Nebraskan Champion Buster.

Nebraskan Champion Buster.

These three were given new mounts, as follows: Caldwell on Speedball, Judd on Lightfoot and Parker on Happy Canyon. These were all vicious buckers, but after deliberating some time the judges awarded the first prize to Red Parker, second to Caldwell and to Red Parker, second to Caldwell and the parker, second to Caldwell and the parkers are the parkers are the parkers are the second to caldwell and the parkers are the par

second days. There were a number of vacant seats again today, but per-haps 3000 or 4000 less than yesterday. The managers express themselves as The managers express themselves as being well pleased with the receipts. They will come out something ahead. The show has been a costly one, for they have had a larger and better class of professionals here this year than ever before. The Indian turnout also has been the best they have ever had, both in numbers, number of mounts and trappings. Indeed, the Indian show has been a most wonderful exhibition. Happy Canyon was also a

LINCOLN PRECINCT ELECTS Republican Committeemen Choose S

DAVENPORT, Wash., Sept. 26.—(Special.)—The Republican precinct committeemen of Lincoln County met and selected Samuel P. Weaver, an attornew of Sprague, who was chairman of the Progressive convention two years ago, as chairman, and L. C. Hollister, a lumber dealer of Davenport, as secretary. Ward Jesseph, a banker of Edwall, was elected state committee.

Disportunity is Great Now.

"This is not boom but facts when I state that we in the Northwest are fiving under conditions which favor the development of natural resources such as are found in no other part of the world."

Director Miller appealed to the class that they, especially the seniors, when leaving college, make diversified in-

to send Gertrude Courtney, aged 15, of May Park, an orchard tract subdivision near this city, to the State Fair at Salem next week, to show her display of vegetables. Her exhibit at the Union County Fair excited much favorable comment, but because she is a girl she could not qualify as one of the regular representatives.

HARNEY BOARD IN SESSION

Pleas of Taxpayers for Assessments Are Considered.

BURNS, Or., Sept. 26 .- (Special.)-The Board of Equalization of Harney County has been in session this week, and found the summary of the tax roll as compiled by the Assessor to give the total of \$7.782,225, compared with \$7,695,670 for 1913.

HARVARD GRADUATE IS AP-POINTED TO PREPARE MEN FOR COLLEGE AT Y. M. C. A. NIGHT SCHOOL.

Robert McNair Davis.

Robert McNair Davis, a Port-land attorney, has been chosen by R. C. French, head of the edby R. C. French, head of the educational department of the Portland Y. M. C. A., to serve as dean of a college preparatory school to be operated in conjunction with the Y. M. C. A. night school. This new department is intended to serve men who have never had any high school exnever had any high school ex-perience to prepare for matricu-lation at college and gradually work up to college degrees. Al-ready several lawyers and law students have enrolled in the course. Mr. McNair received his A. B. degree from Harvard. For a time he served as superintend-ent of schools in Bouider, Mont, and later as instructor of his-tory at Harvard University. He has resided in Portland about four years. four years.

filed with the Board an "application for

of High-Grade Timber.

AIRLIE, Or., Sept. 26 .- (Special.)-The railroad of the Valley & Siletz Company, being extended into the timber belts of the Siletz Valley beyond this place, is nearing completion. Work recently was commenced on the co nection between the Southern Pacific track and the new road here. The new line is 13 miles long, and reaches a

time the judges awarded the first prize to Red Parker, second to Caldwell and the third to Judd. So Red Parker, of Valentine, Nebraska, won the championship, which carries with it the prize saddle and \$500 in cash. The second prize is \$150 in cash and a pair of cowboy boots, while the third gets \$100 in cash.

As Parker won the championship last week at Walla Walla he may safely be said to be a real, sure-enough champion. The verdict of the judges was accepted generally as a just one, both here and at Walla Walla. He is a wonderful rider, and no mistake.

Financial Result Plenses.

As to the attendance, it was much better today than either the first or second days. There were a number of vacant seats again today, but performed to the interest of the interest of the market. Probably nothing has come into the market that would equal this timber in quality or, in fact, in average size."

FIRST HOGS MARKETED Hood River Farmer Gets Good Price

and Calls It "Easy Money."

HOOD RIVER, Or., Sept. 26 .- (Special.)-The first fat hogs marketed from the upper Hood River valley were brought to town by J. F. Thompson, a rancher of the district near Parkshow has been a most wonderful exhibition. Happy Canyon was also a happy thought. It is a great show and will be expanded into one still greater next year, for it has proved a great attraction and a big money-maker.

"I bought the hogs last Spring, paying \$8.20 a piece for them," says the dustries maintained, was the sum sub-

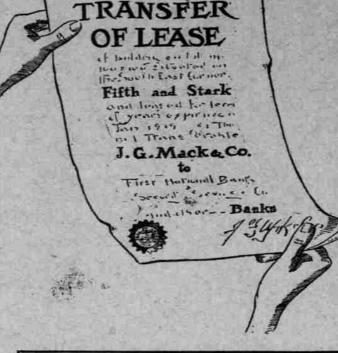

"I bought the nogs last Spring, paying \$8.20 a piece for them," says the upper valley farmer. "They have been running on my alfalfa pasture all Summer, not having had another thing to eat except grain, which was fed the last two weeks to too them off. It is a say money and the good thing."

TO SAVE EYES Is the Object of This Free Presription - Try It if Your

Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor allment, but none for their eye troubles. They neglect their eyes, because the trouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which, after being used two or three months do their eyes more injury than good. Here is a simple prescription that every one should use:

5 grains Optons (1 tablet).

should use:

5 grains Optons (1 tablet).

2 ounces Water.

Use three or four times a day to bathe the eyes. This prescription and the simple Optons system keeps the eyes clean, sharpens the vision and quickly overdemes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes and contains no ingredient which would injure the most sensitive eyes of an infant or the aged. Any druggist can fill this prescription promptly. Try it and know for once what real eye comfort is—Adv.

WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon: apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, sliky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work,—Adv.
