ROAD OPENING POSTPONED

Columbia Highway Not to Be Visited Because of Heavy Rains.

Just when Portland will be able to take a look at the Columbia River Highway, as it is today, is uncertain. It will not be opened officially today by Governor Hart.

This year the Columbia River Highway has been graded, but the surfacing will be done next year. The rain of the past week makes the road impassable in places, and for that reason the opening has been postponed indefinitely.

The next opening day will not be announced by Mr. Keen until he is sure that the weather will be favorable long enough to give Portland people a chance to go over the road.

BIG WALNUT CROP IN SIGHT

Fifty-Acre Grove Gives Promise of Heavy Returns Soon.

DUNDEE, OR., Oct. 3.—(Special)— Charles Trunk and Thomas Prince, of Dundee, have one of the best walnut groves in the Willamette Valley.

The trees are 5, 6, 8 to 9 years old, and are a mixture of seedlings and grafted.

The 8 and 9-year-old trees are bearing heavily and there are a few bearing on the 5 and the 6-year-old trees.

Great care has been exercised by the owners to keep the trees well pruned, and the ground in a high state of cultivation, and to replace all trees that were too early or too late in blooming.

Indications now are that profitable crops will be harvested shortly from the grove.

HIGHWAY WORK UNDER WAY

Stretch South of Toledo Is Nearly Completed.

TOLEDO, Wash., Oct. 3.—(Special)— Work on the Pacific Highway south of Toledo, which has been going on for more than a year, is nearing completion. Gravel has been laid from the Salmon Creek bridge to the top of the hill and the crew is now working between Toledo and the bridge.

To the north of Toledo the first mile of the 10-foot paved roadway is open to traffic and the grading on the additional half mile is complete and practically finished. This will carry the improvement northward across Cowell's prairie to a point north of the school-

house.
