New Has Great Growth of Hair.
Tells How He Did It.

A Western politician, who gained an appreciable growth of hair while campaigning in the war, is a recent addition to the oddities that will be exhibited at this year's Exposition. The growth, which has would rarely occur, is the result of an operation recently performed on him by the hair transplanters. The operation was performed in a small town in the State of Washington, and is said to be the first of its kind in the United States. The growth is expected to reach a height of several inches in the next few weeks.

ELIGIBILITY FOR WHEAT SEEDS

The British government has announced a

ban on the sale of white bread in the United

Kingdom. The ban is due to the scarcity of

wheat seeds in the country, which has

resulted in a significant decrease in the

production of white bread. The ban is

expected to remain in effect until

further notice. The ban is likely to

cause a significant increase in the

cost of living for the British public.
