

VILLISTA TROOPS HOPE FIRE ON NACO

Both Sides Use Machine Guns, but Attackers Seem to Have Heavier Artillery.

YAQUIS WARN OF BATTLE

American Soldiers Patrol Boundary, and Turn Back Wounded Fugitives Who Seek Treatment in Arizona Town.

NACO, Sonora, Mexico, Oct. 3.—Desultory fighting on all sides of the town marked the opening tonight of the attack of Governor Maytorena's Villista forces on General Benjamin Hill's troops who have been entrenched here for a week.

Although both sides are using machine guns, Maytorena's troops seem to have some heavier pieces of artillery than the defenders of the town. American troops patrolled the international boundary and turned back wounded men who sought refuge and medical attention in Naco, Ariz.

Maytorena's troops have been reported as advancing on Naco, Sonora, for two or three days. Bands of men coming down the Arroyos just before dark tonight gave warning that the battle was about to begin.

Hill's forces were defeated last by Maytorena's forces at Santa Barbara, east of here, in an encounter in which a round 100 men were killed or severely wounded.

PEACEFUL SETTLEMENT DUE

Administration Officials Predict Mexico's Troubles Over Soon.

WASHINGTON, Oct. 3.—Advices to the State Department today further assured Administration officials that a peaceful settlement of Mexico's latest difficulties would result from the Aguas Calientes conference, to convene October 5.

Consul-General Hanna at Monterey reported "there appears to be a better understanding between all Mexican officials than before." Consul Silliman, personal representative of President Wilson, telegraphed from Mexico City that the situation there was much improved. The report of General Hanna, now in session at the Mexican capital, he said, would adjourn to hold open caucus with representatives of General Villa, at Aguas Calientes, beginning October 5.

The State Department tonight issued the following statement:

"The department in receipt of official advices from Monterey to the effect that, notwithstanding published reports to the contrary, good order prevails in Saltillo, as well as in Monterey and vicinity. Through trains are reported to be running from Laredo to Mexico City, as well as to Tampico and points south.

"According to reports received today from the Monterey Consular district, General Villa has not interfered with affairs in that section and there appears to be a better understanding between all Mexican officials.

A telegram from the Department's representative at Ciudad Porfirio Diaz says that the best of order prevails throughout the Consular district and that relations between communication is open to Monterey and Saltillo. The authorities are hopeful that a peaceful settlement of difficulties will be arrived at by Villa and Carranza.

Admiral Howard, commanding the naval vessel Pacific, which is en route to Mazatlan had been ordered by the Constitutional government to take possession of the Consular building at Mazatlan. Assurances were received from Mexico City, he said, that no property of civilians would be interfered with.

The Navy department was informed that the battleship Delaware had sailed from Vera Cruz to Tuxpan to relieve the North Dakota. The North Dakota will proceed to Vera Cruz where the Twenty-fourth Company of marines will be embarked for transfer to the naval station at Guantanamo. The battleship will continue north from Guantanamo to Hampton Roads for target practice and routine maneuvers.

The convention at Mexico City, according to reports received here today, yesterday elected Governor Gutierrez, of San Luis Potosi, president of the convention and General Margu, of Coahuila, vice-president. General Obregon was chosen for president-general. General Carranza did not appear personally at yesterday's session, but was represented by proxy; the dispatches said.

The Constitutional agency here announced tonight that Fernando Iglesias Calderon, General Villa's choice for provisional president, would not accept the office unless a convention representing all elements chose him.

TUG CREW FINDS GOLD

SHELKOFF, FROM CANNERIES, CARRIES NEARLY \$5000.

Rich Placer Deposit on Red River Beach Worked by Captain and Men in Spare Time Only.

SEATTLE, Wash., Oct. 3.—(Special).—Gold valued at nearly \$5000, large nuggets worn by the captain, mate, and chief engineer or carried as pocket pieces, and bottles filled with the yellow dust, were brought by members of the crew of the Northwestern Fisheries Company's tug Shelkoff, which reached pier 9 at 2 o'clock this afternoon.

The discovery of a rich placer deposit at Red River Beach, Kodiak Island, in the history of the salmon industry of the North Pacific to be converted into a gold ship. Captain E. Farrer displayed a bottle filled with gold dust and large nuggets which he obtained by panning on the Red River beach in his spare time.

Chief Engineer E. L. Martin and Arthur Hartman, crew of the Shelkoff, also brought big pieces, bottles filled with dust and nuggets carried as pocket pieces or worn as stick-pieces. The Shelkoff lay at the cannery at Uyak all summer and while they were not employed in connection with the work of the plant Captain Farrer, Chief Engineer Martin and others of the crew of the tug made trips to Red River beach, where they panned enough gold to give them a substantial bank account.

Captain Farrer said that all of the volcanoes of Western Alaska were smoking but not emitting ashes. He explained, however, that there were great quantities of volcanic ash on the mountains, and accompanying every sale a great dust storm swept Kodiak Island.

LUTHER ON WAR RECALLED

Reformer Calls Conflict Worse Than Famine or Disease.

COPENHAGEN, Sept. 29.—It may be interesting at this time to recall the words of a great German on the subject of war.

"War," said Martin Luther, "is one of the greatest plagues that afflict humanity; it destroys religion, it destroys states, it destroys families. A war, of course, in fact, is preferable to it. Famine and pestilence become as nothing in comparison with it. Pestilence is the least evil of the three, and two of them, David chose if, willing rather to fall into the hands of God than into those of pitiless man."

Another saying of Luther is not without a certain topical value: "How many fine actions have remained unknown for want of an historian to record them."

FAIR BIG SUCCESS

Despite Rain, Salem Show Expected to Return Profit.

SHRINERS FINAL FEATURE

Exhibits Declared Equal to Those of Eastern States and Grand Championship Prize Goes to Clackamas County.

SALEM, Or., Oct. 3.—(Special).—The best State Fair in the history of Oregon, from the standpoint of exhibits, came to a close tonight. Because of the rain, the attendance was not so large as last year, but it was excellent. It is believed, for the proceeds to meet all expenses.

This was Shriners' day and a large crowd was at the fair grounds. More than 100 Shriners of Al Kader Temple, of Portland, arrived early and joined members of the order from various parts of the state. The Portland delegation was headed by a band and accompanied by a patrol team, which gave exhibition drills on the grounds and in the city. Numerous selections were rendered by the band and the visitors were accorded a merry welcome by Salem Shriners and the Cherrians.

Clackamas Wins Honors. The grand championship prize for the best agricultural exhibit was won by Clackamas County, which also captured first honors in the stock competition in the Willamette Valley division. A \$500 check, offered by the Oregon Electric Company, was presented to the county. It will be placed in the Circuit Court room at Oregon City, O. E. Freytag, in charge of the agricultural and horticultural buildings, said competition among the counties was keener this year than ever before, and that the judges had trouble in reaching decisions.

First prize in the beauty contest was awarded to Marion County, Morrow County winning second honor. Morrow captured first prize in the senior division county class. Multnomah won third prize in the beauty contest.

Spokane Man Practically Regains Control. Rain Cuts Attendance. J. H. Booth, president of the State Fair board, said the exhibits excelled those of other years, and but for the inclement weather the latter part of the week there would have been a new attendance record.

Visitors from other states say our exhibits compare favorably with the big Eastern land shows," said Mr. Booth. "The exhibitors are pleased to have assured us they will come again next year. Though the attendance has been smaller than that of last year, we cut the racing expense and saved in other respects so instead of coming out behind, I believe the count will show we made a little money."

The defeat of J. D. Trenholme, of Seattle, reputed to be Governor Lister's choice for state chairman, was a surprise to the administration Democrats. The election of Fogarty came as a result of the joint efforts of W. W. Black, the Democratic Senatorial nominee, and the Turner forces. In the face of Governor Lister's reported preference for Trenholme, the action does not seem likely to help heal the breach between the Lister and Black forces, which occurred two years ago, when Black, leader in the Democratic primaries for the gubernatorial nomination, was disqualified as the result of the legal action instituted by Lister, Seattle, reputed to be Governor Lister's choice for state chairman, was a surprise to the administration Democrats.

CINCINNATI, O., Sept. 19.—Suit for \$10,000 damages has been filed by Marie Bullock against his father-in-law, Fred Otte, a carpenter and builder, for alleged alienation of the affections of his wife, Edna Bullock.

Bullock complains that in 1911, five months after he married Otte's daughter, Otte began to contrive and connive to alienate his daughter's affections from him and finally enticed her, with their child, to his home to become his housekeeper.

Mrs. Bullock filed suit for divorce and alimony some time ago, and last week in an amended petition alleged that he gave up work as a carpenter at \$24 a week to take a job at \$14 a week as a fireguard at Chester Park

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Ad.
