

GIRLS TO CAN FRUIT AT PRODUCTS SHOW

Linn and Lane Counties Will Send Teams of Young Women Experts.

SPECIAL PRIZES OFFERED

Demonstrations Three Times Daily Will Be Feature of Exposition. Latest Methods Will Be Explained.

Linn and Lane Counties will send two teams of girls to the Manufacturers' and Land Products Show, October 26-November 14, to hold contests and give demonstrations in the art of canning fruit and vegetables for the information of housewives who may visit the exposition.

These teams have appeared at fairs in various cities and at the State fair and have been one of the drawing cards among the many attractions and features of an instructive nature.

Following is the announcement of the work that the young women undertake, which has been sent to Manager Buckley, of the Land Products Show:

"Probably no one subject is of greater interest throughout the state of Oregon at present, not only to the women of the household, but to the men, than the conservation and the modern methods of handling, in the form of canning food products, of such crops, especially tomatoes, corn, string beans and garden truck, fish and meats, giving exhibitions and demonstrations three times daily in a large lunch room at the exhibition, for the benefit of not only the city women, but for the women of the farm.

On these days during the exhibition the domestic science classes of the public schools have promised exhibitions and demonstrations. The fruit canning display has been prepared by berries, blackberries, raspberries, peaches, etc., will be shown by an evaporating company; samples of the cooked and canned fruits will be given out to the public.

CITY IS TO HAVE DISPLAY

Land Show Exhibit to Illustrate Various Activities.

The various forms of municipal activity, with comparative statements showing the differences between the past and the present, will be a feature of the Land Products Show at the Armory. This display has been worked up by the various city bureaus and departments, and has been assembled in an attractive and instructive manner in the direction of officials of the Public Works Department.

The booth is 25 feet long and 12 feet wide, and is located near the city employees. It occupies a space near the main entrance to the Armory building. Supporting a covering which is to be fastened to the ceiling, a full list of all the different styles of signs to be used on the streets. The signs and standards are in red with gilt letters, and are in the shape of a sign.

About the booth will be placards and signs giving facts and figures regarding the various activities of the city government. These things are being prepared by the computers and drafting forces in the city service, and are worked out in attractive design.

The placards show full data and figures regarding the handling of paving during the last 10 years, including the comparative unit cost and the extent of paving operations. The cost of maintaining the various city departments under the councilmanic and commission forms of government is shown by figures taken from the official records.

The public works department makes a complete showing of the special work done during the last year and a half, with comparative figures of the work done prior to that. Designs show the growth of the city from all standpoints and the extent of special work and improvement work in recent years.

Other placards show the finances of the city in detail, giving the comparative tabulations of taxation and other details of the expense end of the city government. These things are shown not only by figures, but also by drawings making comparisons during recent years.

The health bureau has a display showing the results of rigid milk and medical inspection, showing by design the improvement in milk conditions and the decrease in the city's death rate and the decrease in the amount of disease in the city. The figures of the health bureau comparisons with other cities, as regards results and the cost of operation.

Diagrams with figures and drawings illustrate the increase in the amount of water consumed in the city and comparative figures showing the cost of operation in the past 10 years. The same has been provided for the street cleaning and sprinkling bureau and other similar bureaus.

Park development is shown in detail in a series of charts and maps produced by the Park Bureau. The development is shown in Portland and in other cities.

The display is the most complete of its kind ever attempted by the city.

At Any Cost.

(Washington Star.) "Do you think Mr. Clymer will succeed in getting into society?" "Unquestionably," answered Miss Cayenne. "That woman's determination will accomplish anything she keeps her husband practicing society dances till she sprains his ankle."

TEAMS COMPETING IN UNIQUE BUT PRACTICAL CONTEST AT MANUFACTURERS' AND LAND PRODUCTS SHOW THIS WEEK.

Pleasant Hill Club Canning Team

Chemawa Indian School Canning Team

SHOW RECORD DUE

Self Operation Is Aim of Land Products Exposition.

FINANCIAL BASIS SOUND

Guarantee Fund Yet Untouched, Although Outlay on Temporary Buildings Is \$10,000 - War Depression Brings No Halt.

A Manufacturers' and Land Products show that sets a record west of the City of Chicago; a show which includes the first manufacturers' show held in Portland in 15 years; a show that represents more than \$100,000 in the cost of installation of exhibits, preparations for the show, and the Land Products Show which has financed itself and has stood on its own feet from the beginning, will be realized in the great Manufacturers' and Land Products Show which opens in Portland tomorrow, and continuing until November 14.

It was accounted a good achievement two years ago when the Land Products Show was financed through a guarantee fund of \$15,000, and the committee was able to make a return of 100 per cent to the subscribers to the guarantee. But this show has eclipsed in its financing, as it has in every other respect, the show of two years ago.

The show is unique among the great land shows of the West in the fact that it started without a cent of tangible capital, and has paid its way right along without being obliged to draw upon its guarantee fund, says A. P. Bateham, chairman of the finance committee. This has been made possible by the fine sales of space concessions to exhibitors. As soon as the concessionaire was obliged to follow willingly, and, as a result, to day all of the money paid for concessions is available and the show is on solid financial footing.

Besides the space concessions, the show received \$4000 from the county, and it is seldom that you find a designer or decorator who has taken the contract for more than one booth—and into many booths he is putting all his skill and ingenuity, regardless of the expense.

War Depression Bravely Met. "Medals and diplomas ordered this week will amount to 100 in a single item. We have taken out five instances on the show to full value, and in figuring up the money represented in this affair, one must also take into consideration the numerous special attractions that have been provided for practically every day in which the show will be running.

When you are asked to consider the handicap that the committee worked under this year, the facts of the show almost are startling. The guarantee fund had reached a total of only about \$2000 and the space concessions had not yet begun to be purchased, when in the middle of the Summer, the war in Europe began.

"We were almost discouraged at that time and it seemed as though it would be an impossibility to carry the show through, but the committee decided to stick by it. The guarantee fund was now completely and work went on. Space began to go more rapidly and it soon appeared, that in spite of the war

SHOW EVENTS VARY

Programme of Land Products Exposition Nearly Ready.

DAILY FEATURES PLANNED

Principals Decided On but Later Entries Are Awaited—Concerts and Lectures Hold Place of Note.

Although the display of manufactured articles and products of the soil will be foremost at the Manufacturers' and Land Products Show, opening tomorrow night, the entertainment features will be many and varied.

Band concerts in the main armory will be held in the afternoons and Campbell's American band will be at the exposition during the opening week. In the free theater, seating more than 1000 people, lectures will be given almost hourly.

A social programme by some fraternal, business or religious organization will feature each day's events. Many associations plan to parade the business streets, preceding their entertainment at the armory. In addition to their own bands, they will be headed also by the land show official musicians.

Although there are a number of organizations yet to join, the programme for the 20 days is well in hand and special events will come in about the following order: Monday, October 26 - Opening day exercises; President Wilson to open exhibition; Chamber of Commerce night; band concert.

Monday, October 27 - Woolgrowers' Association; State Woman's Press Club; State Sunday School; Oregon Historical Society; Oregon Business Men's League; Williamette Valley day; Friday, October 30 - P. O. E. day; Portland Realty Board. Saturday, October 31 - Old-fashioned festival; Manufacturers' day; Halloween night. Sunday, November 1 - Sacred concert. Monday, November 2 - Oregon Historical Society; Oregon Business Men's League; Monday Musical Club. Tuesday, November 3 - Builders' Exchange; Federation of State of Oregon Industry League luncheon; election returns. Wednesday, November 4 - Parent-Teacher Association; Motion Picture Exhibitors' League; Collinsville School Dramatic Association. Thursday, November 5 - Transportation day; St. John's day; lecture on National forests. Friday, November 6 - Veterans' day; new baby day; German day. Saturday, November 7 - Portland public school; Rotary Club; Recreation and Playground League; T. P. A. and U. C. T. day; O. A. C. day. Sunday, November 8 - Sacred concert. Monday, November 9 - Lark Syne night; Shakespeare Club. Tuesday, November 10 - Society night; Portland Oratorical Society; People's Institute. Wednesday, November 11 - The Dalles day; Portland Ad Club day. Thursday, November 12 - Hood River day; Woodmen of the World; Handel Vocal Society; Monday Musical Club. Friday, November 13 - Chinese day; St. John's day; Scottish societies; Y. M. C. Saturday, November 14 - Closing day; Oregon City day; good roads day.

On the Job. (Baltimore American.) "I was told I would find a game center here." "What's him over there?" "Who?" "The game center—my pointer."

Generous Thoughtfulness. (Washington Star.) "Biggins takes himself very seriously, doesn't he?" "No. His wife and children think he's one of the greatest men alive, and he's too good-hearted not to pose himself as such."

"BE SURE TO VOTE"

Every Minister in City Is to Urge Flock to Attend Recall Polls.

Outgoing Warned Against Congregation to Be Told Victory by New Candidates Will Put Them in Control of City—Peril Seen if Vote Is Light.

Members of the City Commission who have recalled the city auditor Barbur, are to recall and urge all voters to participate in the recall election.

That advice will be given today by ministers in all the churches of the city. The commission wants their flock that victory by the recall candidates over Mayor Albee and City Commissioners Dieck and Brewster would be dangerous in that it would give complete control of the city government to the recallers.

The ministers at a special meeting of the Ministerial Federation arranged to discuss the recall election in their sermons today.

L. R. Alderman, Superintendent of Schools, issued orders to all schools of the city yesterday to urge all voters to participate in the recall election.

According to the instructions, every pupil will be given a copy of a leaflet to discuss with her children the duties of citizenship, putting stress particularly on the duty to vote.

In addition to the instructions, "let the language lesson in the grammar grades be the child's reproduction of this. Finally, let every grade above the first have a citizenship lesson an announcement of Tuesday's election and a short request for every voter to use his privilege. These are to be carried on and discussed. It is understood, of course, that all discussion of the election will be strictly impartial and about the merits of candidates names."

MONDAY, OCTOBER 26, 7:00 P. M.

A special programme, under the auspices of the Portland Commercial Club, Portland Chamber of Commerce, Manufacturers' Association of Oregon and the Northwest Pacific Food Products Assn.

Addresses by Governor Oswald West, Col. David M. Dunne, President Manufacturers' and Land Products Show; Hon. H. R. Albee, Mayor of Portland; A. H. Averill, President Chamber of Commerce; H. D. Ramsdell, President Portland Commercial Club.

PRESIDENT WOODROW WILSON WILL FORMALLY OPEN EXPOSITION BY WIRE Hon W. W. Cotton will preside

Big show open afternoon and evening until November 14. Every day a feature day. Band concerts, free theater, high-class attractions every hour.

25c—One Price of Admission Covers Everything—25c Children 10c

OPEN DAILY FROM 1:00 P. M. TO 11:00 P. M.

First and second choice votes are provided for all positions, but that occupied by Commission Brewster. In his case there are but two candidates and therefore only a first-choice vote. The X in this case should be placed in the "first choice" column after the name of the candidate favored.

WAR PLAYS MANY PRANKS Newlyweds Eat First Breakfast at Soup Kitchen.

PARIS, Oct. 22.—War truly plays strange, fantastic tricks. Who would imagine a newly married couple partaking of their wedding breakfast at a soup kitchen? Yet this is precisely what happened the other day at Belleville, one of the poorer quarters of Paris. In order to cope with the distress caused by the war a soup kitchen has been established in the popular district of the neighborhood of Belleville. In order to cope with the distress caused by the war a soup kitchen has been established in the popular district of the neighborhood of Belleville.

DRY UNIVERSE FORECAST Commander of Division of Prohibition Forces in Speeches at Rose City Rink Says All World Is Aligned Against Saloon.

"The Flying Squadron is after the scalp and the head and the hide and the hoofs and the horns and the tail of the liquor traffic," said Dr. Clinton N. Howard, commander of the second division of the squadron, speaking at the Rose City Rink at East First and East Morrison streets yesterday. Dr. Howard is the commander of the second division of the squadron, and the assaults in the demon rum at yesterday's two meetings, afternoon and evening, at the Rose City Rink, by the third division.

Dry World Predicted. "The world is going dry," said Dr. Howard. "The church is against the saloon, the school is against it, the home is against it, the scientific world is against it, the world of industry, the military world are all against the liquor traffic."

Bridegroom Is Bankrupt. Of course the newly wedded pair instantly found themselves the object of curious and even amused interest in such a company. A marriage breakfast was had at the tables which were just been called up and had to start off in the evening to join the colors. They had been married that morning, and as the bride had the means to provide a meal, they had repaired to the soup kitchen for their marriage feast.

Babies Leave Danger. The babies have been taken out of danger by the Chamber des Dindons at midday, because the "midnettes" have no work and consequently less lunch even than usual. Neither are they used as nurseries for a multitude of babies or as a tramping place for sweethearts.

Smiles Few on Careworn Faces. As evening falls Paris becomes curiously subtle and fugitive. Her landmarks have a way of disappearing into the folds of night, while the daylight still lingers in the skies, the lamplighter is chary with his lamps in time of war, and the moon at that hour is either too young, too old to count as a light-giving factor. The Place de la Concorde is a playground for innumerable shadows and a few vivid searchlights.

Vote to Double Affair. To vote for the retention of Mayor Albee in office the voter should place an X in the word "No" under the name of the candidate. The voter should place an X under the word "First choice" after the name of candidates in the second column of the ballot. While the voter has the option of giving a second choice vote, another candidate it is not necessary. To vote a second choice an X should be placed in the word "Second choice" under the words "Second Choice."

Well-Known Politician Nearly Bald Now Has New Growth of Hair. Tells How He Did It.

A Western politician, well known on account of his baldness and his ready wit, surprised his friends by appearing with a new growth of hair. Many of his friends did not know him, and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the growth of my hair to the following simple recipe, which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 3/4 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."—Adv.
