## \$15,000 Hand-Embroidered French Lingerie, Recent Importations, 20% Lower

Sale Lasts Three Days Only  
Monday, Tuesday, Wednesday  
After That Prices Must Be Restored

Every Woman Must Realize  
the Importance of This Sale

—Monday we make a complete presentation of the latest styles in fine French undermuslins. Designed on wonderful lines that are all harmony, beauty and grace. French lingerie is all hand embroidered by the peasant women of France, who are the finest needlewomen in the world. But since the war was declared these peasant women have taken

the places of the men in the fields and factories, which makes it impossible to secure any more hand-made lingerie from this source for an indefinite period.

—These fine undermuslins, which we offer in a three-day sale, were purchased in the early part of last Spring at "before-the-war" prices, and it will behoove all far-seeing, economical women to anticipate their needs now.

—Here you will find night gowns, combination suits, chemises, corset covers, drawers, skirts, Princess slips, as well as children's drawers, skirts, guimpes and combination suits, that can be purchased in this sale from 79c for a dainty corset cover to an elaborate night robe for \$50.00.
