

NEW MEMBERS WILL APPEAR IN HOUSE

Champ Clark Will Be Speaker, but Underwood's Place Is Yet to Be Filled.

KITCHIN LOOMING LARGE

Henry of Texas Wants Place and Is Favorite at White House, but Is Not Taken So Seriously by Others as by Himself.

OREGONIAN NEWS BUREAU, Washington, Nov. 7.—During the three months of the short session of Congress, Democratic leaders in the House will play considerable inside politics, and it is possible to frame a new slate to put through when the new House of Representatives organizes.

The election of Representative Underwood to the Senate leaves vacant the chairmanship of the ways and means committee, and the holder of that office always is, ex-officio, the floor leader of the majority party.

Claude Kitchin in Line. The ranking member of the ways and means committee, and the man logically in line for the chairmanship when Mr. Underwood goes to the Senate, is Representative Claude Kitchin, of North Carolina, and the probability is that Mr. Kitchin will succeed Mr. Underwood as chairman of the ways and means committee and as Democratic floor leader.

Mr. Henry wants, ultimately, to be Senator from Texas, and he will not on the seat now held by Senator Culberson, whose term expires on March 4, 1917. He realizes that the more prominence he can attain in the House the better will be his prospects for election to the Senate in another two years.

Mr. Henry takes himself seriously, he has not lost sight, even since he was mentioned for Attorney-General just prior to the advent of the Wilson Administration, toward the close of the session in the House.

MISS PANKHURST ON WAY English Suffragette to Attend Conference at Nashville. WASHINGTON, Nov. 7.—(Special.)—Miss Christobel Pankhurst, the English suffragette, accompanied by Mrs. G. H. Belmont, of New York, reached Washington today en route to the National suffragist conference in Nashville, Tenn., next week.

BALTIC PEOPLE WARNED Foreigners on Coast Must Move 40 Miles Inland. BORDEAUX, Nov. 7.—(Special.)—The newspapers of Stettin, Germany, say that all foreigners dwelling on the Baltic seacoast have been notified that they must withdraw within five days to a distance of 40 kilometers (40 miles) inland.

Kitchin Unlikely Underwood. Kitchin loves the combat of debate; Underwood tried to avoid it. With it, Kitchin, when he is in a position to make as polished and as adroit a speech as any member of the House. From long service he is familiar with parliamentary practices and with political tricks, and in some respects he is better fitted for party leadership than is Mr. Underwood, who goes to the Senate.

There are also one or two prizes, such as the Russian volunteer steamer which was captured by the Emden on August 4, directly after the declaration of war and taken to Tsing-Tau.

TOKIO, Nov. 7.—Vice-Minister of the Navy Suzuki, speaking today of the future of Tsing-Tau, said: "While the Russian war continues Tsing-Tau will be administered by Japan. At the conclusion of the war Japan will open negotiations with China."

German Casualties Heavy. An official estimate of the number of Japanese killed in the final assault on Tsing-Tau is 28 killed and 182 wounded. No statement of the German casualties is available, but it is believed they were heavy.

The Minister of War says the lessons learned from the siege were, first, the destructiveness of the new heavy

OREGON HOPMEN IN ORGANIZATION

Salem Man Is Named Head of State Body, Formed for Mutual Benefit. Concerning this scene the story of the play says: "Satisfied Lorenzo is the scoundrel he has been seeking; Sergeant Whitney (Mabel's father) enters Lorenzo's room, pistol in hand. Influenced by the thought-waves sent forth by her former master, Mabel dresses and prepares to leave her room. At the same instant Whitney springs upon Lorenzo and hits him a terrific blow. In her room, Mabel stands as though petrified."

BETTER PRICES BIG AIM

Several Plans Put Forward, but One Giving Corporation Right to Buy Product at Market Price Is Likely to Be Adopted.

SALEM, Or., Nov. 7.—(Special.)—Having as its purpose the safeguarding of the interests of its members the Oregon Hopgrowers' Association was organized here today at a meeting of about 125 growers. It is planned for delegates from this and similar associations organized in Washington and California to meet here the latter part of November and organize the Pacific Coast Association, with which the state associations will become affiliated members.

According to a resolution which was adopted, the association contemplates making an arrangement which will put an end to the contracting of hops and give to the grower the right to sell. It will arrange to advance sufficient money to growers who have not the necessary capital for cultivating and harvesting of crops. Another resolution which was adopted urges all growers to hold their hops of the present year until the organization of the Coast association is completed. It is believed that by doing so better prices than now prevail will be received.

The following officers were elected for the Oregon association: Salem Man Heads Merger. L. H. McMahan, Salem, president; Fred N. Stump, Polk County, secretary; C. A. McLaughlin, of Independence, vice-president; and L. H. McMahan, Fred N. Stump, C. A. McLaughlin, W. R. Kirkwood, of Yamhill County; E. V. Paul, Polk County; J. L. Clark, Lane County; Marion Palmer, Marion County; C. C. Code, Polk County; E. A. Newport, Linn County, directors, to report a set of by-laws at the next meeting to be held in this city November 21.

The board of directors will serve as the Oregon delegation to the meeting to organize the Pacific Coast Association. George Hewlett, vice-president of the Mendocino County Hopgrowers' Association of California, had made the following suggestions for the organization: "An association controlled and managed by Oregon growers. Stock to Be Issued. "Form 1—To issue stock and learn at once the amount of stock the growers will take. "Form two: Issue no stock and fix \$10 as membership fee. A business management organization would consist of one of three plans. "Plan one: The absolute purchase of the growers' hops. Plan two: Growers to deal through a corporation commission basis. Plan three: Same as plan two, with exception that the corporation has the right to buy hops from growers at the market price, returning them to dividends, less a commission to the state organization."

The California association favors the third plan, and it is probable that it will be incorporated in the bylaws of the Oregon association. "THE INVISIBLE POWER" ON Four-Act Drama Underlined for National Theater Today. Students of mental telepathy will reveal in "The Invisible Power," a four-act drama which comes to the National Theater for three days beginning today at noon.

It has to do with a beautiful young girl, daughter of an army officer, who elopes with a circus acrobat, who leads her into the slums, from which she is rescued through the power of thought waves sent forth by an elderly man, who takes her into his home as his daughter, where she, in due time, finds her father. The villain, Lorenzo, apparently succeeds in regaining possession of her for a time, but in the end meets the fate he so richly deserves.

RECALL LAW HAS LIMIT

SCHOOL DIRECTORS NOT SUBJECT, HOLDS OREGON CITY JUDGE. Opinion Based on Inability of Any Official to Receive Petition or to Order Special Election.

OREGON CITY, Or., Nov. 7.—(Special.)—That the recall law did not apply to school districts was the decision of Circuit Judge Campbell today, when he sustained a demurrer in the Jennings Lodge recall case.

The recall law provides that a recall petition shall be filed with the officer with whom a nominating petition would be filed to the grove of the election. The principal point on which Judge Campbell's decision was based was that there is not such an officer in a school district, and, therefore, no one with whom to file a recall petition or no one to call a recall election.

The recall was directed against William Jacobs and Mrs. V. K. Smith, and followed a long and bitter contest between two factions in the Jennings Lodge district. One side was opposed to the district paying tuition for students attending high school in Oregon City, while the other faction favored such a plan. The directors at whom the recall was directed favored paying the tuition.

Last spring a recall petition was circulated in the district and filed with the School Clerk. The petition was ignored and the matter was dropped during the summer months until school opened again this Fall, when those backing the recall procured a writ of the army in this city. The school directors then filed a demurrer, which was sustained today.

TURKEY IS HARD UP

Storehouses Empty, Soldiers Wear Old Uniforms. AMMUNITION IS SCARCE

Germans Have Succeeded Only Partially in Correcting Situation. Military Leaders Promise Glory for People.

ROME, Nov. 7.—Dispatches from Constantinople describe the situation there as outwardly much as it was during the Balkan war. Foreigners are regarded with suspicion and kept to themselves, except in the case of Germans, who may be seen everywhere. German money is so plentiful that it is often accepted as though it were Turkish.

In the cafes the German language is constantly heard and this is true also of places of amusement. The governing classes are described as appearing solemnly confident, but the army is declared to be totally unprepared for war.

Storehouses Are Empty. The storehouses are said to be empty and no commissariat exists. Many soldiers are still wearing their uniforms worn in the Balkan war and the army officers have not all been paid, it is asserted.

There is a scarcity of ammunition, according to the correspondents, who add that since the beginning of the present war the Germans have been trying to overcome these drawbacks and, to a certain extent, have succeeded. They have poured into Turkey German officers, privates, sailors, arms and ammunition, and above all, money.

BELGIANS FIGHT IN CONGO

Fortified Point Taken and Aid Sent British in East Africa. HAVRE, via Paris, Nov. 7.—A report of the operations of the Belgians in the Congo as published in the Courrier l'Armee Belge, says: "Our troops have conducted themselves bravely in the colony of the Congo. A flying column has just taken Kissengele, a fortified point on the bank of Lake Kivu. The troops in their assault on the fort inflicted heavy losses on the enemy."

"A German attempt to take Albertville, on the west shore of Lake Tanganyika, failed. "A Belgian column from Katanga has entered British Rhodesia to aid the British forces from Abereora in an operation directed against German East Africa."

Concerning this scene the story of the play says: "Satisfied Lorenzo is the scoundrel he has been seeking; Sergeant Whitney (Mabel's father) enters Lorenzo's room, pistol in hand. Influenced by the thought-waves sent forth by her former master, Mabel dresses and prepares to leave her room. At the same instant Whitney springs upon Lorenzo and hits him a terrific blow. In her room, Mabel stands as though petrified."

The men battled for possession of the pistol, which Whitney had dropped. Lorenzo secured it and about. Scarcely wounded, the old soldier's hate gives him strength. He twists the revolver from his foe. Slowly he forces him back as he grips Lorenzo about the throat, and finally staggers back from the bed, across which Lorenzo's silent form lies. The soldier endeavors to reach the door. His strength gone, he falls to the floor. "The photograph is of the highest quality and particular attention is given to detail."

AUSTRIANS SAY THEY WIN

Heights Reported Captured and Total of 15,200 Prisoners Taken. LONDON, Nov. 7.—An official statement issued in Vienna and reaching here by way of Amsterdam says: "On the seventh, in the southern war theater, attacks made against the Ottoman army, are the idols of the moment, says one correspondent, who adds: "They have promised the people military glory and certain conquests followed by riches and prosperity through the spoils of war. Ever Pasha already is depicted as the Ottoman Napoleon, but meanwhile, notwithstanding Germany's assistance, the financial necessities are so pressing that a new taxation has been imposed and the salaries of officials, including the diplomats, have been curtailed."

Together with these operations we began yesterday an attack on the position near Kroupant (62 miles southwest of Belgrade). The details cannot yet be published. Yesterday some heavy engagements were attended and 15,000 prisoners, four cannon and six machine guns were taken."

49-YEAR WIFE PLAINTIFF

Oregon City Woman Says Spouse Has Been Drunk 30 Years. OREGON CITY, Or., Nov. 7.—(Special.)—After 49 years of married life, Mrs. Charlotte Guynp has filed a suit for divorce in the Circuit Court here on the grounds of cruelty and inhuman treatment.

The two were married in New York July 17, 1865, and have several children. Gross drunkenness is the basis of the charge against the husband. The wife alleges that he has been an almost constant stuper from liquor since 1884. Every day, she charges, he becomes drunk and each day's intoxication overlaps the next. In ten days he often drinks as many as 72 quarts of beer, she asserts.

Farm Loan Initiative Act Also Passes and Boxing Is Killed. HELENA, Mont., Nov. 7.—Returns from 27 counties, out of more than 60 per cent of outstanding precincts show the woman suffrage amendment and the farm loan initiative act are the only measures submitted at Tuesday's election to pass. Suffrage will have, it is estimated, a majority of about 3500. Boxing was defeated by a heavy vote as was the workmen's compensation act.
