Commemorating the third anniversary of the Rose City Park Club Friday evening more than 200 people gathered at the clubhouse to enjoy a 7 o'clock dinner. In the banquet hall five tastefully decorated tables represented as many localities, namely, the West, Middle West, East, South and Canada, thus classifying the members and guests according to the place of their nativity. W. A. Lovett, president of the club, acted as toastmaster. Ex-Governor Geer, presiding over the Western board, spoke in an enthusiastic manner of the West. Dr. H. G. Parker talked entertainingly of the Middle West, and especially of Minnesota, his birthplace. C. B. Clark, host of the Eastern table, remarked briefly of that section. Dr. Arthur Laidlaw, in behalf of the Canadians, told a genuinely new story. Owing to the crowded condition of the Western table, many fled to the South, which accounted for Frank Schlegel representing that part of the globe. While his complimentary remarks of the warm hospitality of those south of the Mason and Dixon line were apropos, his loyal-

ty to the grizzly bear state was evidenced at the close of the dinner the ballroom was filled with dancers, the bowling alley was well patronized, and many found amusement at the card tables.

DOES CUPID USE A HAIR NET?

Yes indeed he does. At least many times the attention of "the one man" has been caught by beautiful hair. Love stories all tell us of the heroine's beautiful hair because it is one of the features which most attracts men. In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of cantharox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth. -Adv't.
