Give One for Christmas

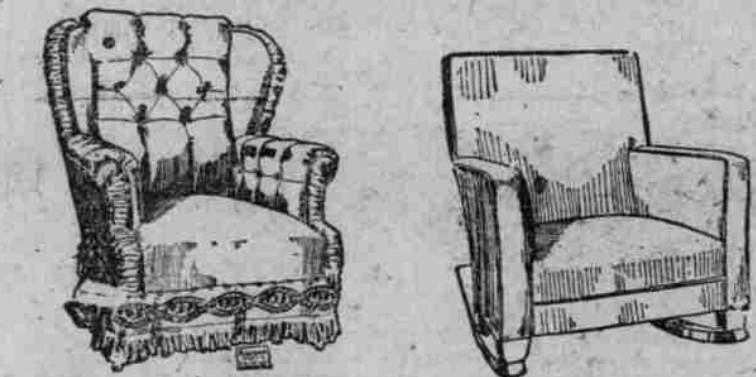

You run no risk whatever in buying Karpén furniture, but you risk everything if you buy unknown brands which bear no maker's name. A piece of Karpén furniture will endure years after the ordinary kind is worn out. It is the furniture you see advertised in the leading weekly and monthly magazines. It is made in the world's largest shops, employing the most skilled artists and artisans in furniture craftsmanship. Every piece bearing the Karpén trademark is guaranteed doubly—by Karpén and by ourselves, and it is the only kind that you can buy with a guarantee.

We suggest a Karpén piece for Christmas giving, for there is nothing more practical, more serviceable or one that will give such lasting pleasure. This is an excellent opportunity for women to purchase gifts to give men of the family and to the best of our knowledge Karpén pieces have never been sold for as little prices as we shall offer them for this week. Come in and make your selections from the tapestry, leather, or denim groups. There is a world of patterns to select from, and all you pay is \$1.00 weekly. We will be glad to hold any piece you select for Christmas delivery if you desire.
