SPECIAL EVENTS AT STOCK SHOW MANY

L. W. Buckley Takes Charge of Special Programme and Opens Downtown Office.

AUCTION SALES ARE SET

Mutts and School Children Expected to Attend Saturday and "Big Brothers" to Assist in Entertainment of Children.

The offices of the special events and publicity department of the Pacific International Livestock Show, which International Livestock Show, which will open tomorrow for one week at the Union Stockyards, will be at room 408 GREAT BRITAIN AND ITALY FIGHT Commercial Club building. Louis W. Buckley, manager of the recent Manufacturers' and Land Products Show, has taken charge of the special days and feature programmes, as well as publicity, for the Livestock Show.

Through the co-operation of many Portland and state organizations, these special days at the show are expected.

Portland and state organizations, these special days at the show are expected to be of more than usual importance. The Order of Muts has taken up the matter of having Saturday for its day at the Show, and as this is also school children's day, the "Big Brothers" probably will see that the children have a good time, as well as an educational feature on the regular programme.

gramme.

N. C. Maris, secretary of the Livestock Show, has been receiving word of a great many entries. One of these said there would be 100 carlots of hogs, and another that there would be seven carlonds of Holsteins from one ection of the state.

Finishing Touches Being Given.

The big tents for housing the cattle will be put up today, rings will be made for exhibit purposes, circus seats erected for the comfort of the

the education of the general public, the older school children, and the merchant and manufacturer of Portland and Oregon, through an illustration of up-to-date methods in rearing, shipping and handling livestock and utilizing the manufactured products. He is of the belief that the livestock industry today and its great benefits to the State of Oregon should be and will be emphasized strongly through the Pacific International Livestock Show. It is free, is conducted without ordinary spectacular show effects, and that each year illustrates its increasing importance to the City of Portland is asserted.

Officers Are Told.

The officers of the Pacific International Diversions of the law to the Department, and added:

"I am directed to issue a proclamation declaring the measure a law forth with upon receipt from the Secretary of State of a certificate of the election returns. "Forthwith," broadly interpreted, means within the reasonable time required to prepare the proclamatic public of the state Department and the Washington today that he was averse to interfering with the operation of the Arizona "50 per cent law," the first provides the means with the operation of the Arizona "50 per cent law," the first provides the means are to interfering with the operation of the Arizona "50 per cent law," the first provides the means are to interfering with the operation of the Arizona "50 per cent law," the first provides the mean are to interfering with the operation of the Arizona "50 per cent law," the first provides the means are to interfering with the operation of the Arizona "50 per cent law," the first provides the mean are to interfering with the operation of the Arizona "50 per cent law," the first provides the mean are to interfering with the operation of the Arizona "50 per cent law," the first provides the mean are to interfering with the operation of the Arizona "50 per cent law," the first provides the mean are to interfering with the deshibition of the Arizona "50 per cent law," the first provides the mean a

VIOLIN RECITAL ARRANGED

Proceeds of Performance by Edwin Cahn for Scamen's Institute.

Seamen's Institute, 125 North Fifth street, Edwin Cahn will be presented in a violin recital Tuesday evening, December 15, in the auditorium of the Lincoln High School.

The proceeds of the recital will be used in carrying on the work of the institution. There has been an expansion in the work and for this reason a heavy demand upon its resources has been made.

The programme has been arranged by the entertainment committee, composed of Mrs. E. H. Roper, Mrs. I. F. Andrews, Mrs. H. Phillips and Mrs. Anna Ovens. Patrons of the affair will be Mayor Albee, Mrs. Robert Livingstone, Mrs. Thomas Erskine, Mrs. C. Henri Labbe, Mrs. Helen Ladd Corbett, Mrs. Albert A. Morrison, Mrs. Walter J. Burns, Mrs. William M. Ladd, Mrs. Peter Kerr, Mrs. Robert Taylor Honeyman, Mrs. Robert Berger, Mrs. William R. Mackenzie, Mrs. Frederick Eggert, Mrs. Roger Hastings, Rev. E. H. Roper is chaplain, Robert Livingstone is president, Peter Kerr is vice-president, and William R. Mackenzie is treasurer.

Crest, on Portland Heights and on King's Heights. Patrolman Stewart reported from Council Crest at 10 o'clock that a veritable blizzard raged there.

A little snow fell in other hilly sections, but did not stay on the ground. Cahn for Scamen's Institute.

In spite of the soggy, cold rain downtown, not even a stray flake was reported in this district.

COUNTY BUDGET COMMITTEE

Satient points in the recom-mendations of the County Ad-visory Budget Committee to the County Commissioners are: Levy of 3.7 mills to raise \$1,192,244.73 for general county, road and library funds. County fund, 1.65. Road fund, 1.6.

Library fund, .45.

Vote on serial bond issue of \$1,000,000 to hard surface Columbia River Highway and other county roads is recommended.

Request is made that Roadmaster Yeon be retained in his present nosition.

master Yeon be retained in his present position.

Purchase of an Armory site and erection of a new county hospital are opposed.

Changes in the state laws af-Changes in the state laws at-fecting county administration are suggested, and the plan of con-solidating city and county gov-ernments is advocated.

visitors, and every effort will be made to provide for handling 50,000 or 60,000 visitors.

The auction sales, together with the judging of various classes of cattle, hogs and sheep, will prove an attraction to breeders, farmers, dairymen and the wool people.

O. M. Plummer, general manager of the Exposition, believes that the greatest good can be accomplished through the education of the general public, the older school children, and the merchant and manufacturer of Portland and Oregon, through an illustration of up-to-date methods in rearing, shipping and handling livestock and utilizing the manufactured products. He is of the belief that the livestock and utilizing the pelief that the livestock are constitution of the general county for the general public, the older school children, and the merchant and manufactured products. He is of the belief that the livestock than one foreignes with the constitution of the united States, but based his protest on the provision in the constitution of the united States, which declares that no states shall "deny to any person within its jurisdiction the equal protection of the laws."

The Italian protest was based on the United States and Italy.

"Are You a Mute"

Coming bedridden patients in a frame hospital building, Mr. Teal suggested that the patients be transferred to the fireproof private hospital buildings on the same basis that the county now pays, \$7 a week for the housing at St. Vincent's Housing at St. Vincent's Housing at St. Vincent's

mittee reminded Commissioner Light-ner quite forcibly of his conviction that Roadmaster Yeon should be re-tained in his present position and the committee formally adopted a recom-mendation that he be allowed to con-tinue at the head of the county road work.

It is understood in Courthouse circles that Mr. Lightner is opposed to the retention of Mr. Yeon as roadmaster. The name of H. B. Chapman, former roadmaster, is mentioned as Mr. Lightner's probable choice for the position. Mr. Yeon was appointed by the votes of Commissioners Hart and Holman and has served nearly one year without pay.
Mr. Lawrence said that Mr. Yeon had
the full confidence of the public and

that the county was morally bound to give him an opportunity to continue his efficient service by completing the Columbia River Highway, which is now two-thirds or three-fourths completed.

Mr. MacNaughton said to change roadmasters would be like giving sev-

COUNTY TAX ASKED

The largest single appropriation in the entire budget, aside from roads, provides for bridges and ferries. Among the expenditures called for are:
For redecking bridges: Hawthorne bridge, \$7500; Morrison bridge, \$6800; Morrison bridge, \$6800; Morrison bridge, for replanking approaches and repairs to decking, \$3000; Morrison bridge, for repairs to decking, \$1500.
On the ground that the regular county census, costing from \$15,000 to \$20, 100,000 to \$20, 100,0

Francisco Fair an appropriation of \$1456 is advised and \$3000 for the Multinomah farm (main division). County Hospital. Indigent soldiers. Board of Relief. County Hospital. Over the fair.

Jail Men.

An allowance of \$8000 is made in the Bridges and ferr budget to feed and clothe the prisoners Mulmomah Fair. at Kelly Butte. In claims it recommends the payment of \$9552.88 for the support of persons received from Mult-nomah County as inmates at the state institution for feeble-minded and of \$8269.18 to Charles Eatchel, who suffered burns from an explosion while in the employ of the county. The committee compliments the su-perintendents of the Multnomah Coun-ty Farm for their efficient and eco-

ty Farm for their efficient and economical management.

Among the more important recommendations made by the budget committee are the following:

The members of the committee have given
much of their time and have labored diligently to eliminate proposed expenditures
which we deemed inadvisable, and have conferred with various county officers and
heads of departments in getting at the facts.
In many cases we have felt that reduction
of proposed expenditures would redound to

heads of departments in getting at the facts. In many cases we have felt that reduction of proposed expenditures would redound to the public good.

We have been confronted with state laws which made provision mandatory for seemingly unnecessary expenditures. It is our opinion that all the state laws affecting expenditures of county funds should be codified and harmonized and that matters of local concern should be left in the hands of those directly interested.

The practice of the Legislature of imposing duties and obligations relating solely to the county should cease, and the establishment by the Legislature of fixed salaries for subordinate officials and fixing arbitrarily levies of taxation for specific county purposes in which the state at large has no concern is indefensible. It is our opinion that if the various laws relating to our county affairs were harmonized and duplication of effort and activities eliminated a large amount of unnecessary expense could be saved.

comment during the past three weeks, the county budget advisory committee by esterday concluded its deliberations by recommending to the County Commissioners that a tax levy of 3.7 mills of the recommendation made by the budget of the recommendation and city governments into one multiple corporation. That a tax levy to support the county fund, the road fund and \$151,200 for the road fund and \$151,200 for the county Library. The total to be tailed, \$1.192,244.73, requires a levy of 3.7 mills, apportioned as follows. County fund, 1.55 mills, road fund, 1.5 mills, and Library fund, 45 mill. Allowance has been made in all the estimates for the respective balances now on hand and the receipts to come in from sources other than taxation.

Levy Shows Reduction.

1 If the County Commissioners adopt the recommendations of the budget the recommendations of the solumbia five highway and other roads in 1915, should be provided by means of a bond issue, payable serially in five to fifteen years, the question of the provided as follows: County fund, 1.5 mills, divided as follows: County fund, 1.5 mills, divided as follows: County fund, and the recommendations of the solumbia five highway, \$255,800, all other to satisfy the budget that a levy of 1.5 mills will be require

the hard-surfacing of the Columbia River Highway and other roads during 1915.

For economy the committee recommends against the numerous applications for increases of salary and against the request that a site be purchased for a new county armory. It also points out that the state should co-operate with Multnomah County in financing the armory when it is constructed.

The committee suggests to the Legislature that it should cease imposing duties and obligations upon the counties, and recommends that the state tlaws relating to county funds be laws relating to county funds be defer any such purchase of a tract of land to be used as a site for a new Armory. We believe it to be the part of wisdom to we defer any such purchase ontil a more pro-

believe it to be the part of wisdom to defer any such purchase until a more propitious time. Moreover, it should be remembered that the maintenance of state volunteers is a state and not a county function, and we see no reason why the entire charge should be cast on a county any more than that a county should pay for the cost of any other state building. Official records show that armories in other counties have been erected at the partfal cost of the state. We feel that this county is entitled to similar treatment whenever in the future it may determine to erect an Armory.

Armory. Detention Home Aided.

We were asked to recommend an appropriation of \$5000 for a cottage for delinquent girls and \$1500 for an isolation hospital at the Frazer Detention Home. We made a special investigation for the needs of the home, and are prepared to recommend an allowance of \$15,175 to be divided as follows: Salary of superintendent and assistant, \$6130; food, medical, miscellaneous supplies and sundry items, \$11,995.

We learned that the title to the land upon which the proposed buildings were to be erected is on certain conditions, and that the home may not be kept there, in which case the improvement would be a loss to the county. We feel that the erection of additional buildings on this land would be a mistake. We also feel that the home should be used simply for the purpose for which it was originally intended; that is, as a clearing-house, and that those sent there should be taken to the places provided for the different charges as rapidly as possible.

Provision is asked for new hulls for the ferry-boats Mason and Webster at a cost of \$6500 each. We recommend one of the new hulls be omitted.

Regarding these two ferries, we beg to suggested the two for the wisdom of eliminating one of them. The two ferries serve largely the same territory, and we doubt if the operation of both is absolutely necessary.

Tax Charge Suggested.

The present system of collecting taxes is Detention Home Aided.

Tax Charge Suggested.

The present system of collecting taxes is cumbersome and unsatisfactory. Instead of an improvement on the former method, the system now in use is a step backward. We wish to reaffirm the recommendation of the budget committee of 1913, that the entire system be revised by the forthcoming Legislature, and that one county office be made responsible for collection of all the taxes. In this connection we commend the present Treasurer. Sheriff and Assessor for the capable manner in which through intelligent co-operation they have met an unsatisfactory condition of the laws.

The memers of the budget advisory committee, who were appointed by the

committee, who were appointed by the County Commissioners, Leo Friede, chairman; J. N. Teal, Frank Klernan, Robert H. Strong, George Lawrence, E. B. MacNaughton and C. W. Hodson, have labored with general problems of county expenditures since November 16. In addition to the nine full evenings devoted to the work since that time the members made personal investigations into the details of nearly every county institution.

Forcing of the basement window by the burglars was an unnecessary procedure as both back doors had been left unlocked.

ANESTHETIC IS REFUSED

institution.

Carl S. Kelty, as secretary of the committee, and County Assessor Reed met with the committee on every occasion. These two men were given the unanimous thanks of the committee yesterday. All served without salary. Following are the recommendations of appropriations to be made for every county department and function for the ensuing year, set forth under headings and numbers:

Large Bridges and Ferrie

BRILLIANT AUDIENCE IN MUSEUM FOR CHAMBER MUSIC TREAT.

Trios by Bohemian Masters Are Features of Programme-New Series to Begin Next Month. *

It was a refreshing musical experience to sit in the quiet—and largely the semi-darkness—of last night in the main studies of the Museum of Fine Arts, and listen to and enjoy the fine chamber music concert by Mrs. Susic Fennell Pipes, violin; Ferdinand Konrad, 'cello, and James Hutchison, piano, assisted by Mrs. Thomas Carrick Burke, piano soloist. The hall was crowded assisted by Mrs. Thomas Carrick Burke, piano soloist. The hall was crowded with ultra and serious musical enthusiasts who came from the educated class that seeks the best and highest in music. They were emphatic and outspoken in their marked appreciation of the instrumental treat.

The occasion may be described as a "Bohemian" night, seeing that the two trios chosen for rendition were by Bohemians, Smetana and Dvorak. Smetana's "Trio in G Minor, op. 15" clearly shows the stamp of Liszt, and is bathed in quiet romanticism. It received a

in quiet romanticism. It received a warm and authoritative rendition. The Dvorak "Trio in G Minor, op. 26" is more Slav in texture, with wilder mood. It was adequately and stirringly

Mrs. Burke was again the cultured piano artist, standing for the quiet and finish of tonal presentation. Her Chopin is delicately fashioned, and there comes Chopin, a hint of gold lace and romance of poetry. She is a tonal magician, too, for the artistic speil she casts over her audience lasts long after the piano notes are struck. The Chopin "Walta, C sharp Minor" is reminiscent of Paderewski, and here the great Pole's piano charm was most deftly caught in its mysticism. Mrs. Burke was enthusiastically recalled, and her extra number was a "Barcarole" by her famous teacher, Leschetiszky. The concert was easily the best of the series.

So successful have been these chamhopin, a hint of gold lace and romans So successful have been these cham-ber music concerts that a new series of them is asked for, and the next course will begin early in January, 1915.

Never again need you buy ice for any purpose. The little machine on top of the refrigerator and the cooling radiator inside have solved this vexing problem.

When equipped with the Germania System of Refrigeration, your refrigerator will preserve food perfectly for weeks in pure, dry air—uniformly cold—at any temperature desired, down to zero.

The Germania System does away with the ice man entirely, and eliminates the many consequences of impure ice. It is impossible for mold to form even on cooked foods in the cold, dry air produced by the Germania System.

The Germania System makes pure ice for the table, freezes ices and

The Germania System makes pure ice for the table, freezes ices and parfaits, and cools the water pipes. The price of installation is \$225 ALL COMPLETE, and the cost of operation is only 6 to 10 cents per

Cold-storage experis agree that meats, vegetables and other foods can be most satisfactorily preserved at a point just above freezing, in air that is uniformly cold and dry, and where the temperature does not fluctuate.

Are you able to maintain a

Are you able to maintain a uniform temperature in your refrigerator? Do you get the temperature as cold as should be?

The Germania System produces dry, cold air by collecting and freezing the natural moisture in the atmosphere. It maintains any uniform temperature desired, down to zero. You can regulate the degree of cold to suit your requirements.

The Germania System, as here

The Germania System, as here illustrated, is based on the same principle used in cold-storage plants, in large packing-houses and in the most modern hotels, where food stuffs must be kept for weeks,—because this system of dry-air refrigeration has been

proved most efficient and most economical for keeping perishable foods in prime condition.

The Germania System is the result of twenty years' effort to produce a simple, compact refrigerating device at a low cost. It can be easily installed in connection with any refrigerator—either on top of the refrigerator or in the basement of the home.

There is nothing to get out of order. Start or stop it by turning a switch. It is literally "feoi-proof." This system is to be operated six to eight hours per day. Our small-size residence machine has a capacity equal to 250 pounds of ice every 24 hours.

We make larger sizes for apartment-houses, hotels, clubs, sanitariums, grocers, butchers, druggists, florists, and all others requiring economical and efficient refrigeration.

How to Neutralize Dangerous Stomach Acids

Stomach Acids

Few people besides physicians realize the importance of keeping the food contents of the stomach free from acid fermentation. Healthy, normal digestion cannot take place while the delicate lining of the stomach is being inflamed and distended by acid and wind—the result of fermenting food in the stomach. To secure perfect digestion, fermentation must be stopped or prevented and the acid neutralized. For this purpose, physicians recommend getting a little bisurated magnesia from the druggist and taking a teaspoonful in a little hot or cold water immediately after eating. They recommend bisurated magnesia because it is pleasant to take, has no disagreeable after-effects and instantly stops fermentation, neutralizes the acid and makes the sour acid, bland, sweet and easily digested.

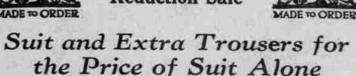

The regular use of bisurated magnesia—be sure you get the bisurated, as other kinds of magnesia are of little value—is an absolute guarantee of healthy, normal digestion, for it overcomes and prevents that acid condition which alone is the cause of trouble—Adv.
