Gutierrez Says Armed Groups Virtually Have Agreed on Details of Plan.

ISSUES REDUCED TO TWO

Washington Believes Strength of Central Conventionists Proved, Without Domination of Any Particular Faction.

ment of "all the armed group" in Mexico by which "the problem of pacification is practically solved" has been reported to the convention in Mexico City by General Gutierrez, according to the State Department advices today from Consul Silliman. Details of the plan were not made nublic.

William N. Marshail, County Auditor. The state has bought \$256,000 of the issue.

The money will be sent here within the next two weeks, it is expected. The second issue of \$150,000 will be signed at a later date, probably some time in March.

The Attorney-General of the State of Washington has passed upon the results.

tails of the plan were not made public by General Gutlerrez, whose statement to the convention was in substance as follows, according to Mr. Silliman's message:

"It may be considered that the problem of pacification is practically solved. As it would be inopportune to publish at this time the decisions recently arrived at, I refrain from giving their details, and must limit myself to the statement that there have been in touch with the government over which I preside all of the armed groups operating in the country.

Washington has passed upon the validity of the Clarke County bonds, only suggesting that a financial statement of the county be sent prior to each issue, so that it could be seen that the county has not exceeded its legal bonded indebtedness.

ussing credentials. Oil Land Decree Explained.

As to the recent Carranza decree in regard to the oil lands, the State Department issued the following: In regard to the oil lands, the State Department issued the following:

"The Department is in receipt of a telegram dated January 5 from Vera Cruz, saying that on January 7 an executive decree was issued by Carranza ordering the development of all the oil lands in Mexico, as well as their operation, to cease immediately, unless such development and operation are earried on with the consent of the constitutionalist government. It is provided in the decree that the work on those oil lands shall remain suspended until there can be enacted new laws governing the matter.

"It is alleged by Carranza that the properties have been operated to the detriment of the nation and to the exclusive benefit of the owners and that the government has been defrauded out of benefits which accrue to it.

Right of Operation Assumed.

"Some of these units have dispatched special commissioners. The demands of these groups have been reduced by them to two propositions. These propositions, which will receive publicity in due time, probably will be satisfied."

According to a statement issued by the State Department, "this announcement is thought to carry with it an intimation of the strengthening of the central conventionist party without the domination of any particular leader or faction." A dispatch dated yesterday from Mexico City said the convention had decided to hold daily sessions and that it was still engaged in discussing credentials.

GENEVA, Switzerland (via Paris).

Jan. 19.—Henri Marteau, the celebrated French violinist, who two years ago left the Geneva Conservatory to replace Joseph Joachim as professor at the Berlin Conservatory, was arrested in Berlin at the beginning of the war, according to information which has just reached here. He has since been confined in a fortress and is said to be suffering ill health.

CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recomment it to anyone having children that suffer as mine did.

Very truly yours,

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous hecause acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are ussless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose in a teaspoonful of bisurated magnetia, a simple antacid, taken in a little warm only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisurated magnesis, which can be obtained from any druggist, and should always be kept handy.—Adv.

ACTION OF SINGLE SPOON-**FUL SURPRISES MANY**

Portland people who bought the sim ple mixture of buckthorn back, glycerne, etc., known as Adler-i-ka, are surprised at the INSTANT effect of a SINGLE SPOONFUL. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-i-ka acts on BOTH upper and lower bowel and ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the games rumble and pass out. The Huntley Drug Company. Fourth and Washington,-Adv.
