

VIM MARKS FIRST WEEK OF ASSEMBLY Start Already Made on Economy Programme in Both Legislative Houses.

BIG ACTS FILED EARLY Session Thus Far Is Not Busiest on Record, but Lawmakers Show Zeal for Effective Work.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—Although the Legislature has been in session only one week, it has made a fairly good start on its programme to eliminate useless expenditures, increase the efficiency in the state government and pass such remedial legislation as at this time seems necessary.

Changes Already Undertaken. Several of the major problems this session will be considered already are before the legislators in the concrete form of bills.

It is certain, however, that there will be a conflict of opinion on how some of these reforms shall be brought about.

It is in accordance with this sentiment that Mr. Himes will ask the Legislature to make the changes he proposes.

USELESS BILLS TO BE KILLED Judiciary Committee of House Opposed to Unnecessary Laws.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—Much time will be saved in the House if the judiciary committee continues the policy practiced in all its recent deliberations of recommending for passage only such bills as are actually needed and killing those that are offered on mere excuse that "it can do no harm."

Consolidation in View. Several definite steps have been taken toward the consolidation of state boards and departments.

Game Fund Center. Another measure by Schuebel, of Oregon City, aims to abolish the present Fish and Game Commission and replace it with a commission composed of the Governor, the Game Warden and two appointed by the Governor.

First Steps Satisfactory. Considering the fact that Monday was devoted in both houses largely to getting organized and that Tuesday was taken up with the inauguration of the Government, members of the present Assembly are well satisfied with the

progress made during the remaining days of last week. The House has 102 bills before it and the Senate 49. All have passed second reading. Most of them are in the hands of committees.

102 BILLS ON HOUSE RECORD Measure to Abolish Fish and Game Commission Introduced.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—Bill No. 100 made its appearance in the House this morning, followed by Nos. 101 and 102.

The 100th bill was introduced by Representative Bowman, of Washington County, and provides for the payment of salaries of state officials monthly instead of quarterly, as at present required.

Number 101 is Representative Schuebel's measure to abolish the Fish and Game Commission and place the game funds in the hands of the State Treasurer.

OLD-TIME SEAL WANTED GEORGE H. HIMES TO ASK RESTORATION OF STATE SEAL.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—Oregon's state seal may be changed by the present Legislature.

George H. Himes, curator of the Oregon Historical Society, has informed Ben W. Olcott, Secretary of State, that he intends to ask a member of the Legislature to introduce a bill to that effect.

A description of the old territorial seal, which Mr. Himes proposes for adoption for the state seal, is in the center of a shield with two compartments; in the foreground a plow; in the distance, mountains; in the upper compartment a ship under full sail; the crest, a beaver; the sinister supporter, an Indian with bow and arrows and a mantle of skins over his shoulder; the dexter supporter, an eagle with wings displayed; the motto, "Alis volat propriis"; the shield surmounted by a crest consisting of a plow and a sheaf of wheat.

It is in accordance with this sentiment that Mr. Himes will ask the Legislature to make the changes he proposes.

Two Dry Measures Up. Neither is there any general agreement on the prohibition question, although it is certain that a measure will be passed strictly in accordance with the provisions of the constitutional amendment adopted by the people at the November election.

"WETS" FACING DEFEAT GOVERNOR DECLARED READY TO VETO SPECIAL ELECTION.

Anti-Prohibition Measures Carry Supplemental Provision, but Signatures Apply Only to One.

OLYMPIA, Wash., Jan. 16.—(Special.)—Governor Lister, it is said by men in close touch with the executive, will use his veto power, if it is held that he has such power, to prevent submission at a special election of any measure designed to amend or repeal the existing prohibition law.

Yotes in the lower house of the Legislature this week showed that, while the "wet" forces possibly may have a majority, even this being uncertain, they cannot possibly hope to muster the two-thirds vote necessary to pass a measure over the Governor's veto.

The Oregon City Commercial Club and Union Oppose Closed River.

OREGON CITY, Or., Jan. 16.—(Special.)—Ed Reckner, Jack Albright and J. W. Erickson were appointed this afternoon by the Fishermen's Union to oppose Representative Gill's bill to close the Willamette River to net fishing.

MR. SCHUEBEL MAKES RECORD Clackamas Representative Has 12 Bills to His Credit.

STATE CAPITOL, Salem, Or., Jan. 16.—Representative Schuebel, of Clackamas County, retains the distinction of being the champion bill producer and introducer in the House.

Both Representative Olson and Representative Huston, of Multnomah, are close behind. They are tied for second place, with 11 each.

Other "constructive and remedial" legislation that will find its way into the hopper within the 30-day period.

D. C. Lewis, the St. Johns legislator, proposes to stay on the job right through the 40 days and 40 nights of the session.

Another pair of "twins" has been discovered in the House. They are Thomas B. Handley, of Tillamook, and William G. Hare, of Washington.

Representative Weeks, of Marion, has introduced a resolution in the House to change the caption under the painted portrait of ex-Governor Chamberlain in the House chamber.

Among the prominent and near-prominent Portland people who have been here in the last few days are Phil Metcham, Jr., M. C. Dickinson, J. Fred Larson, George Holcomb, Harrison Allen and others.

Representative Woodell, the Democrat from Union, has not had his name in the paper all week until now.

of Clackamas, with five. Bowman, of Washington, has introduced four bills and Dillard, of Lane; Ritter, of Umatilla, and Barrow, of Coos, three each.

Anderson, of Wasco, introduced the first bill in the Committee of One Hundred's prohibition bill—and Schuebel has the additional distinction of having the first bill pass both houses.

"I am not trying to make a record by introducing the largest number of bills," says Mr. Schuebel. "The only difference between me and some of the other members is that I came here with my bills all ready. I presented them in the first few days. I don't think I'll have many more."

"On the other hand, I don't believe in the theory of some legislators, who wait until the last moment to introduce a number of bills gets the most effective work done. I believe that so long as extra is 'need for a bill it should be introduced."

The Oregon City Commercial Club through the efforts of the Portland Rod and Gun Club, will come before the fisheries committee Tuesday night, and the legislative committee of fishermen will leave for the capital city that morning.

Schuebel, of this county, is a member of the fisheries committee and probably will be among those to lead the attack on the measure, which the union declares would throw several hundred Oregon City men out of employment every Spring.

The Oregon City Commercial Club today adopted a resolution in opposition to the bill. A copy of the resolution will be sent to each member of the Clackamas County delegation at Salem.

63 Chinese Honor Babe's Birth. SALEM, Or., Jan. 16.—(Special.)—A rich Oriental banquet was held here in celebration of the birth of a child to Dr. and Mrs. Lai H. Yick.

The doctor is well known here, having been a resident of this city for the past 22 years. Last year he was appointed superintendent of the insane asylum and placed the patients of the insane asylum back to their native land.

ESTIMATES MAY STAND COMMITTEE APPROVES MANAGEMENT OF STATE INSTITUTIONS.

Profit Derived From Land Under Cultivation Subject of Investigation. Early Report is Expected.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—That the estimates made by the State Board of Control for appropriations for 1915 and 1916 will not be materially changed, if changed at all, is the belief after the first week's session of the Legislature.

The committee on ways and means of the Senate is probing thoroughly the management of the institutions and has visited the blind school, the mute school and the State Insane Asylum.

After spending today at the latter institution and the cottage farm, an adjunct committee members announced that they were well pleased with the management of all institutions visited and especially well pleased with the management of the insane asylum.

"I am impressed with the institutions and their management," said Senator Hawley, a member of the committee. "I am also impressed with the fact that the last Legislature made no mistake when it created the Board of Control and placed the institutions under its supervision. We found everything in fine shape, and the state's wards are well treated."

"So far as the estimates for appropriations go I believe the Board knew what it was doing when it made them. They are conservative so far as I have investigated."

Senator Day, who is chairman of the committee, is desirous of learning what the actual profits have been from the use of land by various institutions, and has requested the Board to furnish this information.

While the agricultural features have been of great benefit, no effort has been made to determine just what the saving to the state has been.

The appropriation asked for the insane asylum for the two years is \$774,711, and for the past two years it was \$814,353. The population, however, is increasing rapidly and the Board has recommended the erection of a wing to the receiving ward to take care of the increase.

Indications are that the committee will conclude its investigation early next week, and make a report to the Senate immediately.

IMMIGRATION BILL IN HOUSE Favorable Action Expected on Economy Measure.

STATE CAPITOL, Salem, Or., Jan. 16.—(Special.)—The Senate bill providing for the discontinuation of the appropriation for the State Immigration Commission came over to the House this morning and was read for the first time. It probably will go to the committee on judiciary, which also handled it in the Senate.

wasted, so far as good results to the state are concerned.

In a colony of wasps some go out and bring back the food, while others stay at home on guard duty.

DANDRUFF MAKES HAIR FALL OUT 25-Cent Bottle of "Danderine" Keeps Hair Thick, Strong, Beautiful.

Girls! Try This! Double Beauty of Your Hair in Few Moments.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see a new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubtless the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—but that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.
