WETS PLAN TO PAY FOR ELECTION

Heavy Charge on Liquor Is Offered at Olympia to Save State Expense.

RULE EVASION SCHEMED

Proposal to Circumvent Vote on Submission of Bills Discussed. Senate Has Many Authors of Measures and House Few.

OLYMPIA, Wash., Feb. 6.—(Special.)

King Alcohol promises again to take the position of headliner on the bill to be presented by the 14th Washington Legislature next week.

While, on its face, the special election plan would seem barred by the action taken by the Legislature two weeks ago, that liquor men see two loopholes of escape from this conclusion.

Tax Planned to Pay Bill. The other hope of the liquor men lies in the fact that economy was the principal argument used in the Legislature in favor of the anti-special election resolution.

According to a member of the Senate, the plan proposed will be for the present session of the Legislature to levy a heavy excise tax upon all malt and spirituous liquor manufactured or sold in the state.

Vancover Has Jitney Bus. VANCOUVER, Wash., Feb. 6.—(Special.)—A jitney bus from the ferry to the State School for the Deaf and Blind, and points east of the garrison, has started here.

for the prohibitionists last year under the existing law.

While the liquor issue has not raised its head above the surface for two weeks, subterranean rumblings have testified to the fact that it is by no means dead.

The vote by which this state adopted the initiative act last November is interpreted generally as an anti-saloon vote, if not a real anti-liquor vote.

The coming week, the fifth of the session, promises to see the real legislative grind started by both houses.

The House organization is continuing to exercise its influence to discourage the introduction of useless bills.

The Senate is running true to form with its usual large bill production.

Governor Lister has urged the Democrats of both houses to make no attempt to enforce the unit rule in their caucuses.

House Legislature Scheme. A plan for a unicameral state legislature of 15 members, to replace the present two houses with a total of 139 members, is proposed in a bill prepared by Representative Robo, of Snohomish County.

Proposed 15-man legislature would be in session continually, under the Robo plan, each member would draw \$3000 annually, and would serve for six years.

Loss of Money Assorted. The money now made by the net fishermen, it is declared, will be small in comparison to that which the sportsmen with the fish protected will spend there.

Compensation Act Considered. The Senate committee on insurance will consider the Schuebel bill continuing out of the way the House and that body is showing a disposition to do some hard work.

Employes pay no direct fees, but no compensation is provided for minor injuries unless the person is incapacitated for more than 14 days, when compensation starts.
