EAST SIDE.
R. G. HUNTER & CO.,
507 E. Burnside St.
East 6980. East 6980.

I want to ask the public of Portland who are considering purchasing used cars if there is any second-hand establishment who will do for them what I will do before they lay down their money for a car? Will any man selling or trying to sell used cars show you the actual evidence of their condition by exposing them, from headlights to tail light, not ONLY what remains good, but what is defective and in need of replacement? If there is, I HAVE A COMPETITOR.

My CHART system is the first evidence of the car's condition. This is written evidence. Still, I do not ask you to be satisfied, because you may not know enough about a car to understand the CHART. I will then produce the evidence by my "STRIPPING-DOWN" process and lay your hand right on the defective or broken part. You can see and you can feel if there is any part in the machine that is broken. I do not want you to place any confidence in me. This is bad judgment, inasmuch as we are strangers. Do not buy confidence, reputation of the firm, salesman talk, nor make of car and a concocted story of its condition, but buy what you can see and have the value proven to you, just the same as you do any article you want. You do not have to be ignorant of an automobile. There is nothing mysterious about them the way I sell, because I educate before asking for your money. Of course, a man can fill the atmosphere with a lot of technical explanations that would bewilder most any one and they would begin to think that they did not know anything about a car and that the salesman knew it all and that they would HAVE TO PLACE their pocketbook and CONFIDENCE in him in order to buy a machine, but, in place of so much TALK about the car's condition, make them begin to show you some you can see and not waste time and money by listening. Visit my place. I will introduce the whole system that I sell used cars on. No deposits necessary to be paid down after a short demonstration in order to prevent some other mythical buyer cheating you out of a "used car in perfect condition, and as good as new." My cars might not appeal to you, because I do not promise 50 hours of free service nor because I do not say they are BARGAINS, nor guarantee them as good as new, or in PERFECT SHAPE, but I will go on record right here in the newspapers by saying that every car I sell carries value to the extent of 100 cents for every dollar you pay for it, and, furthermore, I will prove this FACT before you pay a penny. Below are some cars you will find on my sales floor.
