BIRD SMASHES WINDOW

Chinese Pheasant Flies Into Vancouver Store.

Fowl Apparently Uninjured, Except for Slight Cut on Leg, After Going Through 5/8-Inch Pane.

VANCOUVER, Wash., March 6.—(Special.)—A Chinese pheasant crashed through a three-eighths-inch glass window Thursday in the front of Shaneling Bros. store, just across the street from the Vancouver Commercial Club, and hid behind the show window. The bird apparently was uninjured except for a small cut on its leg, but its breast must have been bruised, as it took a terrific blow to break through the glass which is 12 by 14 inches in size. Louis Shaneling told P. M. Elwell.

Chinese Pheasant That Crashed Through Heavy Glass Window in Vancouver Without Hurting Itself.

Police Judge, as he passed that a "Chinaman" had broken into his store. "Did you get him?" "Yes, we have him inside now." Mr. Elwell went in to see the prisoner, who was kept in a box. When the pheasant broke the window Mr. Shaneling thought some boy had thrown a rock through the glass and rushed out to capture him. He saw several boys showing surprise, as they, too, had heard the noise, but they denied throwing any rock.

EDUCATOR SAYS STATE SCHOOLS DUPLICATE WORK.

Survey Board and Council to Make Changes, and Separate Institute for Aggies Proposed.

OLYMPIA, Wash., March 6.—(Special.)—Phillander P. Claxton, Federal Commissioner of Education, following an investigation of state institutions of higher education made in connection with the report of the joint legislative committee on education in which he recommends appointment of a survey commission to eliminate conflicting courses at the University of Washington and Washington State College. He also recommends the creation of the State Board of Education to keep these institutions and the three normal schools in harmony.

Nothing is so essential to health in advancing age as keeping the bowels open. It makes digestion better and fresher and forestalls colds, flues, fevers and other dependent ills.

HIGHWAY ENGINEER STAYS

Board Loath to Dismiss J. E. Elliott With Work Nearing Completion.

SALEM, Or., March 6.—(Special.)—At a meeting today the State Highway Commission decided to authorize State Highway Engineer Bowley to continue J. E. Elliott as project engineer in the construction of the Columbia Highway in Hood River County. While a majority of the commission thought it would be better to dismiss Elliott Friday Mr. Elliott had been over-critical. It was considered poor policy to make a change with 75 per cent of the work completed. In case of further disagreements it is probable that a disinterested engineer will be called upon to settle them.
