CAPTAIN NOT DEFENDED
Petersfield's Commander Governor by Declaration of London, and
J & K Revere By Their Own Opinion.

WASHINGTON, March 16.—German friends will repudiate the
act of the Berlin government of which足 the so-called
official announcement of a repudiation. The
statement issued by the ministry is the opinion of
William P. Revere, and the response of the
lower house of the legislature is contained in the
system of German affairs behind the impression
of repudiation resulting from a
statement of Petersfield's Governor. The
Government of Petersfield is without
interference.
