

DR. H. W. COE WILL MARRY THIS WEEK

Bride-Elect Is Miss Elsie Waggoner, Los Angeles Society Woman.

CEREMONY TO BE MARCH 25

Prospective Benedict, Prominent in Business, Civic and Political Circles of Portland, Obtained Divorce Last Year.

Dr. Henry Waldo Coe, of Portland, and Miss Elsie Ara Waggoner, of Los Angeles, were married at the latter city last Thursday. They will take a honeymoon trip to Honolulu and will be back in Portland about May 1 to reside permanently.

Dr. Coe has known the bride-elect for several years, both families having been on terms of intimate friendship during this time. She is young and attractive and is prominent in California society.

The ceremony will be performed at the home of the bride's sister, Miss Bessie Waggoner, with whom the bride-elect has been living. A married sister and husband, who live in North Dakota, together with a few intimate friends, have been invited to be present.

They will visit for a few days at the San Francisco Fair before proceeding to Honolulu. Dr. Coe left Portland last night for Los Angeles.

Dr. Coe has been a resident of Portland for nearly 10 years. He came here successfully in the practice of medicine. Soon after coming here he acquired the medical diploma from a monthly publication devoted to the interests of the medical profession throughout the Northwest. He has been successful in his conduct.

He also has the controlling interest of the Morningdale Hospital in Portland and is active in the management of its affairs.

Several years ago, with W. J. Furnish and others, he engaged extensively in irrigation enterprises in Eastern Oregon and still retains much valuable property there. He also has been active in civic and political affairs and is the National committeeman for Oregon of the Progressive party.

Dr. Coe obtained a divorce a year ago from his first wife, Viola M. Coe. Their principal disagreement was over property interests. They have three sons.

MISS WAGGONER BEING FETED

Bride-to-Be Is Popular in Los Angeles Social Circles.

LOS ANGELES, March 20.—(Special.)—Miss Elsie Ara Waggoner will be the guest of the Warren Elliphalet Rollinses, who will give an at-home tomorrow at "The Lodge," their studio home at San Gabriel, in honor of the young woman who is to become the bride of Dr. Henry Waldo Coe, of Portland, Thursday night. Seventy-five guests are going out to the Rollinses affair, which is really a farewell to the bride-to-be, as she and her husband are to leave at once for Honolulu, where they will spend their honeymoon and go direct to their Northern home on their return at San Francisco. Mrs. Ralph Wiley, a daughter of the host, will assist the Rollinses in dispensing hospitality.

Miss Waggoner and her sister, Elizabeth, the well-known artist, occupy a studio building, Fine Hart Road, Hollywood, and here Dr. Coe and fiancée will plight their troth at a wedding which will be attended by a select circle of friends. Rev. J. Whitcomb Brougher, formerly of Portland, an intimate friend of Dr. Coe, will perform the ceremony.

Miss Waggoner is a beautiful young woman, 26 years old, who has been prominent in the club and social life and the art life of Los Angeles. She is a graduate of the University of Minnesota and was at one time private secretary to the Governor of North Dakota. The past season she was the secretary of the Symphony Orchestra and successful in that post. She has been active in the College Woman's Club and made a hit in amateur theatricals.

Major and Mrs. Kresch of Sierra Madre, were hosts at a dinner on Thursday evening, in compliment to Miss Waggoner, when 14 guests were entertained, augmented by a coterie of the young folks, who dropped in for dancing. A profusion of bridal wreath, combined with purple and white Iris, adorned the board.

Today, at the Jonathan Club, Miss Waggoner was the recipient of a pretty courtesy, extended by Miss Clara Funk of Beverly, who entertained 12 girl friends of the honoree at luncheon. A floral center of violets and red roses beautified the board.

Mr. and Mrs. W. Foley, who have been lifelong friends of the Waggoners, are to do the honors on Wednesday night, when they will give a wedding supper at the Alexandria. Dr. Coe is to come on Tuesday and Mrs. G. A. Rawlings and daughter, Ruth, of Bismarck, N. D., the former Miss March, Elsie's bridesmaid, arrived today. Events are coming thick and fast, quite up to the time of the going away.

A yellow fever epidemic is rampant in the West Indies. Gold baskets of bouquets from which fell bouquets of tulle formed the decorative motif for the event.

FORESTER NOT IMPROVED

Fritz Sethe, Injured March 12, at Stevenson, Still Unconscious.

Fritz Sethe, forester in the United States Service, who was struck by a log while clearing land with a donkey engine near Stevenson, is still unconscious in the hospital at Stevenson.

Patrolman Myers Missing 3 Weeks.

Patrolman Myers has been missing from his home at 110 Johnson street for three weeks. Relatives are concerned for the man's safety. Myers suffered a mental breakdown about a month ago, and was for a time detained in the County Jail. His condition improved, and he was taken home. He vanished shortly afterwards. His brother officers fear that he was drowned in the river during a release.

RECORD CAMPAIGN FOR MEMBERS SET

Every Business Man Expected to Join New Consolidated Chamber of Commerce.

WORK TO BEGIN TUESDAY

City Divided in 210 Sections and in Four Days Will Be Combed by Committees Made Up of Between 400 and 500 Men.

PLANS FOR CHAMBER OF COMMERCE MEMBERSHIP CAMPAIGN.

Members of all committees will meet at a general luncheon at the Commercial Club dining-room at 12:15 tomorrow. Chairmen of each committee are requested to see that all members of their committee are present at that time. Members of the Commercial Club who are not planning to serve in the membership campaign are requested to take their luncheon tomorrow in the ladies' dining room of the club, so that the main dining-room may be free for the committee meeting. Complete outlines of the plan of campaign will be made at the meeting and the members of each committee will be given instructions for the work. The committees will assemble Tuesday morning at 8:45 in the main dining-room of the club to begin the campaign.

Between 400 and 500 active business men of Portland will launch, Tuesday morning, the largest membership campaign ever conducted here, and they expect within the four days that the campaign is to run to procure the membership of practically every business man of any consequence in the city for the new Chamber of Commerce, which has been created by the consolidation of the Commercial Club, Chamber of Commerce, Manufacturers' Association and Retail Merchants' Association.

The plans for the campaign will be announced at a luncheon at the Commercial Club in the main dining-room at 12:15 o'clock tomorrow, at which time all the committees appointed for the membership campaign will be present. The plan, roughly outlined, includes the districting of the entire business portion of the city into 210 sections, each of which is to be assigned to a committee. These districts will be worked thoroughly during the four days of the campaign. The arrangement by districts is such that there will not be any necessity for the workers wasting time going from one part of the city to another, but each committee will confine its activities to a comparatively small radius and will concentrate on a limited number of prospective members assigned to it. The actual work of the campaign will begin at 9:45 o'clock Tuesday morning and will continue until noon Friday. The committees will be assembled at the greenroom of the Commercial Club at 9:45 o'clock Tuesday morning and will there receive their assignment to districts. To each committee will be turned over a list of the cards containing the names and addresses of the men they are to visit, and armed with these they will go directly to work. Mr. Chase yesterday announced there were several committees yet to be filled and volunteers will be welcomed at the Monday meeting. E. L. Thompson is general chairman of the committee.

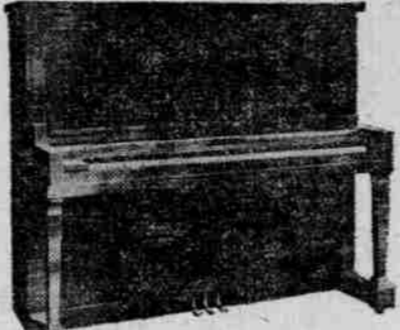

Committees Are Told. The personnel and arrangement of the campaign are as follows:

- Committee No. 1—J. D. Abbott, chairman; W. J. Leonard, A. B. Slauson, Albert Sutton, Edwin A. Robison. Committee No. 2—L. R. Alderman, chairman; E. A. Riggs, L. C. Bratton, C. A. Rice, I. Arnesen. Committee No. 3—George L. Baker, chairman; H. H. Van Deurs, C. E. Robinson, E. M. Bagley, H. E. Noble. Committee No. 4—A. J. Balle, chairman; P. H. Page, H. E. Pennell, Merrill A. Reed. Committee No. 5—Charles F. Berg, chairman; J. A. Carrey. Committee No. 6—W. L. Boise, chairman; Fred W. Tibbels, A. B. Slauson, Albert Sutton, Edwin A. Robison. Committee No. 7—C. D. Brun, chairman; H. M. Haller, Charles R. Archer, H. G. Cotton. Committee No. 8—John H. Burdard, chairman; S. A. Lawrence, Thomas M. McCusker, E. W. Mosher, W. F. Patterson. Committee No. 9—A. J. Capron, chairman; J. E. Weirlein, Edward Boyce, D. T. Bergan. Committee No. 10—O. M. Clark, chairman; R. Boynton, W. H. Crawford, I. N. Day, S. Ban. Committee No. 11—C. C. Colt, chairman;

PAVING PLANT ADVISED

Highway Bureau Chief Back After San Francisco Inspection.

Municipal Production of Asphalt Is Considered Big Success—\$10,000 Project Thought Enough. A big saving in the cost of repairing pavement in Portland can be realized by the installation here of a small municipal repair plant, says Robert E. Kren, chief of the municipal bureau of highways and bridges, who has just returned from a trip to San Francisco. He says they are thoroughly successful. San Francisco now has two plants with a capacity of about 200 loads of asphalt each day. The cost of replacing the top surface of asphaltic pavement is about 60 cents a yard. This includes the overhead expense of the plant and all costs that can be properly assessed against the plant. Portland plants \$1.50 to \$5 a yard for the same sort of replacement, which is a convincing proof of the value of a paving repair plant," said Mr. Kren yesterday. "Portland has at the end of this year there will be under municipal maintenance several hundred thousand yards of pavement. Then the city will face a different problem from its present one, with only 200 yards to maintain. "San Francisco started out in the paving repair business with one plant. It was so successful that a second plant of double capacity was constructed. Both now are being operated. I looked over these plants and gathered much data which can be used by the city in Portland in deciding the question of a plant here. "While I am not prepared as yet to make definite recommendations, I believe a plant costing about \$10,000 would be sufficient for Portland. With that plant I believe the city could handle its paving repair work. I believe the plant in Portland is a success that would soon save the amount of the investment. "It is probable Commissioner Dieck will urge the Council soon the necessity of the plant. It is likely that if the money cannot be raised this year provision will be made for it in the budget of expenditures for next year.

MANY BANKERS COMING

R. G. HOPPER SAYS THOUSANDS WILL ATTEND CONVENTION.

Portland and Other Pacific Northwest Cities to Get Big Share of Fair Travel Later, Planner Says. Raymond Gould Hopper, vice-president of the American Banker, one of the leading financial papers of the country, visited Portland yesterday with local bankers, en route East after making one of his annual tours of the United States. Mr. Hopper came to Portland from San Francisco, where he attended the exposition, having visited the San Diego exposition also. He said the Pacific Northwest west will undoubtedly have its greatest assembly of bankers in history next September, when the American Bankers' convention is held in Seattle, September 8.

HEIRESS HAS NO PLANS

MOTHER SAYS GIRL WHO GETS FORTUNE IS ONLY CHILD.

Dorothy Scott and Parents Happy at Outcome of Montana Litigation Over \$150,000 Estate. "We have made no definite plans for Dorothy's future," said Mrs. Sybil Scott, mother of 16-year-old Dorothy Scott, the Portland girl to whom a court at Butte, Mont., recently awarded the \$150,000 estate of her grandmother, after eight years of litigation with A. J. Davis, a Butte banker. Mrs. Scott and Dorothy returned to Portland Friday night. "Dorothy is only a child and all this talk about her future is silly. She will finish at Miss Catlin's school, which she is now attending, and plans will be made for her when she is old enough to judge for herself what she wants to do. Dorothy was tired and excited after her strenuous trip and was sent immediately to bed upon her arrival. Mrs. Davis allowed no one outside the family to see the child. The girl is the granddaughter of Racheal E. Williams, who, at her death, bequeathed her fortune to the Butte banker. Miss Scott's own father, whose name was Williams, died when she was a baby, leaving her a small fortune. She was much pleased at her good fortune in getting the decision in this case, as were her mother and stepfather, William F. Scott, of the Scott-Davis Holding Company. Miss Scott is an attractive little girl, full of life and high spirits. She still wears short dresses and her hair does not seem anxious to grow up according to her mother. Although an heiress to a large fortune, she is unspoiled and enjoys the sports of the happy, care-free girl. Last year she was a student at Lincoln High school. Argentina is marketing a government bond issue of \$15,000,000.

DR. PARKER TO SUE AGAIN

New Attack in the Spectorator to Be Basis of Action, Says Dentist.

Three days after the jury awarded \$11 damages to him in his libel suit against the Spectorator, a weekly publication, Palmiers Parker announced yesterday that he would file another suit against the same publication on the same grounds. His decision was the result of an editorial published in the Saturday issue of the Spectorator, in which was reprinted the editorial on which Dr. Parker won his first case, and which was headed by another vitriolic editorial under the caption "A Dollar Reputation." Within a few hours after the editorial appeared, Dr. Parker announced through his attorneys, Mannix & Ray, that he would prepare at once to file another suit. "The occasion of the jury in the first case," said Dr. Parker last night, "although the damages awarded amounted to only \$1, could have been regarded as a vindication for me, had the effect been as it should have been, to put a stop to the unwarranted attacks that were being made upon me. "The editor of the Spectorator apparently feels that he got off cheaply and holds the decision of the court against him as something worthy of little respect. In other words, so long as he believes that he can get off cheaply, he has a large degree of contempt for the courts and their decisions."
