

CAMPAGN STARTS TO PROVIDE WORK

Immediate Relief for Destitute Families to Be Procured by Civic League.

500 REPORTED IN WANT

Appeal Made to Churches and Civic Organizations to Assist in Finding Jobs for Heads of Families Without Means.

After a week of investigation into the unemployment situation in Portland by social workers and members of various organizations, a campaign was launched yesterday by the Oregon Civic League to procure immediate relief for the families of workers who are in destitute circumstances. A committee was appointed to take active charge of the campaign, and later in the day a conference was held with the committee representing the Married Workers' Association. Members of the special committee are Isaac Sweet, L. L. Levings, Edwin V. O'Hara, George Baker and Professor A. E. Wood, of Reed College. J. L. English, who is interested in the relief work, also attended the conference.

It was ascertained that about 100 families, totaling about 500 women and children, are in dire distress. There are many other cases where heads of families have been out of work some time and are now without means to pay their rent or procure provisions.

Theaters Are Donated.

For the immediate relief of these cases it is planned to give theatrical entertainments. Manager Baker, of the Baker Theater, and Calvin Heilig, of the Heilig Theater, have agreed to donate the use of their theaters, and it is probable that two entertainments will be given this week as a means of raising funds for the relief of the needy families.

It was pointed out that while immediate relief is necessary, the need of supplying work for the heads of families is equally urgent. To that end the committee is making an appeal to the various organizations in the city, churches and individuals to come to the assistance of the married workers. The Married Workers' Association has investigated 211 cases, and of this number 128 have been investigated by city officials and members of the police department. All these cases are declared worthy of support, and the heads of the families are willing to do any kind of work to earn money for their families.

Organizations Asked to Assist.

Every organization in the city will be asked to appoint a committee to help in finding employment. George L. Baker, president of the Ad Club, and Fred Speer, president of the Rotary Club, yesterday agreed to appoint a committee to assist the presidents of other organizations are expected to name committees by tomorrow. A meeting of all the committees will be held Wednesday at 12 o'clock at the Commercial Club, when a definite programme for the relief campaign will be worked out.

There are hundreds of married workers in Portland who have been out of jobs, due to depressed business conditions, said Mr. Sweet. The same situation exists in nearly every large city in the country, so Portland has sympathizers everywhere. The time has come when we must do our part in procuring relief for the needy. These men are not seeking charity. They want work and it is our duty to find it for them.

Jobs Principal Need.

We urge every organization to get a committee at work at once and find jobs for these men. They are willing to do any kind of work. We want to find work for any number of men or even a single job for one man. The thing to do is to come to their relief. We hope that the various church bodies in Portland will join in the campaign for the relief of these families.

The Married Workers' Association Has Headquarters at 112 1/2 First Street.

Any person wanting work to be done can call there personally or get in touch with officials of the association by telephone. The telephone number is Main 1812. The headquarters will be kept open today and requests for workers will be looked after.

The association has issued blank cards showing various kinds of work, which are to be signed by persons desiring work to be done. The following is a copy of the card: I agree to furnish work to an unemployed married worker who is a resident of Portland, as checked below:

Spading garden.....
Cleaning up vacant lots.....

RELATIONSHIP IS DECIDED.

License Clerk Finds Applicants in Fifth Degree of Consanguinity.

"Are you related to each other?" asked Deputy County Clerk Cochran at the marriage-license counter.

"Well," replied George Horwitz, "my father is her grandfather's brother. You can figure it out for yourself."

Mr. Cochran dismissed the couple with a piece of paper, thoughtfully for a long time, and finally hazarded a guess.

"I guess you are of the fifth degree of consanguinity," he said. Then he granted the license for George Horwitz, 28 years old, 777 Sandy boulevard, to marry Frieda Hurwitz, 20, 1020 Clackamas street.

Later Mr. Cochran confided to his fellow workers that the fifth degree of consanguinity is the relation second cousins bear to each other.

Where is Larch Mountain?

"Where is Larch Mountain?" "Where is this Larch Mountain trail of which I have heard so much talk recently?" These and more are the questions which have been "fired hot and heavy" at members of the various clubs of Portland, especially the Progressive Business Men's Club, which was the prime mover in favor of breaking the trail up this famous mountain.

The club has decided to answer these questions for any who wish to know by inaugurating an excursion to the Oneonta-Multnomah Falls region on Sunday, April 11, that Portlanders and Oregonians in general may get first-hand information on the Larch Mountain country, situated as it is in a region unsurpassed for natural beauty in the United States if not in the world.

Lunch baskets will be checked at Multnomah Falls Station. Chiefs will accompany the party to prepare huge boilers of coffee, which will be served free.

MINISTERS GO TO "MOVIE"

"Desirable Film Allegory Is Verdict of Those Who See 'Hypocrites.'"

On the special invitation of John F. Cordray, general manager of the Peoples Amusement Company, a large number of Portland ministers visited the Peoples Theater yesterday to see a private exhibition of "Hypocrites," a picture which has been running in Los Angeles.

This picture will be exhibited at the Peoples Theater Easter week, and in view of much discussion of the film, Mr. Cordray desires that the ministers be fully informed regarding its merits. In but two or three instances was the figure of the nude Margaret Edwards, who was formerly in the field of objectionable, by far the larger number of those present believing that the picture was a desirable film allegory.

PORTLAND MAN REFUGEE

Missionary Writes of Escaping Raid by Kurds in Persia.

Rev. F. F. Foster, of Portland, who is now a missionary to Persia, with headquarters at Maragha, in the Urmiah district, was compelled to flee from that city a month ago with his wife and four-weeks old baby to escape a raid by the Kurds. This information was contained in a letter received by Rev. H. J. Dirksen, 280 Rodney avenue, who was formerly in the missionary work in Persia.

Rev. Mr. Dirksen was informed that the Kurds were to attack Maragha and he fled to Tabriz. The next day Maragha was captured and partly burned by the raiders.

Rev. Mr. Dirksen, who was in Persia more than two years, gave it as his opinion that that country would not play any great part in the present European war, even should it become involved.

"Persia is practically bankrupt," he said, "and in addition the people are peaceably by nature and know nothing of military affairs. Besides there is no national ambition."

CHINESE TRICKS VAIN

Immigration Fugitive in Toils After Two Flights.

MAN IS FOUND IN LAUNDRY

Hounded by Officers in Portland, Lim Wah Park Fares Worse on Arrival in Chicago—Deportation Decision Appealed.

Lim Wah Park is his name. Though immigration officers had become quite a nuisance to him in Portland, he is now sorry that he left for the eastern coast, and according to information received here, the Government itself, in the persons of Federal aides with state, had prepared a reception for him, such as he did not anticipate.

Johannes B. Brekke, an immigration inspector, stepped up to Lim Wah, greeted him cordially and asked to see his certificate of residence. With a pained look the Chinese declared he had not bothered to provide himself with one, but assured the Federal officer he was "much obliged" to him with all legal rights. The hard-hearted Mr. Brekke took him forthwith to the office of Dr. Percy I. Frontis, head of the immigration bureau at 301 South Washburn avenue. Inspector Brekke stepped into Dr. Frontis' private office to report his capture.

As he stepped in Lim Wah stepped out, or rather, oozed out, and spish house. A woman was scrubbing the steps.

Quickly Lim Wah produced a paper on which was written "909 West Fourth street." By gestures and weird cackling noises he conveyed the idea he wished to reach this address, so the woman directed him.

Lim Wah jumped through the open door and into the house. Out the front door he dashed just as the Federal inspector entered at the back door.

They sped through the house, but the fleet-footed "Mexican" had disappeared. Two days later he was found working in a laundry at the Fourteenth street address. He promptly stuck his head into a tub of soapuds. A la ostrich, but the lynx-eyed Government men saw him and took him back to the immigration bureau headquarters.

"No go," he got lost. Come back—"no find way."

Immigration officials declare he attempted to bribe them on the way downtown.

While the Government officers were seated around a table in conference over Lim's deportation, congratulating themselves that the disappearing Chinese would disappear no more, he strolled nonchalantly to the door. When he reached it he made a break for liberty at top speed, but failed to outrun a vigilant inspector.

Standard Remedy For Many Homes

Indigestion and constipation are two conditions closely related and the cause of much physical suffering. The tendency to indulge one's appetite is general, so that most people suffer at some time or another from rebellion of the overtaxed organs of digestion and elimination. A simple, pleasantly effective remedy that will quickly relieve the congestion of poisonous waste and restore regularity, is the combination of simple laxative herbs with peppin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant, laxative, tonic and digestant, absolutely free from opiates or narcotic drugs, and has been the standard household remedy in countless homes for many years. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 462 Washington St., Monticello, Ill.

GARDEN WORK IS TOPIC

Howard E. Weed Makes Address at Brooklyn School.

In his "City Beautiful" address in the assembly hall of the Brooklyn School Friday night to pupils and parents, Howard E. Weed, superintendent of the school gardens, outlined the modern method of house improvements for the neighborhood. Mr. Weed threw on the screen a series of stereopticon slides, pictures of beautiful homes and railroad stations where small spaces had been made beautiful at little expense. He said he had traveled widely, but never had found a country where climatic conditions were so favorable for making beautiful homes until he came to Portland.

At the close of the address Principal Gary spoke briefly of the city-wide movement to clean up and make every section beautiful, and expressed a hope that Brooklyn district, which had taken the lead in so many things, would not lag in the "City Beautiful" programme. On motion the Brooklyn district was divided into two parts and committees appointed to lead the movement in each section.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Weyth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Every body using this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after a few applications of two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.
