F. R. GOODING MAY **RUN FOR GOVERNOR**

Man Twice Executive Again Mentioned for Campaign Leader in Idaho.

OTHERS ALSO EXPECTED

E. H. Dewey, E. G. Davis and Many Long Active in Republican Affairs Reported to Be in Training for 1916 Battle at Polls.

BOISE, Idaho. May 15 .- The possibility that Frank R. Gooding, twice Governor of Idaho, may decide to throw his hat into the Republican gubernatorial ring is giving many of the party leaders cause to think. While ex-Governor Gooding has made no public utterance that he might take it upon himself to lead the party in the 1916 campaign, those close to him declare they would not be surprised to see

him enter the race.

This, they say, means that he proposes to bury the hatchet as against other men prominent in the party opposed to him as a candidate for United States Senator and work in harmony with them for party success.

Primary to Be Open to All. It is now said by leaders that any attempt to close the primary doors to candidates will not prove a popular diversion. Many of those who strongly advocated repeal of the primary law at the last Legislature are the first come into the open and serve warn-g that the primary must be left

open to all. open to all.

It is uncertain now what action Governor Alexander, Democrat, will take toward becoming a candidate for a second term. During the last campaign he intimated that one term would be enough for him and that during that time he would save the state \$1,000,000. He says he has made good

Mr. Alexander Urged to Run. Recently Governor Alexander has been urged to consider a second term more seriously. He will be urged by his party to run to succeed himself. for even Democrats who are prominent and were opposed to the Governor be-leve that he is the strongest man the

Even should ex-Governor Gooding aspire to sit again in the chief executive's chair he would probably find such men as E. H. Dewey, of Nampa; Captain E. G. Davis, of Boise; C. L. Heitman, of Rathdrum; Lieutenant-Governor Herman H. Taylor, of Sandpoint; ex-Governor John M. Halnes, of Boise; W. D. Davis, of American Falls, and others willing to contest for the honor with him.

It is current here that Captain Davis will be a candidate regardless of all other combinations and that he will stump the state early against the present Governor. E. H. Dewey will, however, probably be urged by many men prominent in the party as the logical man to make the race.

Prohibition Big Issue. Even should ex-Governor Gooding

Prohibition Big Issue.

It can be easily foreseen now, declare those in touch with the political situation in this state, that the main issue in 1816 is going to be one of prohibition. At the general election that year the electors will be called upon to ratify the constitutional prohibition amendment passed by the last Legislature. By that time the state will have tried state-wide prohibition about a year, for the state-wide law goes into effect January 1, 1916

TREE BEARS DOUBLE CROP

Creswell Man Has Prunes and Cherries on Same Plant.

COTTAGE GROVE, Or., May 15.— (Special.)—It is not unusual for fruit trees in the Willamette Valley to produce two crops during a year, but it is unusual for trees to produce two crops at the same time, which is true of some trees owned by J. N. Lindsay, of Cres-well. The fruit in question is Bur-bank prunes and cherries. The crop of prunes is about the size of peanuts to have suffered some blight.

The crop of cherries appears to be perfect. Part will mature about ten days ahead of the remainder.
