#### Aunt Sally's Advice to Beauty Seekers

K. C. F. asks: "Will you tell me how to get my hands white and soft? They have become rough and are so dark in contrast with my arms. The method mentioned in reply to Eloise should prevent soiling the bed linen." D. N. A. writes: "How can I reduce a double chin? Also how get rid of crow's feet? Use a wash lotion prepared by dissolving 1 oz. powdered salicylic acid in 1/2 pt. water. Apply this lotion to the skin, tending to disperse wrinkles as well as flabbiness about the chin or elsewhere." Eloise says: "My freckles are worse than ever this year, made doubly conspicuous by a pallid complexion. Is there any cure?" What is the best for an ounce of mercurized wax, apply liberally like cold cream, removing in the morning with warm water. As the wax gradually absorbs the lifeless cuticle, the complexion will be fresh and healthy. Probably you will need a continuous treatment a couple of weeks or so.—Woman's Realm.—Adv.
