One-third of the fund necessary to maintain the relief work of the Associated Charities throughout the present Summer has been donated by the generous people of Portland in the four weeks during which the campaign has been on.

The total reported from the Charities yesterday was \$1724, and the amount that is to be raised is \$5000.

In view of the difficult conditions of the past year, the response that the people of Portland have made is regarded as remarkable, and the returns on the campaign thus far have been most encouraging. While the returns were very slow during the week of the Rose Festival, there is an improvement in interest that gives promise of large gifts in the remaining weeks of the campaign.

Theodore B. Wilcox has contributed \$100 to the maintenance fund, this being the third gift of \$100 or more that has been sent in since the campaign began.

While the large donors are giving this important assistance, there is also a steady flow of contributions ranging from \$1 to \$10.

While the contributions keep coming in steadily, there is a corresponding pressure of demand from the poor of the city who are in need of relief. The cases the Charities deals with are principally those of widows with children to support, men of family who are suffering from misfortune, or women who have been deserted and are unable to care for themselves.

Examples of the many cases that were handled through the Charities yesterday:

1. Man more than 70 years old, crippled and unable to work; has wife and three children; 16-year-old boy's earnings sole support of family; food badly needed.
2. Man and wife in great need; man is experienced carpenter, but can find no work; not able to pay rent; would like to be caretaker in apartment-house for rent and lodging.
3. Man sick and unable to work; three children too small to work; food and fuel badly needed.
4. Middle-aged woman suffering from dropsy. Arrangements made to send her to the hospital. She is alone in Portland and needs help and someone who will take interest in her and visit her in the hospital.
5. Italian family; man out of work all winter; woman in hospital and children in need of food and care.

D. W. R. & N. FOLK FORM

EMPLOYEES' CLUB IS ORGANIZED ON ELABORATE SCALE.

Large Park for Athletic Grounds and Houses Are Donated by Company Sanctioning Organization.

Permanent organization of the D. W. R. & N. employees' club has been completed and a full membership is to be recruited from persons working for the company in all parts of the Northwest. The new club probably will succeed the Harriman club, which was composed of employees of both the D. W. R. & N. and the Southern Pacific. The recent forced segregation of the business affairs of the two railroads removed the bond of common interest between them, and it was considered advisable to dissolve the club.

The D. W. R. & N. club has the sanction of the officers of the company, and is composed of employees in all departments of the service—shops, general offices and operation. The newly elected officers are: President, H. M. Watkins, assistant auditor; secretary, O. G. Edwards, tax and right-of-way department; treasurer, P. T. Gregory, paymaster's department; vice-president, Ralph Blaisdell, auditor; Harold West, traffic department; Stephen Westover, of the Albina shops, and James Handlan, Albina shops.

A large area of park property belonging to the company in South Portland has been offered to the club free of charge, and now is being converted into club grounds. A golf course, tennis courts, baseball diamond and other athletic grounds are being provided. The property has frontage on the beach and a bathhouse, as well as a clubhouse, will be constructed there.

MONMOUTH GETS READY

Summer School Students May Total 400 This Year.

MONMOUTH, Or., June 19.—(Special.)—Rooms at the girls' dormitory, citizens' homes in this city, and regular dwelling places are reserved for the influx of students to the Summer session of the Oregon Normal School to begin Tuesday, June 22. The correspondence to the Registrar is heavy this week.

"The work necessary for the graduation of the Normal's largest class is cleared away," said President Ackerman. "Now our attention is turned to preparations for Summer school. Class rooms are in readiness, students are given information concerning the courses, and householders are busy preparing to receive the students. We expect 400 before the session ends."

CITY ATTORNEY RULES FUND FOR POLICE MAY BE CREATED.

No Legal Obstacles Are Seen to Prevent Collection of Fees of One and a Half Per Cent of Pay.

There are no legal obstacles to prevent the City Council from creating a police pension fund and exacting from each policeman a monthly fee amounting to 1 1/2 per cent of his salary, according to a written opinion prepared for the Council yesterday by City Attorney LaRoche.

ANNULMENT OF MARRIAGE SOUGHT

CENTRALIA, Wash., June 19.—(Special.)—Blanche I. Heath yesterday instituted suit in the Lewis County Superior Court to have her marriage to Kenneth Heath annulled. According to the complaint, the couple were married in Vancouver, B. C., January 8, 1914, the day after Mrs. Heath secured a divorce in Seattle. The woman alleges that Heath told her that, while a marriage in the United States would be illegal, a wedding in Canada would stand.
