

LEADY CROODS
CHEER KITCHENER

British Public Gives Ovation
and Disregards Critics of
Field Marshal.

"MORE MEN," HE CRIES

Country Described in Better Condition—Sir Edward Carson Says
War Minister Has Absolute
Confidence of Colleagues.

LONDON, July 10.—Field Marshal Earl Kitchener, whose conduct of the War Office has been criticized by certain sections of the British press, received a remarkable ovation from the public Friday on his visit to the London Guild Hall to make an appeal for recruits, and particularly for reserves for the great army he has raised since the outbreak of the war.

From the War Office to the Guild Hall great crowds assembled to welcome the Secretary of War, and as he drove through the troop-lined streets cries of welcome and confidence were shouted at him, while a meeting of business men in the Guild Hall unanimously voted confidence in his administration.

Primary Need Is Men.

The great need of the moment, said Earl Kitchener, was men, material and money. Money, being raised by loans, was a success, he said, and he assured the meeting that the question of material was being dealt with in a highly satisfactory manner by the new Ministry of Munitions. But there still remains the vital need of men, he declared. "Men and more men," he cried, "until the enemy is crushed."

The country is in a better position than it was when the war broke out, and he made his first appeal for recruits, Lord Kitchener declared, but he added, the position was still serious and he made an urgent call for men to fill the gaps which had been made in the ranks of the army.

While at the beginning of the war the British were short of equipment, Earl Kitchener made the statement that now the War Office was able to equip all men enlisting.

Carson Answers Critics.

On moving a vote of thanks to Earl Kitchener, and pledging the Londoners to support him, Sir Edward Carson, the Attorney-General, answered a section of the British press which recently has been attacking the War Minister. He said: "It is enough to say of him that he possesses the absolute confidence of every colleague in the Cabinet, and that he has the absolute confidence and unflinching devotion of a grateful nation. I do not know a poorer service any leader could give his country than to attempt to shake the confidence of the nation in Lord Kitchener."

Sir Edward concluded:

"Voluntary recruiting is now on its trial. Does anyone doubt if it fails that we shall hesitate to apply compulsory service?"

Kitchener Predicts Long War.

The text of Lord Kitchener's speech follows in part:

"Hitherto the remarks I have found it necessary to make on recruiting have been mainly addressed to the House of Lords, but I feel that the time has come when I may, with advantage, make a further appeal to the resources of English manhood."

"Enjoying as I do the privilege of a free man of this great city, I am sure my words, uttered in the heart of London, will spread broadcast throughout the nation."

"When I took up the office I hold I did so as a soldier and not as a politician, and I warned my fellow-countrymen that the war would not be only arduous but long."

"All the reasons which led me to think in August, 1914, that this war would be a prolonged one, hold good at the present time. It is true that we are in an immeasurably better situation now than we were 10 months ago, but our position today is at least as serious as it was then."

The Field Marshal said there had been much talk about slackening the pace of the war, but he said that he had been much talked to by persons who were literally nothing to help the country—but that this should not be exaggerated. He said that the residue of absolute "do nothings" was relatively small.

MILK'S VALUE IS HIGH

QUART DECLARED EQUAL TO NINE OUNCES OF BREAD.

Consumers Told 11 Ounces of Meat, Eight Potatoes, 14 Apples Have No Greater Food Equivalents.

SAN FRANCISCO, July 10.—Milk continues to be an important factor in the beneficial to the trade by A. N. Henderson, chief milk inspector for the Department of Health in Seattle and president of the Milk Inspectors' Association of the United States, at the second and last day of the congress held here by the International Milk Dealers' Association.

A paper by Professor H. L. Russell, dean of the College of Agriculture of the University of Wisconsin, was read on the best safeguard for the milk supply of a large city. He said: "It is a long way from the old pour-out process of can delivery of milk to the modern method of in-bottle pasteurizing, but the price of fresh milk to the consumer has not advanced anything like what it has for other products."

"Too few consumers ever realize how much actual food is contained in fresh milk compared with other food products. Based on actual nutritive elements, ounce of good, fresh milk equals nine ounces of bread, three-fourths of a dozen eggs, 11 ounces of steak, eight average sized potatoes, 16 oranges, nine bananas or 14 apples."

The newspaper was characterized as the best medium for advertising the trade in a paper written by C. E. Potter of Toronto.

TAX FIGHT TO BE RESUMED

Railroads to Revive Issue Before Washington Board.

OLYMPIA, Wash., July 10.—(Special.)—When the Washington State Board of Equalization convenes in September, the five large railroad systems operating in this state, the Northern Pacific, Great Northern, O. W. R. & N., Milwaukee and Spokane, Portland & Seattle, will appear before it to resume their fight started in 1913 for lower valuations.

Agents for these roads have been for months past in nearly every county of the state, securing data in regard

to sales of real estate, comparing the sale prices with the assessed valuation in an effort to show that private property is assessed at a lower ratio than the railroad property. Tax Agent Charles A. Murray, of the Northern Pacific, sought this week to have the State Board of Equalization check these data officially, but was told that the board had no funds for this purpose, and was invited to have the court auditors certify as to the correctness of the figures.

In 1913 a similar attempt was made to obtain redress by the same group of railroads, and when requests were refused successively by the State Tax Commission and the Board of Equalization, the matter was taken to the Supreme Court. The court only recently gave a final decision, adverse to the railroads.

No fight of the magnitude of that of 1913 and no suits were attempted last year.

LINE STOCK TRANSFERRED

Twohy Bros. Get Control of California & Oregon.

Formal transfer of the stock of the California & Oregon Railroad Company by the present owners to Twohy Bros. was completed Friday at a meeting in Portland Friday.

The company proposes to build a railroad from Grants Pass, Or., to Crescent City, Cal., and recently Twohy Bros., of Portland, agreed to finance the project and build the road.

The company has incorporated for \$5,000,000. It has an authorized bond issue of \$5,000,000, of which the people of Grants Pass recently purchased \$200,000. This money was used in building ten miles of road westward from Grants Pass. Twohy Bros. now are engaged in extending this line five miles and probably will have this portion of the project completed this year. Meanwhile they are running lines over the remaining distance in the hope of being able to begin actual construction work all along the line early next Spring.

FIRE BLIGHT IS SERIOUS

Marion County Court Aids Fruit-growers Fight Pest.

SALEM, Or., July 10.—(Special.)—The Marion County Court Friday promised to cooperate with the fruitgrowers of the county in the extermination of fire blight, the most serious of all diseases which attack pears and apples, and sometimes prunes, and which has been discovered in the vicinity of Salem.

Paul Wallace, William Walton, ex-Mayor, Lachmann, Charles L. McNary and Fruit Inspector, Courtis, explained to the court the seriousness of the disease and the damage that would result should it become entrenched. Mr. McNary is president of the Salem Fruit Union and has made a study of the blight.

The county courts of Benton and Lane counties are putting forth heroic measures to eradicate this disease.

GRESHAM WILL ENLARGE

City Council Authorizes Annexation of Adjoining District.

GRESHAM, Or., July 10.—(Special.)—At the meeting of the Town Council last night orders were taken towards the hard-surfacing of some of Gresham's streets. Robert Avenue, from Powell to Second, and Second street, from Roberts Avenue to Main street, will be hard-surfaced. The matter of width and kind of pavement will be decided by the property owners on the streets to be improved.

A petition, largely signed, asking that property on the east, north and west boundaries of town be annexed, was read. This would add about 100 acres to the limits of the city. An election on the annexation will be held as soon as the property owners in the new district guarantee the expenses of the election.

MAIL ON SHIP IS RIFLED

Thief, With Key, Obtains \$2000 From Registered Letters.

SEWARD, Alaska, July 10.—Part of the contents of the mail pouches from Fairbanks, Chitina, Cordova, Valdez and Seward were taken, when the registered mail on the steamship Alameda, which was on her first trip southward in June, according to new disclosures made here today. It is asserted that the thief had a key to the pouches.

The robbery was not discovered until the ship reached Seattle, when it was found that about 100 packages of registered mail, estimated to be worth \$2000, had been stolen. The losses on the contents of the other pouches are not known here.

WIFE SUED IN 2 MONTHS

Desertion After Refusal to Deed Half Property Is Alleged.

VANCOUVER, Wash., July 10.—(Special.)—Though married less than two months, since May 15, Morris R. Griffith is suing his wife, Alice Griffiths, for divorce.

Griffiths alleges that the day after they were married his wife demanded of him that he deed her half of his property, and he refused. Then she told him she was going to leave him and began to nag him on every occasion, telling him she did not enjoy the company of anyone except women. While he was away she took most of the household goods away and left the home without his knowledge.

PUBLIC AUCTION JULY 16

Representative Johnson to Speak at Sale at Vancouver.

VANCOUVER, Wash., July 10.—(Special.)—Representative Albert Johnson will speak at the big monthly public auction to be held at Fifth and B streets in this city July 16.

At these auctions the public has the privilege of taking to the market any property that is disposed of, and auctioneers will get the highest price the public will bid.

Johnson is coming to Vancouver to address the Clarke County Veterans Association, which will hold its annual encampment at Orchards July 15 and 16. He will also be in contact with the public from the auctioneers' stand.

NAVAL MILITIA ARRIVES

Washington Contingent Reaches San Francisco on Albany.

SAN FRANCISCO, July 10.—The naval militia of the State of Washington, 209 in number, with 16 commissioned officers, arrived off the Panama-Pacific Exposition Friday on the United States training ship Albany, in command of Lieutenant George A. Alexander, United States Navy.

Shortly after their arrival Lieutenant Alexander and Captain W. Andrews, of the Albany, were received by Rear-Admiral Pond on board the flagship South Dakota.

GERMAN TRENCHES
TAKEN BY ALLIES

Anglo-Prussian Shell Duel
Lasts Two Days, Then
Teutons Fall Back.

FRENCH MAKE YARDAGE

Berlin Admits Failure to Recapture
Lost Burrows, but Announces
That "Remnants of British
Stores at Arras Destroyed."

LONDON, July 10.—Further British gains north of Ypres, where the British on July 6 captured 200 yards of German trenches, are reported in a communication last night from Field Marshal Sir John French, Commander-in-Chief of the British expeditionary force in the western war theater.

General French says that after a bombing duel lasting two days and nights, the Germans fell back, enabling the British to extend their gains. All reports, says the Field Marshal, indicate that the German losses were severe. The text of his statement follows:

"Since the successful enterprise north of Ypres, reported in the communication of July 6, the enemy has made repeated attempts to retake his lost trenches. All his counter attacks have been repulsed, and the British cooperation of our own and the French artillery."

French Make Advance.

This morning, after a bombing duel which lasted two days and nights, the enemy fell back along the canal, enabling us to extend our gains. In addition to the prisoners already reported, we captured a machine gun and three trench mortars. All reports indicate that the enemy's losses, particularly in his attempted counter attacks, have been severe.

The French official report today declares that an advance of 700 yards on a front of 600 yards has been made in the Vosges, where the French took prisoner 19 officers, including one battalion commander, two doctors and 767 men, all unwounded and belonging to seven different battalions. The capture of a cannon, two machine guns, several bomb-throwers and much ammunition also is reported.

The bombardment of Arras by the Germans and an encounter with mines in the Champagne district also are described.

The Berlin official report today admits failure to clear the French from the trench section lost by the Germans on Wednesday near Soches, but reports the capture by storm of several lines of French trenches extending over a width of 350 yards in the forest of Le Pretre, together with 250 prisoners and four machine guns.

Berlin Admits Evacuation.

Berlin also admits that the Germans were forced to evacuate the trenches on the top of a hill near Bando-Sap, in the Vosges. This is presumed to be the point referred to by the French report recording an advance and the capture of a considerable force of men.

A report from Berlin also says that the "remnants of the British army" stores at Arras have been destroyed by the German bombardment and fire, and that as a consequence the British artillery has been compelled to change position.

HUERTA DECLINES BAIL

EX-DICTATOR IS REMOVED UNDER
GUARD TO FORT BLISS.

Demeanor Is Quiet as He Protesta He
Will Not Waive Rights—Associates
Are Released on Bond.

EL PASO, Tex., July 10.—General Victoriano Huerta, wanted preliminary hearing on charges of conspiracy to violate the United States neutrality laws late Friday and was held under \$15,000 bonds for the Federal grand jury at San Antonio December 20. He declined to furnish bond and was removed to Fort Bliss, where he will be guarded by Deputy United States Marshals.

Immediately Generals Ygnacio Bravo, Eduardo Casas, Jose Delgado and Enrique Corosteia and J. R. B. Ratner waived preliminary hearing and all excepting Bravo furnished bond to appear in Huerta's trial. The bonds of General Bravo, who is 82 years old and who has served 60 years in the Mexican army, was released on his personal authority. The bonds of the others, which had been fixed at \$15,000 each, were reduced. General Bravo's bond was fixed at \$2500. The others were required to furnish bonds of \$5000 each.

Huerta explained to J. B. Oliver, Victoria's Commissioner, that he declined to give bond and was willing to be confined at the fort. He protested, however, that he did not wish to waive any of his rights. He said that his attorney explained that by waiving his preliminary hearing he was not prejudicing his case.

Huerta's demeanor in court was quiet, contrasting to his demonstrative appearance when committed last week. His six days' close confinement appears not to have affected his health.

LABOR MEN PLAN PICNIC

Annual Parade and Celebration May
Give Way This Year.

Instead of the annual Labor day celebration this year it is probable that organized labor will center its efforts in the picnic to be held at Crystal Lake Park on August 15.

The meeting last night failed to take action on the controversy between the Portland Union and the theatrical managers. The musicians have complied with the council's request to withdraw their demands for a sliding scale, and although the musicians propose to present another such scale, their plans have not been presented officially to the Labor Council.

STREET EXTENSION IS PLAN

City to Attempt to Obtain Burnt-Over Factory Site.

An effort will be made by the city to obtain for street the area which will be the time of the construction of the

Standard Box & Lumber Company on the East Side was occupied by Water street from East Ash street to East Ankeny street, and Ankeny street from East First street to the harbor line of the river.

The streets were vacated and turned over to the abutting property owners. It is planned now to start proceedings for street extensions to reopen the street. The box and lumber company building on the ground recently vacated streets will connect with the Municipal dock.

SAN DIEGO SHOOTER BEST

Charley Julian Takes Pacific Coast
Trap Tournament Honors.

SAN DIEGO, Cal., July 10.—Charley Julian, of San Diego, won the preliminary handicap in the Pacific Coast trapshooting tournament today, with a score of 98 out of 100. W. G. Warren, of Tonopah, Nev., and Milt Barber, of San Diego, tied for second place, with 97 each. Warren won the shoot-off, giving Barber third.

Charley Spencer, of St. Louis, and I. Reid, of Seattle, were high professionals in the regular events at 100 birds. Spencer had an unfinished run of 44 from yesterday. He ran the program straight, having scored 100 and run of 144. Reid broke 98 in the same 100 targets. These two men are tied for high average, each having five down in 250. High average is based on 25 targets.

TACOMA MAN IS KILLED

Tragedy Results From Attempt to
Shoot Chicken-Stealing Cat.

TACOMA, Wash., July 10.—(Special.)—Jerking his rifle down from a hook in the basement yesterday, intending to shoot a cat that had been molesting his chickens, George L. A. Forck, 129 East 1st street, was shot through the head and died a few hours later at Tacoma General Hospital.

Mr. Forck had been feeding his chickens when he saw the cat creeping around the yard. He rushed for the rifle, and the next moment a shot rang out. When Mrs. Forck reached the basement she found her husband unconscious on the floor, blood streaming from his head.

Mr. Forck was 59 years old. Besides the widow, two sons survive.

AVIATOR'S MOTHER IS HURT

Couple Narrowly Escape Death
When Biplane Goes Dead.

SAN FRANCISCO, July 10.—Art Smith, the aviator, and his mother, Mrs. James Smith, of Fort Wayne, Ind., had narrow escapes from death at the Panama-Pacific Exposition Friday when the engine of Smith's biplane went dead at an estimated altitude of 2000 feet.

Smith immediately began to spiral and volplane down, but when about 100 feet from the ground it became evident that he would not be able to descend to his customary landing place.

The aviator dropped to the rough ground near the waterfront. The machine skidded some distance into a fence. Mrs. Smith received a few minor scratches. Smith was uninjured.

BUGGLARS ATTEMPT ARSON

Men Rifle Home in Owner's Absence
and Try to Burn It.

The home of man named Dayton, at 430 Cottage Place, was entered Thursday night by burglars, who attempted to burn the house after they had rifled it according to a report filed Friday night by Patrolmen Freilberg and Montsch. The burglars entered the house through a window and strewed the fragments around the building and tore up a number of books, the police say. A pile of papers, valued at \$100, was scattered about a fire, were found under a box on the back porch.

The house is away in the harvest fields, so the police were unable to learn the extent of his loss.

COAST ROAD SOON ENDED

Newport Highway Nears Completion
Save Few Hundred Feet.

NEWPORT, Or., July 10.—(Special.)—The road up the coast from Newport will soon be completed with the exception of a few hundred feet across the Ocean View property, which is owned by the Fitzpatrick estate and on which the military academy is located. Military Academy, Portland, holds an option.

The Fitzpatricks object to a road running in front of their property, and have given a lease to the county for a road over their land about a quarter of a mile back from the ocean. Although the authority to proceed to proceed, Commissioners Hunt and Wakefield have decided to do nothing until the court reconvenes in September.

STRIKER IS ARRESTED

Brewery Worker Is Charged With
Selling Liquor Without License.

WILMINGTON, Del., July 3.—Dennis J. Lynch, a striking brewery worker, was held for a further hearing on a charge of selling liquor without a license. It is alleged that since the brewery strike has been on, Lynch has been taking orders for beer from out-of-town brewers and has been collecting the money.

It is held that under the law this constitutes a sale of liquor. The strikers will fight the case, for the reason that one of their weapons has been to get saloons to take beer from other places instead from the breweries of the city, where the places of the strikers have been filled.

Southern Train Held Up.

MONTGOMERY, Ala., July 11.—The Louisiana & Nashville's New York and New Orleans limited train was held up and robbed shortly before 2 o'clock this morning by four masked men south of Greenville, Ala., 40 miles south of Montgomery.

Conductor Phil McEae, of Montgomery, was killed by one of the bandits.

Industrial School Girl Escapes.

SALEM, Or., July 10.—(Special.)—Lois Wilson, 16 years old, committed from Portland three months ago, today escaped from the State Industrial School for Girls. The girl was sent to the garden about 3:30 o'clock to gather vegetables, and was missed about an hour later. She is believed to have gone to Portland.

W. K. Kellogg Better.

TANANA, Alaska, July 10.—W. K. Kellogg, a well-known breakfast food manufacturer of Detroit, Mich., who was taken ill on his arrival at Fairbanks, two days ago, was feeling much better when he arrived here today bound for Dawson City. He was out

CROP COST INVESTIGATED
Agricultural Department Pays Most
Attention to Cotton Growing.
ATLANTA, July 3.—For the first time an accurate report upon the cost of crop production in the South is being compiled. Last Fall when the crisis occurred in the cotton market President Wilson sent to the United States Department of Agriculture for information as to the actual cost of the production of cotton.
Beyond the general figures of a farm survey made in Sumter County and a similar survey made in the Mississippi delta, both surveys having been made last year, there were no figures available upon which an estimate of the cost of the production of the cotton crop might be based. The result of this was a systematic plan to obtain figures showing the cost of the production of the South's greatest crop.
The investigation to obtain the necessary data had proceeded but a short way when it was discovered that the production of cotton and other crops are so closely interrelated that to get figures upon cotton it was also necessary to compile a detailed report upon the cost of production of all other farm crops. Therefore there are now trained men working in certain areas in the South collecting and compiling data upon all crops raised in the cotton belt. Work was begun last February in South Carolina, and it was thus the discovery made that a report upon all crops was necessary. Representative areas have been selected in the various cotton states for the purpose of gathering the information.
The plan of arriving at the cost of cotton production is to take 100 farms of a certain area for investigation. The expenses of all other crops of the farm business for the previous year are taken as a basis for the investigation. The days of mule and man labor, all the various and special costs are itemized and distributed among the products of the farm.
In the various surveys made in the

The Doctor's Advice
of Dr. Lewis Baker
The questions answered below are general in character, the symptoms of diseases are given and the symptoms will apply in any case of similar nature. Patients are further advised free, may address Dr. Lewis Baker, College Hill, College-Hillwood Sta., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address of patient, and full name of doctor or physician, will be used in my answers. The prescriptions can be filled at any drug store or wholesaler. Any druggist can order of wholesaler.
Three-grain codonine tablets are most effective and highly recommended. Start using them now, and in a short time you should feel fine and better than you ever did.
"Mary G." asks: "How may I increase my weight? I am very bony and angular looking. I eat plenty but it does not seem to nourish my system."
Answer: The most satisfactory and healthful treatment to increase your weight, you will find in the use of three-grain hypo-nuclean tablets. Taken with your meals, they cause proper assimilation of the food, and in this way nourish and tone the tissue and cells of the body. They should be taken for several months.
"Worried" writes: "I have constant headache and backache, my feet swell and I am tired all the time. My eyes look weary, my face is yellow, my urine is very little and of bad odor. My blood seems to be turning to water. I am quite worried, as I seem to get worse all the time."
Answer: Five-grain arbutone tablets are highly endorsed as safe and sure flesh reducers. I have recommended them to you for use for some time and they have given perfect satisfaction.
"Too Fat" writes: "Since I have gotten so stout, I don't feel well and I tire easily. I want to reduce my weight but surely."
Answer: Five-grain arbutone tablets are highly endorsed as safe and sure flesh reducers. I have recommended them to you for use for some time and they have given perfect satisfaction.
"Worried" writes: "My condition is worrying me. I am only thirty, and up until a few months ago never knew what it was to feel tired or worn out. Now the feeling of fatigue never leaves me. I've lost my backbone, have a shortness of breath and feel almost exhausted and wholly without ambition. Frills on my neck and back, and the back of my head and spine. What will give me up and make me strong, so that I can meet social and business requirements?"
Answer: You need a good tonic to build up your blood and soothe and strengthen your nerves; something to restore your energy and overcome the weariness and make you a man again.
