HOOSIERS HOLD PICNIC Children Romp at Festivities at Peninsula Park.

Peninsula Park rang with the echoes of "On the Banks of the Wabash," sung by the Indiana State Society about the picnic table last night. Early in the afternoon scores of playful children had donned bathing suits and risked about the tanks, while adults over the ground their little brothers and sisters played ball and various games.

A large red Indiana banner was hung on the trees and a delegation of Portland people stood guard most of the afternoon to greet and introduce new arrivals. The Newberg Hoosiers were guests of the Portland branch and a large number were in attendance. First and foremost were Mayor and Mrs. Jesse Edwards, of Newberg, and Mr. E. H. E. Huston, of Portland.

Tables were spread at 7:30 and to add to the picnic basket luncheon the society refreshment committee under the leadership of Mrs. Edward Heller and Mrs. E. H. Huston, served coffee. S. E. Huston, president of the Portland Indiana State Society, was toastmaster; E. H. Woodward responded to the welcome in behalf of the Newberg society. Other interesting speakers were Mayor Edwards and Levi T. Harrington, president of the Pacific College at Newberg.

Your Joys are at Stake On Your Tires For Your Own Sake, Know the Goodyear

The facts are in favor of Goodyear tires. The verdict of Motordom favors them. For years they've outsold any other. And their users this year have increased by the thousands.

Why Not All Men? Then why don't all men use them, when they stand for what all men want? The main reason is lack of comparison.

Note These Facts Goodyear Fortified Tires have five great features which no other tire employs. These combat rim-cuts, loose treads, punctures and skidding in matchless and efficient ways.

They have other features adding strength and wear which few makers now embody. These extras will cost us on this year's output \$1,635,000. Our 1915 betterments alone will cost us \$500,000 this year.

Our anti-skid tread—the Goodyear All-Weather—is double thick and tough. We add an extra tread instead of roughing our regular.

The Associated Charities has closed its general campaign for the relief fund with which to keep its work going throughout the summer and further contributions to the fund will come through a secondary campaign by representatives of the organization.

Response Regarded Liberal. "Considering conditions in business, the response of the people of Portland to this campaign has been most liberal, and the thanks of the organization are tendered to all who so generously assisted. The fund that has been raised has made it possible, and will make it possible in the coming month, to minister to the needs of hundreds of destitute families, and, if the full budget is completed within the coming month, will keep the assistance of the Charities available to the poor without cessation through a period of the year when all but the permanent and established charitable organizations have suspended their activity."
