GROCERS' PICNIC DAY

Vancouver Merchants Make Trip to Stevenson.

STORES IN TOWN CLOSE. Big Barbecue Is Held and Sports and Programme Provide Amusement—Many Prizes Awarded and Ball Game Played.

YANCOUVER, Wash., July 24.—(Special.)—For the past three days the most popular picnic has been the third annual grocers' picnic, when more than 1000 people from this city went to Stevenson on the Sully Gatzert and on the train.

The stores in Stevenson were closed and the merchants there joined with Vancouver in celebrating, also, that recently Skamania County had voted \$250,000 road bonds. A big steer was killed and barbecued.

Following dinner, there was the usual speechmaking, the address of welcome by the Mayor, to which Mayor Evans, of Vancouver, responded. Then the Merchants' Band, of 12 pieces, which had played for dancing on the boat, played waltzes and the contest to pick out the best couple was started. The first prize was awarded to Mr. and Mrs. Chester Barbeau. Third place was won by Mr. and Mrs. Frank Weigel, both couples of Vancouver.

The various sports and races were held in the road in front of the fairgrounds and resulted as follows: Three-legged race—Mrs. E. L. Upton, Vancouver, first; Detweiler and Waicher, Vancouver, second, and Johnson and Johnson, Vancouver, third.

Boys' race, under 8 years—Kenneth McPhaden, Glen Griffiths and Herbert Higgins, all of Vancouver, first, second and third.

Girls' race, under 8 years—Edna Bennett, Ave Clough and Beulah McLeod, all of Vancouver, first, second and third, respectively.

Girls, 8 to 12 years—Wilma Cates, Stevenson, first; Harriet Terrill, Vancouver, second; Gladys Allinger—Stevenson, third.

BULL MOOSE HOPE

Colonel's Retention in Party Is Not Yet Despaired Of.

LEADERS DELAY DECISION. Universal Desertion to Republican Ranks, However, Expected When Act Will Mean Both Glory and Profit to Nearly All.

OLYMPIA, Wash., July 24.—(Special.)—Washington Progressives who were granted the boon of a private conference with Colonel Roosevelt at Seattle gained a distinct impression that the former Bull Moose standard bearer would make his flight within Republican ranks in 1916, but apparently they are not quite ready yet to give up hope.

On the other hand, when interest in state and National politics becomes more acute next year, and when a faction of the Republicans may be in a position to bid for their support, there might be, and indeed probably would be, both glory and profit in returning to the party.

Best Opportunity Is Awaited. The truth seems to be that those who are listed as Progressives realize this is not the biological moment for attracting attention by a return to Republican ranks.

Such former Bull Moose as have already regained membership in the Republican party have been attempting to build up a complete Congressional and state ticket, with Polindexter at its head, to compete in the primaries with the ticket of old-line Republicans.

BOY CAMPERS ARE BUSY

PAST WEEK AT CASCADES ONE OF GREAT ACTIVITY. More Funds Needed to Continue Outings for Juveniles Throughout Rest of Summer.

CASCADES, Wash., July 24.—(Special.)—At the boys' camp at Cascades, Wash., much activity has been manifested during the past week. Advantage has been taken of the moonlight nights, when the boys have been out on overnight hikes.

When the story of the Bridge of the Gods was read to the boys around the campfire at night it made the story all the more real to be surrounded by the apparent evidences of its truth.

Another story that belongs with the region and is read at night is that of the Lewis and Clark expedition. From the diary the boys have followed the explorers down the Columbia, and have identified several places on the journey from their description.

Another interesting feature of camp life has been the contest over the names of flowers. Altogether the boys have learned to identify 55 different species of birds and 33 species of flowers. Prizes have been awarded to boys who learn to identify the greatest number.

The Columbia Highway Company has been especially good to the boys in giving them a fish each week from its nets and in allowing them to cross the river in the company's launch, Keystone.

Next week a walk is planned down the Columbia Highway by moonlight. A welcome arrival this week at camp has been a boat which the boys have launched on the lake where they are swimming. A flag which the camp needed was loaned by Mr. Oberstetter, the father of one of the camp boys.

In order that the camp may be continued during August, about \$200 is needed. Thus far \$400 has been received in contributions and amounts paid by boys. Checks may be sent to Wells Gilbert, Treasurer, Boys' Camp Association, Lewis building, Portland.

FARM BOY NOW ARTIST

HERMAN STRUCK TO LECTURE TO HOOD RIVER FRIENDS. Youth After Years of Study Wins Recognition and Work Is Done on Contract at Fair.

HOOD RIVER, Or., July 24.—(Special.)—For the past few years Herman Struck, reared on the orchard home of his parents, Mr. and Mrs. L. Struck, has dropped from the minds of his old neighbors.

Those who recalled him, remembered an ordinary country lad, more serious-minded, perhaps, than most of his companions, and spending his spare moments at work on improvised canvases, painting farm animals and drawing sketches of landscapes.

Three years ago the Struck farm was sold, and the family removed to Lyle, where they now have a country home. Before his parents left Hood River, Herman Struck went to San Francisco, where he studied at the Hopkins Art Institute. After completing a course there he left for Chicago, where he studied under Alphonso Mucha. Return-

ing, he spent some time on the big stock ranches of California, painting wild horses. Canvases of these ranch scenes and his work as a mural painter have brought Mr. Struck marked recognition in the South. The work at the Imperial Theater, under contract to D. D. Dice, the Italian painter, has been the most part by Mr. Struck. This is an allegorical canvas, almost 40 feet long.

Mr. Struck, who will probably paint some scenes of the Columbia River Highway, is preparing 12 pictures for a San Francisco exhibition. He will deliver a lecture to his Hood River friends and former neighbors Tuesday night.

CHILD KILLED BY MOWER

Team Bolts and Aurora Girl Meets Death in Father's Sight.

AURORA, Or., July 24.—(Special.)—Ten-year-old Dorothy Watson, of Needy, was instantly killed yesterday afternoon, when she was thrown from a mowing machine and run over. Her father, John Watson, was coming in from the field, where he has been mowing, and allowed the little girl to ride the mower and drive the team, while he walked beside her.

As he opened the gate for the team to pass through, the horses were frightened by a bolt and ran away. The little girl was thrown from the seat, striking on her head. The physician called declared that death was instantaneous from a broken neck.

The funeral services will take place at Needy at 9:30 A. M. tomorrow, with burial at the Rymna Cemetery.
