

PURSUIT ACROSS BORDER DEFERRED

Washington Frankly Puzzled by Conflicting Reports on Causes of Raids.

LOCAL CIVILIANS BLAMED

Texas Deputy Sheriffs and Other Residents Said to Have Provoked Attacks—Presence of Carranza Troops Denied.

WASHINGTON, Sept. 25.—Major-General Punston commanding United States troops on the border, and General Nafarrete, in Carranza's command, both disclaim for their men responsibility for the fighting yesterday near Progreso, Tex., in which one American trooper was killed and an officer was wounded.

A full report on recent fighting along the border was made to the State Department today by the War Department. It says that in no case have American soldiers begun the firing, but it is admitted that American troops were in uniform in Carranza's territory in Texas have provoked some attacks.

American Territory Invaded. In yesterday's fight it is asserted an armed force invaded American territory and that this party was repulsed.

Officials here are frankly puzzled over the border situation. General Carranza has directed General Jacinto Trevino to make a thorough investigation. Until authentic information is obtained as to the cause of the raids, the policy of the American Government will be unchanged, and while raiders will be driven off, American troops will not be permitted to cross into Mexico in pursuit.

The State Department was advised that representations made to General Carranza had resulted in orders designed to prevent a repetition of the seizure of cattle belonging to American citizens.

"The Department was recently informed," says an announcement, "that Carranzas had seized cattle belonging to citizens on the railroad between San Luis Potosi and Tampico. Representations were made to General Carranza and the authorities at Vera Cruz have issued a statement to the effect that orders have been given to prevent these depredations."

American Reach El Paso. A dispatch from El Paso announced the arrival of 150 Americans from Torreon, Durango. A Carranza telegram dated yesterday from Eagle Pass said the situation in Piedras Negras district was quiet and rail communication to Saltillo was open by transferring around a burned bridge. Explaining the visit of General Felipe Angeles to Washington, the Villa agency issued this statement tonight: "General Felipe Angeles wishes to state that he has arrived in Washington as a member of the delegation appointed by the military chiefs of the provisional government to represent it in the peace conference planned in accordance with the invitation of the Pan-American conference on August 2. Published report that General Angeles has deserted from the convention army are false."

HILD WILL BE ELECTED

DENVER TRAMWAY CHAIRMAN DENIES THERE IS FRICTION.

Man Whom Portland Manager Will Succeed Not "Forced Out," But Resigned to Go to New York.

DENVER, Sept. 25.—(Special.)—The name of W. Hild, manager of the Portland Railway, Light & Power Company, will be presented to the board of directors of the Denver Tramway Company at its meeting next Monday for the position of vice-president and general manager, according to reports well informed in traction circles he will be elected.

There is a misunderstanding or friction, according to C. K. Boetcher, chairman of the directors, and there is no desire to have it appear that John A. Boetcher, the present vice-president and general manager, has been forced out. Mr. Boetcher said today that he had not resigned and was not thinking of doing so.

COLONEL NOT HOPEFUL

BELIEF IN PROGRESSIVE SUCCESS SEEMS TO WAVER.

Murdock Tells Progressives They Have "Big Chance," but Admits Chief Takes Different Opinion.

OREGONIAN NEWS BUREAU, Washington, Sept. 25.—Victor Murdock, of Kansas, who lost a job in Congress because he deserted the Republican party to take up bull-mooseism, is doing his utmost to convince the remaining leaders of the third party that they acted wisely in making him chairman of their National committee after he lost his office. Murdock is assuring the Progressives that they will have a big chance next year to come back stronger than ever.

Murdock, back in Kansas, made the discovery that the Republican National convention next year is to nominate William H. Taft for President. At the same time he gathered information which convinced him that "the Demo-

cratic party will blow up in six months," and rushing to the New York Progressive conference last week he made known his discoveries, and assured the New York members of his party who remain that if the Progressives can dominate New York they will have a splendid chance of controlling the Nation.

Secretary of Interior Says Amounts Are Those Necessary to Carry on Work Economically.

YOUNG TERRAZAS FREE

GENERAL'S SON, HELD HOSTAGE, EN ROUTE TO BORDER.

Guards at Chihuahua Jail Said to Have Been Shot on Suspicion—Ransom Paid Fruitlessly.

EL PASO, Tex., Sept. 25.—After being held hostage for about 18 months, Luis Terrazas, Jr., son of General Luis Terrazas, together with his son, Guillermo, have escaped from Chihuahua City and are en route to the border overland, according to official Villa advices today. Three guards at the Chihuahua jail are reported to have been shot on suspicion of complicity in the escape.

GARDENERS CAN TOMATOES

New and Profitable Industry Is Forced on Echo Folks.

ECHO, Or., Sept. 25.—(Special.)—A number of Echo gardeners have been forced to try an experiment which has proved successful and may be the means of another industry in this part of the county.

Warrenton Church Notes.

WARRENTON, Or., Sept. 25.—(Special.)—F. M. Wilson will have charge of the Methodist Episcopal Sunday school Sunday at 10 A. M. and in the evening at 7:30 P. M. Musical services will be given. W. C. Wickline will preside.

Clackamas School to Entertain.

CLACKAMAS, Or., Sept. 25.—(Special.)—The first of a series of entertainments by the Clackamas public school will be given October 9, at the Oddfellows' Hall, Clackamas. This entertainment will consist of four short farce comedies, several songs, music and special Columbus day exercises by younger pupils. The best of the local talent in addition to that of the school, is aiding with this entertainment.

A Never Failing Way to Banish Ugly Hairs

No woman is immune to superfluous growths and because these are likely to appear at any time, it is advisable to always have an eminent hair powder handy to use when the occasion arises. A paste is made with some of the powder and water and spread upon the hairy surface; in about 2 minutes this is carefully removed and the skin washed. You will then find that your skin is entirely free from hair or fuzz. Depilatory is very inexpensive. For twenty-five cents one can obtain from any druggist or by mail in plain wrapper from the Esbensen Laboratories of Portland, Oregon, a plentiful supply.

BANDITS ON BORDER ROUTE BY RAICHER

Rich Pioneer Shoots Leader From Horse and Blows Off Companion's Head.

FOLLOWERS TAKE FLIGHT

Woman Cook, Though Frightened, Is Steadfast and Reloading Weapons With Which Marauders Are Driven From Scene.

HOUSTON, Tex., Sept. 25.—Details of an attack by Mexicans on his 700-acre ranch in Hidalgo County, 20 miles north of Mission, yesterday, were given out today by J. B. McAllen, millionaire and pioneer, who, single handed, beat off the Mexicans after killing two of their number and wounding three more.

The fight on the McAllen ranch continued 20 minutes, during which time the bandits fired not fewer than 500 shots, while McAllen did not fire more than 20.

"With the exception of my cook, a Mexican woman, I was alone," said Mr. McAllen. "I had just sat down to dinner when I saw a Mexican peering through a blind, and I knew I was surrounded."

Leaders and Companion Killed. The bandit leader was mounted on a gray horse. He called my cook to the door and asked my whereabouts. The remainder of the band had dismounted and taken up positions behind a pile of rocks and a small stone outhouse.

"My cook answered that I was all in bed, whereupon the leader demanded my presence before him. I picked up my shotgun, stepped into the doorway and fired. The leader tumbled off his horse at the first shot. His horse fell at the second. I then turned my attention to another man, holding him at the rest, and had the satisfaction of seeing part of his head go off.

House Riddled With Bullets. "Three others, who had failed to conceal their legs behind the rockpile, received my further attention. Finally they dragged themselves to the brush and escaped. Then the others followed them. Shattered fairly rained about me during the encounter, but both my cook and I escaped injury. The house was riddled with bullets.

O. A. C. EXHIBIT LARGE

EXTENSIVE DISPLAYS AT STATE FAIR ARE OUTLINED.

Much Attention Is Being Given Toward Teaching of Practical Lessons to Aid Oregon People.

OREGON AGRICULTURAL COLLEGE, Corvallis, Sept. 25.—(Special.)—Extensive exhibits from the departments of agronomy, horticulture, dairying, poultry husbandry and plant pathology of the school of agriculture and from the school of home economics will be displayed at the State Fair in Salem next week. More detail than in previous years will characterize the 1915 collection, and much attention is being directed toward the teaching of practical lessons.

A complete corn exhibit will be featured by the agronomy department. Methods of culture will be explained and illustrated charts will assist in telling the story of one of Oregon's rapidly growing agricultural industries. There will be a seed testing exhibit in charge to test seed for purity and germinating power. Growers may submit seed for testing.

Use Coconut Oil for Washing Hair

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mullified coconut oil (which is pure and entirely greaseless) is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Rheumatism

A Home Cure Given by One Who Had It. In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have known it can understand. I tried remedies after remedies, but doctor after doctor failed to give me relief. I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were seriously afflicted and ever benefited. I will send you a pamphlet and address and I will send it free to try. After you have used it and it has given relief to the long-suffering means of curing your rheumatism, you may send the price of one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Let that fact: Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Oregon markets and also the condition in which these eggs reach the consumer. Instruction will be given in the handling and marketing of eggs. The organization and operation of egg circles which are proving successful in improving the quality of market eggs as well as the price received by the producer, will be explained. A model dairy barn with proper equipment will be displayed by the dairy department. There will be instructive charts on the economy of dairy production.

"BETTER BABIES" NAMED

Contest at Elma Fair Shows Montezano Boy Scoring High.

ELMA, Wash., Sept. 25.—(Special.)—The winners in the better babies contest at the recent County Fair have just been announced and are as follows: Best baby boy—Robert Gaston Moch, Montezano, 97 per cent. Best baby girl—Catherine McIntyre and Mayo Padgett tied at 98 per cent. Clifton West, second for boys, 94 per cent. Claude Vaughn, third for boys, 96 per cent. Marjell Glenn, second for girls, 96 per cent. There were 91 babies entered in the show and Mrs. John Enslay, of this city, had charge.

WAKKIAKUM FAIR IS NEAR

Exhibits Will Be Made at Skamokawa October 7, 8 and 9.

CATHLAMET, Wash., Sept. 25.—(Special.)—Wakkiakum County will hold its third annual fair at Skamokawa October 7, 8 and 9. The juvenile department will be one of the strongest features. This county has the distinction of having the first canning club in the state, and this club will compete against the three other clubs recently organized.

The four clubs will determine which can preserve the most jars of apples in an hour. The Fair Association has made liberal premium offers for this

To buy clothes that look trim and shapely after months of service you must get ALL-WOOL clothes.

To be sure they ARE all wool—not a thread of cotton in them—wear

trooper killed by Mexicans yesterday, was not a former resident of Albany, as asserted in an interview with M. C. Blain, of Portland, in The Oregonian.

"The young man to whom Mr. Blain refers is named Howard C. Stubblefield, not Henry W.," said Willard L. Marks, of this city, an uncle of Howard Stubblefield. "He is not now nor never has been in the United States Army. I received word from his mother not

more than two weeks ago and he was then with her at their home at Visalia, Cal."

One-seventh-hundredth part of a grain of radium will thoroughly fertilize a ton of soil and cause grain to grow with great rapidity. Where this experiment has been tried it has been noticed that all the leaves become very dark. Radishes and carrots raised in this soil grow to six times their usual weight.

There's True Economy in Edwards' Stoves!

Below are pictured a few of our many patterns: wood heaters, coal heaters, combination heaters, air-tights, hot blasts, base-burners—in fact, any sort of heater desired. Suitable for dining-rooms, living-rooms, bedrooms, basement or attic, store buildings or large halls.

DELIVERED AND SET UP FREE!

Your Old Stove Taken as Part Payment

And Edwards' Long-Time, Easy-Paying Terms

\$1 Per Week \$2 Semi-Monthly \$4 Per Month

This One \$7.00

The "New Rival" is an ideal stove for burning coal or briquets. This one is 11 inches in diameter and just the thing for a small room. Has best nickel trimmings. This style we show in three different sizes.

This Style \$6.75

Our "Favorite Crescent" has large swing top, with nickel foot rails and heavy lining. Will last several seasons. Is made for wood only, is air tight and a mighty good-looking stove at a low price. 22-inch, \$7.25; 20-inch, \$6.75.

Edwards Specialize in Complete Home Outfits

3 Rooms Completely Furnished \$139

Use Cocoon Oil for Washing Hair

Monarch Malleable

The 'Stay Satisfactory' Range

Here Is a Range That Stands Head and Shoulders Above Them All

\$5 Cash, \$5 Month

Monarch Ranges are not constructed of "cast iron" which makes it necessary to "bolt" them together and plug the gaps with "stove putty."

They are made of malleable iron and steel that can be worked cold under the hammer and riveted tight to stay tight. The duplex draft gives you an even baking heat. Easily regulated at all times. The triple walls prevent rusting out, and so insulate the range body that you may have a baking oven from a cold stove in twenty minutes.
