TODAY'S BEAUTY HELPS. Nothing excites more criticism than a woman with her face all daubed with face powder in her desire to hide a faulty or an aging skin. Instead of using powder, which clogs and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin. By dissolving in four ounces of spirituous in a half pint of hot water you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness, and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin.
