

PRESIDENT TO WED EARLY IN NOVEMBER

Members of Immediate Families of Couple to Be Present at Ceremony.

BRIDAL TOUR TO BE BRIEF

Return to Washington Not Later Than Thanksgiving Day Planned. Mrs. Galt Orders Work on Trousseau Hastened.

WASHINGTON, Oct. 23.—(Special.)—President Wilson and Mrs. Galt will be married in the first week of November, probably about November 3. This is the report here tonight, and it seems based on circumstances so convincing as to leave little doubt.

The wedding is to be a quiet event, but it is to be in the presence of all members of the immediate families of both the President and of Mrs. Galt. Miss Margaret Wilson, the President's daughter, has returned to the White House to remain until after the ceremony. Secretary McAdoo and Mrs. McAdoo, the latter another daughter of the President, will return to Washington from their Western tour November 2.

Work on Trousseau Hastened. Mr. and Mrs. Francis Sayre, the latter another daughter of the President, are within a few hours' ride of Washington and will come on notice of the hour of the wedding ceremony.

Close friends of the President say he will be in Washington during the early days of the next session of Congress to see that the Democratic fences are all tightly built and that the Administration legislative programme is started properly on its way through the House of Representatives.

ROLE IN ALASKA IS DECLARED PUBLIC POLICY

Mr. Lane Evidently Intends to Renew Fight in Congress for Development Board.

RED TAPE YET PREVAILS

In Article in Eastern Paper Secretary Goes Into Detail to Show Cumberdom of Plan in Vogue at Present.

OREGONIAN NEWS BUREAU, Washington, Oct. 21.—Secretary Lane evidently intends to renew, before Congress next winter, his fight for the creation of an Alaskan development board to take over the administration of Government business in Alaska and put an end to the red tape now necessary when Alaska is governed from Washington, some 5000 miles away.

When this board was first proposed the suggestion did not get far in Congress, largely because of the opposition of the Interior Department other than the plan, and principally on the ground that an Alaskan board would deprive the Interior of a certain amount of authority they now exercise.

The arguments which Secretary Lane advanced last year in favor of the creation of an Alaskan development board still prevail; the red tape has not been eliminated; delays have not and cannot be eliminated as long as Alaska is governed from Washington.

Friction in System Shows. Secretary Lane is strongly hopeful that the Congress will carry out his suggestion at the coming session in order that the way may be paved for aiding in the development of the territory by the time the Government railroad is completed.

In a signed article, printed in an Eastern paper, Secretary Lane goes into much detail to show the cumberdom method by which Alaska is now governed. Every one of the Government departments at Washington, he shows, has a certain jurisdiction over Alaska, and frequently these jurisdictions overlap and conflict.

OCTOBER BLOODY MONTH

(Continued From First Page)

greatest of all. It was the last desperate and futile effort of the allies to shatter the German lines and break Germany's hold on Belgium and the richest provinces of France. The allies put their all into the attempt. The murderous artillery bombardment, which began October 13, raged three days before the shells would even strike the first line of German trenches so that an attack could be made.

German Reserves in Readiness.

There was a hall of shells and shrapnel so great and so terrible that nothing else was to be seen. The German reserves were ready. When the assault finally came, the German artillery tore great gaps in the ranks of the storming foe, which again showed the same ground as former assault. Again the efforts of the assailants were in vain. Here and there the British got a foothold in the German trenches, but that again was all. For days they fought, trying to extend their captures. Now the British hold a small gain near Loos, but not on Hill 70, the capture of which they have repeatedly reported. In all they have gained a space not more than ten miles wide and three miles deep.

Decisive Day Seems Near.

Overshadowing all else in the month was the Bulgarian entry into the war. The Austro-German alliance, which Serbia, this too, was bloody, because Serbia fought as one of its allies have fought, though it fought in vain. With help from allies out of the question and with the Germans in control of the railroad from Nish to Sofia, invading Germany an entry into Constantinople, it seems as if the day of decisive results has been reached.

Lecture on Economics Announced.

WHITMAN COLLEGE, Walla Walla, Wash., Oct. 23.—(Special.)—The first of a series of lectures to be given by the department of economics and business at Whitman College was announced by Professor Ralph H. George, head of the department, on Thursday, when E. A. Storms, of Moscow, will address the classes. Mr.

There Are Stores and Stores

but always in every city there is one store that stands out distinctly as the store where the better class of merchandise is to be found, and where the better dressed people go for their wearing apparel. In Portland it is Gray's Store, the most beautiful store in all the Coast country, stocked with Clothing, Haberdashery and Hats for Men, Suits, Coats, Dresses, Waists and Skirts for Ladies, as late and exclusive in style and as fine in quality as you will find in Chicago or New York smart stores. Remember this when you need some article of wearing apparel and call at Gray's and ask to be shown.

Indigestion May Be Due to Constipation

Neglect of Important Function May Seriously Impair the Health.

There are many people who believe they suffer from indigestion when their discomfort really is due to a constipated condition. Bloat, with its attendant mental depression, sick headache, the belching of sour stomach gases, etc., are frequently due to inaction of the bowels. Relieve the congestion and the trouble usually disappears. The use of cathartics and purgatives should be avoided, however; these shock the system unnecessarily and, at best, their effect is but temporary. A mild laxative is far preferable. The compound of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin and sold in drug stores for fifty cents a bottle, is highly recommended. Mr. Benj. Bassin, 280 Madison St., Gary, Ind., thinks Dr. Caldwell's Syrup Pepsin a wonderful medicine; for four years he had a severe case of indigestion and constipation before trying Dr. Caldwell's Syrup Pepsin, which he is glad to recommend to all who suffer with stomach and bowel trouble.

A bottle of Dr. Caldwell's Syrup Pepsin should be in every home for use when occasion arises. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 154 Washington St., Monticello, Ill.

Storms is the field manager of the Bureau of Statistical Service, and is considered one of the best authorities on present-day business conditions in the country.

Chehalis Invites Road Meeting.

CHEHALIS, Wash., Oct. 23.—(Special.)—The Chehalis Citizens' Club has received a number of offers of support for the honor of entertaining the 1916 convention of the Washington State Good Roads Association. At a meeting of the club last evening it was voted to extend an invitation for this gathering to be held in this city. A representative delegation from the city will be present.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, head-aches, a listless, no-good feeling, all out of sorts in active bowels, you take one of Dr. Edwards' Olive Tablets, and then just to keep in the pink of condition.
