JOKE LEADS TO PRISON. VANCOUVER, Wash., Nov. 6.—(Special.)—Joking leads to prison sometimes, as has been learned by the bitter experience of Fred and Claude Thompson, who have been sentenced to the State Reformatory at Monroe for a term of years.

On Tuesday night they were free young men, as they left Vancouver for Brush Prairie. Before they had passed the city limits they had begun to joke about holding up some one, and later the joke turned to a more serious turn.

Many of the applicants were in need of medical aid and in caring for them 43 were sent to hospitals, 96 to the Portland Dispensary, 96 to the Visiting Nurse Association, 32 to the county physician, 45 to private physicians and 10 to the Rotary Club Clinic.

Other Organizations Assisted. One aim of the Associated Charities is to secure the co-operation of all agencies possible in raising the standard of living.

LEVER TURNS TRAFFIC

Semaphore at Third and Morrison Aids Policeman.

MACHINE GIVEN TO CITY

Greater Accuracy and Efficiency Is Noted in Regulation of Streams of Vehicles—Installation of Others Is Considered.

Portland traffic which happened to travel by way of Third and Morrison streets yesterday felt the sensation of being regulated with a modern new traffic semaphore.

During the entire afternoon the machine successfully regulated traffic by aid of Traffic Policeman W. C. Bender.

At night the signals are given by red and green lights, the red indicating the word "stop" and the green the word "go."

Signal Operated by Lever. The policeman operates the signal by means of a lever. When he wants traffic to move north and south he moves the handle and the word "go" looms up in front of the vehicles waiting to proceed north and south.

Semaphore Is Portable. The semaphore is portable, being mounted on a broad, heavy cast iron base on which are the words "Portland Police Bureau."

Among the 1900 who are expected to be present during the noon hour of that date will be the local city and county officials.
