How to Have the Best Cough Remedy and Save \$2 by Making It at Home
Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 3 minutes, gives you as good a syrup as any you can buy.
Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 25 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions for use are given on the bottle and tastes good.
It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis, croup and winter coughs.
It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.
Pinex is a highly concentrated compound of eucalypti, menthol, and camphor, combined with guaiaicol, and has been used for generations to heal inflamed membranes of the throat and chest.
To avoid disappointment, ask your druggist for "25c ounces of Pinex." The don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

TODAY'S BEAUTY HELPS
Nothing excites more criticism than a woman with her face all daubed with face powder in her desire to hide a fault of an aging skin. Instead of using face powder, the cause of and enlarges the pores, it is far better to use a good face lotion that will improve and permanently benefit the skin. By dissolving four ounces of surpax in a half pint of hot water you can make an inexpensive lotion that will do wonders as a skin whitener and complexion beautifier. It removes all shininess, sallowness and roughness, and gives the skin a smooth, velvety tone, while it does not rub off easily like powder, nor does it show on the skin.
By washing the hair with a teaspoonful of canthox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water, one finds that it dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy, in fact, that it looks more abundant than it is and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean, wholesome feeling. All scalp irritation will disappear, and the hair will be brighter and glossier than ever before.—Adv.

SUPERFLUOUS HAIR MUST BE ATTACKED UNDER THE SKIN
It has been proven by the world's greatest authorities that hair is bound to grow too coarse and stiffer after the removal of the hair is devitalized. It is impossible to devitalize hair with the ordinary depilatory preparations, because they only remove hair from the surface of the skin.
DeMiracle, the original liquid depilatory, devitalizes hair by attacking it under the skin as well as on the skin. It contains no caustic or irritating ingredients, less as pastes and rub-on preparations, which are so irritating to the skin that they give it the power to rob hair of its vitality—its life sustenance.
Buy a bottle of the genuine DeMiracle today and you will get the original liquid depilatory. Other depilatory preparations are worthless imitations—refuse them. Remember that DeMiracle is the only depilatory on a mere promise of your money being refunded. DeMiracle is the only depilatory that gives you a written guarantee in each package which entitles you to the refund of your money if it fails.
DeMiracle is sold in \$1.00 and \$2.00 bottles. The larger size is the most economical for dermatologists and large users to buy. If your dealer will not supply you, order direct from us. The truth about the treatment of superfluous hair mailed in plain sealed envelopes on request. DeMiracle Chemical Company, Dept. A, Park Ave. and 129th St., New York.—Adv.
