

JAPAN WILD WITH NATIONAL LOYALTY

Cities Are Like Fairyland as People Assemble in Homage and Worship.

KIOTO AWAITS ARRIVAL

Ruler's Journey to Attend Coronation Ceremonies Attended by Remarkable Scenes of Devotion of People.

NAGOYA, Japan, Nov. 7.—The Emperor, attended by the whole court, passed last night at the Nagoya palace on his way to Kioto for the coronation ceremonies...

The city was in brilliant festive garb. The streets were decorated with festoons of flags and lanterns and garlands of flowers. The imperial sanctuary was followed to the railway station by the carriage of the Emperor and those of the Princes and Princesses of the blood and other members of the retinue.

Wild Enthusiasm Shown. The imperial train conveying the court departed amid the strains of the national anthem played by a military band and shouts of "banzai" from the populace. The Emperor was greeted with wild enthusiasm at every stopping place along the route to Kioto.

KIOTO, Japan, Nov. 6.—The progress of Emperor Yoshihito from Tokio to Nagoya, the first stage of his journey to Kioto for the coronation ceremonies, was marked by a remarkable display of national loyalty. In every city and town through which the ruler passed the entire population assembled at the railway stations and in the adjacent highways, paying homage to the Emperor and bowing low in worship to the "Kashikodoko, or divine mirror, which represents the spirit of the grand imperial ancestress or sun goddess, Amaterasu Omikami, and which is a part of the imperial sanctuary.

Horizon Black with People. In the rice land the peasants, abandoning the mattocks, led their children along the railroad and worshipped the sanctuary. Everywhere the horizon was black with school children, young people and troops, mounted on foot. As the Emperor entered Nagoya at dusk, the ancient castle burst into a bewildering illumination, visible from afar.

Kioto is an enchanting fairyland. There is a mammoth electric monument at the railway station and the long, wide avenue leading from the station is dazzling with electric garlands. The narrow side streets are a mass of yellow and red paper lanterns, while huge pillars of light guard the city here and there like giant modern Samaras.

The Emperor is expected to arrive here Sunday.

CITY PROHIBITS LIQUOR

Water Department Employees of Spokane Must Be Sober.

SPOKANE, Wash., Nov. 6.—(Special.)—Water today was infused as the official beverage of the employees of the City Water Department, and anything stronger is strictly prohibited.

This department will only employ men in its employ, it is the concluding statement of a letter sent to Superintendent Lindsay, of the water division, by Mayor C. M. Fassett.

Any man who cannot commence his day's work and complete it without stimulants is not capable of giving the city his money's worth of intelligent labor.

The prohibition of the use of liquor among the employees of the water division follows a testimony of excessive drinking, offered by former workmen.

DANIELS' PAPER BURNS

Secretary Loses by Fire for Second Time Since Taking Office.

RALEIGH, N. C., Nov. 6.—The building and plant of the News and Observer, owned by Josephus Daniels, Secretary of the Navy, were destroyed by fire early today. The second time the newspaper has been burned out since Secretary Daniels entered the cabinet.

The fire started in the large printing establishment of E. M. Uzzell & Co. Virtually nothing was saved. W. H. Bagley, business manager of the newspaper, was painfully hurt when trying to remove the books from the building. Two firemen were injured.

The News and Observer will be issued from the office of the Times tomorrow.

LIVES LOST IN BIG FIRE

(Continued From First Page.)

They were able, however, to gain little information tonight, other than that the fire appeared to have originated in the Diamond Candy Factory, probably in the basement, where the cooking was done.

The loss of life was chiefly among the employees of the Essex Shirt Company, who occupied the third and fourth floors.

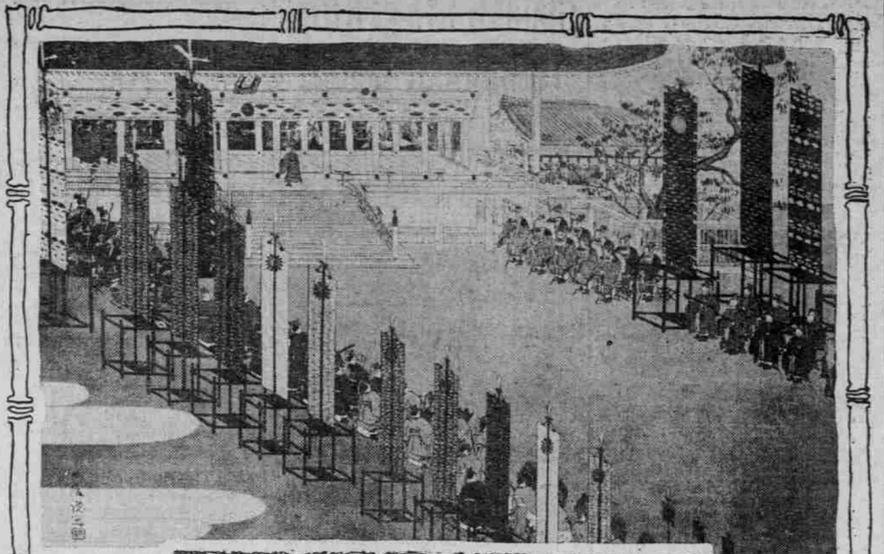

Owner of Building Arrested. After a preliminary investigation by the authorities, tonight, Mrs. Edward L. Diamond, owner of the building, and her husband were arrested on a charge of criminal negligence, and remanded to jail without bail. Mr. Diamond said he was in the building at the time of the fire but asserted ignorance as to the cause.

Four separate investigations were under way tonight in an effort to fix responsibility for the loss of life. These were begun by the coroner, District Attorney, Fire Marshal and police department.

Big Bounty Frauds Disclosed.

EAU CLAIRE, Wis., Nov. 6.—Wholesale bounty frauds which are estimated to have cost the state \$500,000 in the last few years, in connection with bounties on the scalps of wolves, which were being killed, are alleged by Deputy Conservation Warden Henry Lee, who has been carrying on an investigation here.

JAPAN'S RULER, HIS CONSORT AND PLACE WHERE PROCLAMATION CEREMONY WILL BE HELD.

ABOVE—SCENE OF FORIAR CEREMONIAL. BELOW—EMPEROR YOSHIHITO AND EMPRESS SADAOKO. A noted Japanese artist has executed these pictures to illustrate accounts of the coronation. It has been announced that no photographs to illustrate the event will be taken, by order of the Emperor.

SOUTH MAY CONTROL

Caucus and Cloture to Be Programme in Senate.

WASHINGTON, Nov. 6.—The South, not content with dominating the House of Representatives, is laying plans deliberately to grab control of the United States Senate, and thus make its dominance in Congress complete.

NORTH FAR OUTNUMBERED

President's Leanings Said to Be Feature in Probable Plan and Majority Would Even Permit of Losing Insurgent Votes.

OREGONIAN NEWS BUREAU, Wash., Nov. 6.—The South, not content with dominating the House of Representatives, is laying plans deliberately to grab control of the United States Senate, and thus make its dominance in Congress complete.

Already the South dominates the House of Representatives, through holding all but one of the important committee chairmanships in the lower branch of Congress. Committees, as is well known in Washington, are dominated by their chairmen—especially House committees—and because of their strangle-hold on the House or control of the Senate, they are in position to run things their own way—always with the sanction and approval of the "captain of the team."

South Has Party Majority. In its Democratic majority, the South has it in its power to assume control. The South will have 31 Democratic members of the next Senate; the remainder of the Democratic membership, 25, hail from the North and West. Outnumbering the other sections by six, the South will therefore be able to dominate the Democratic caucus, and the activity of Southern Democratic Senators, even in advance of the opening of Congress, shows that the South intends to "come into its own."

There is some Democratic opposition to caucus rule, but the opposition comes from Senators who do not hail from the South. Therefore, this opposition is negligible, especially in view of the fact that the Democratic majority of the Senate is now big enough to carry through caucus rule, even though six or seven, or eight insurgent Democrats refuse to be bound by caucus decree.

Cloture Rule Proposed. After adopting the caucus rule, and compelling Northern Democrats to submit to the dictates of the 31 Democratic Senators from the South, it is proposed to adopt a cloture rule, in order that the caucus of the caucus may be put through the Senate by Democratic votes, without having their programme endangered by filibusters.

There is just one weapon which law through its adroitly planned scheme; that is by defeating the proposed cloture rule, and giving to the Senate its right of unlimited debate. Once the South becomes master, the following Senators become the effective force in the Senate:

Bankhead and Underwood, Alabama; Clarke and Robinson, Arkansas; Bryan and Fletcher, Florida; Smith and Hardwick, Georgia; James and Beckham, Kentucky; Ransdell and Broussard, Louisiana; Smith and Lee, Maryland; Williams and Vardaman, Mississippi; Stone and Reed, Missouri; Simmons and Overman, North Carolina; Owen and Gore, Oklahoma; Tillman and Smith, South Carolina; Lee and Shields, Tennessee; Cullerson and Shepard, Texas; Martin and Swanson, Virginia, and Chilton, West Virginia.

MOB DETAINS 'SHIRKERS'

PASSAGE FROM LIVERPOOL REFUSED 900 EMIGRANTS.

LIVERPOOL, Nov. 6.—Nine hundred Irishmen who intended to sail for New York today on the Cunard Line steamship Saxonia, were prevented by the steamship company from taking passage.

The company declined to permit them to sail after there had been several stormy encounters with street crowds, which took the view that able-bodied men should not be permitted to evade liability to military service in this manner.

The arrival of the Irishmen in Liverpool drew a crowd outside the steamship office. Two Irishmen were knocked down by women. Others were set upon and decorated with white feathers.

FIGHT ON ARMY AHEAD

Opposition Probable in Matter of Continental Force.

WASHINGTON, Nov. 6.—There is a promise of a real scrap in Congress over that phase of the Army programme which has to do with the reorganization of the Militia and the creation of a Continental Army. The President may be able, without difficulty, to get enough votes to pass that portion of the program which looks to the enlargement and better equipment of the Regular Army, but legislation regarding the Militia and the Continental Army will be met with the ultimate outcome likely will be long in doubt.

SLEUTH TURNS PRINTER

COUNTERFEITERS OF MEXICAN NOTES FALL INTO TRAP.

SAN FRANCISCO, Nov. 6.—Jacinto Herrera Leungo and Lorenzo Rovera Arriola were held to answer today to the Federal grand jury by Commissioner Krull, on a charge of having counterfeited material in their possession.

J. M. Arriola, special agent of the Consul-General of Mexico, testified that the two men had stolen original plates from which Carranza money had been printed in November, 1914, when Zapata captured the city of Mexico.

By means of altered Spanish passports, Arriola testified, the defendants smuggled the plates or lithographs across the United States border.

In his attempts to secure evidence against the men, Arriola conducted a printing establishment, where, he said, Leungo and Arriola arranged to have about \$15,000,000 in counterfeit Mexican notes printed. The prisoners, it was said, did not know that Arriola was a Mexican government agent, and he testified against them on the stand.

CHICAGO FUNDS TIED UP

COURT DECISION WILL HALT MUNICIPAL ACTIVITIES.

STREETS MAY GO UNLIGHTED AND HORSES UNFED UNLESS LEGISLATURE MEETS TO REMEDY SITUATION.

CHICAGO, Nov. 6.—Chicago's streets may be left without electric lights, horses in the fire department may no longer eat out and scores of municipal projects halted as a result of a decision of the State Supreme Court today, tying up \$504,000 of the city's funds.

The decision stamps certain of the city appropriations illegal because they were passed after the regular appropriation bill. In addition to affecting the electrical, fire and police departments, the decision stops the paying of fees to real estate experts attached to the board of local improvements.

Mayor Thompson tonight admitted that the decision would seriously cripple the city and telegraphed Governor Duane asking for a conference Monday. It is expected that a special session of the Legislature will be asked to allow the city to levy a special tax to meet the deficiency.

PETER A. B. WIDENER DIES

Widely-Known Traction Financier Succumbs at Age of 81.

PHILADELPHIA, Nov. 6.—Peter A. B. Widener, widely known financier, died at his home at Elkins Park, near here, today.

Mr. Widener had been ill for some time. He was a dominant factor in the street railway systems of this city, New York, Chicago and other cities. He was 81 years old. Death is believed to have been due to advanced age.

Mr. Widener started his business career here as a butcher. For more than 20 years he bore an active part in all the important political movements of the city. He was a candidate for Mayor, but was defeated for the nomination by Mayor Stockley. He is said to have accumulated a fortune estimated at more than \$60,000,000.

SALFORD, Or., Nov. 6.—(Special.)—By elimination of superfluous matter from the printing bill, the cost of printing the Journal of the Legislature has been reduced materially.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with catarrhal deafness, nasal mucus or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness or else the disease is driven down the air passages toward the lungs which is equally as dangerous. The following formula, which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Permutin (double strength). Take this home and add to it 3 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Permutin is used in this way, as it acts directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh should give this treatment a trial.—Adv.

R. J. CLEMMONS IS BURIED

Late White Salmon Man Was Civil War Veteran.

WHITE SALMON, Wash., Nov. 6.—(Special.)—The funeral of Robert J. Clemmons, who died here Monday, was held Thursday under the auspices of the Masonic Lodge. Mr. Clemmons was born August 3, 1849, in Fulton County, Indiana. He enlisted in Company K, Second Nebraska Cavalry, and served during the Civil War. At the close of the war he served in the West for a year, fighting the Indians.

In 1870 he was married to Martha J. Smith. They moved to Washington in 1887 and to White Salmon in 1889 and homesteaded what is now known as the Healer Orchards.

Four children besides the widow survive him, Richard A. Janey, Ross E. Clemmons, Susan E. Clemmons and Robert Webster Clemmons.

STOPS TOBACCO HABIT.

Good Judgment

Were you on the point of buying a diamond, would you not appreciate a few enlightening remarks which would help you comprehend the situation yourself? It is more difficult to buy a piano than a diamond, and the results of error are more annoying.

Two Bad Investments

First—In buying an instrument, it is a great mistake to select a combination of cheaply made commercial piano or player-piano at a low price.

Second—It is equally as great a mistake to pay an exceedingly high price for an instrument that is expensively advertised and exploited through famous artists whose indorsements are costly.

The cheap piano will represent money thrown away and dissatisfaction; the high-priced one, money wasted.

Simplicity and reliability are the foundation stones of my line of pianos. I am not dealing in the cheap class, neither in the over-advertised class.
