

TEUTONIC AGENTS WILL BE PURSUED

Wilson Determined to End Plotting.

MEN HIGHER UP ARE SOUGHT

Demand for Recall of Herr von Nuber Possible.

STATUTES BEING STUDIED

Law Under Which Fay Is Being Prosecuted Applies to Piracy, Penalty for Which Is Death. Difficulty Is Found.

WASHINGTON, Nov. 13.—(Special.)—President Wilson has determined to put an end to the activities of Teutonic agents in the United States.

By his direction, the Department of Justice and the Secret Service are co-operating to secure the necessary proof to punish the men caught in projects which endanger the peace and safety of the country. More important, however, is the President's direction that the search shall be continued for those "higher up." As soon as he is in possession of all the facts, Mr. Wilson will take steps to stop the pernicious activity of diplomats and consular officers who are directing the work of destroying munitions factories, ships and other enterprises.

Von Nuber Under Suspicion.

If the President carries his intention to his conclusion, and the charges now on file should be substantiated, it would surprise no one should this Government request Austria-Hungary to recall Herr von Nuber, its Consul General in New York.

Count von Bernstorff, the German Ambassador, has been under suspicion for months, but in the absence of proof it is clearly impossible to take any action against him. Should the revelations of Dr. Gorham, recently resigned as Austro-Hungarian Consul, be supported by evidence, then whatever diplomatic consular officer is involved will go.

The Austrian and German Embassies deny the truth of Gorham's allegations, but the Department of Justice today had the promise of documentary evidence to substantiate them.

German Documents Received.

In addition the State Department has received from the British government the documents carried by a German messenger. These contain a great deal of information regarding German and Austrian activities and supplement the papers taken from James F. J. Archibald, who was furnished with the contents of Dumba's dispatches. The Department of Justice has not initiated any action against Archibald because it could not obtain proof that he had knowledge of the character of the dispatches he was conveying.

A long and exhaustive study of the treaty of Commerce of Fay, the alleged dynamite, and his confederates, was held today in the office of Attorney-General Gregory, in which Assistant Attorney-General Warren and United States District Attorney Marshall, of New York, took part. Perhaps the most important result of the day's work was the conclusion that the great body of Federal statutes is perplexingly wanting in laws to apply to espionage or partisan conspiracy.

Penalty of Piracy Is Death.

The sections of the United States statutes under which the Government is proceeding against Fay and his associates are those which apply broadly to the crime of piracy, the penalty for which is death.

WHOLE POPULATION WIPED OUT BY WAR

BATUM AND ARDAGHAN DESO- LATED BY ARMIES.

Region Once Garden Now Has Only Nine Villages Out of 43—Moun- tain People Suffer Silently.

PETROGRAD, Nov. 13.—(Special.)—The districts of Batum and Ardaghian, which are inhabited by Georgians who were forced to accept the Mohammedan religion by former conquerors, have been the theater of fighting since the beginning of the present war. First the Turks invaded the territory last Winter and Spring. The Russians drove them out later and reconquered the districts. The result of these operations is that the districts are in ruins. In Ardaghian, a region which formerly was like a garden, only nine villages out of 43 are left, 19 having been completely and 15 partly wiped out. While only 21,000 inhabitants only 2000 have survived, and 1000 of these are without means of subsistence. In the Arminia district out of 25,000 inhabitants only 100 remain, and they are in complete destitution. In Morgul and Gona the population has been almost annihilated, only 60 families surviving the passing war wave.

The sturdy mountain people are suffering silently and hence no help is forthcoming. The few survivors have taken refuge in the mountains and the neighboring places.

NEEDY WILL TAKE CENSUS

School Clerk Announces Plan to Aid Unemployed This Year.

The school census, provided by law, this year will be taken by men from the ranks of the unemployed, according to the plan of R. H. Thomas, school clerk, under whose supervision the census is taken.

Heretofore the census has been taken by the teachers in the various sections of the city, and the principals of the different schools have had charge of the enumeration.

The enumeration is set for the week of November 21. The number of the number 105, and they will be assigned to territory, so far as is possible, with which they are familiar. The estimated census is 48,000, an increase of 3000 over that of last year. The exact number of school children in the district last year numbered 44,955.

DEACON MILKS WRONG COW

Police Are Called and Decide It an Unavoidable Accident.

A cow owned by the Rev. G. L. Cole, 988 Garfield avenue, and known in the vicinity as "the cow of God," has been causing discussion in the Rev. Mr. Cole's flock. Rev. Mr. Cole was absent from the city recently, and left his cow in the care of one of the deacons of his church. The deacon is said to have mistaken a cow owned by Mrs. G. A. Kildow, 809 Mallory avenue, for the beast owned by the minister, and to have put Mrs. Kildow's "bossy" in the barn and milked her.

Rev. Mr. Cole made restitution as soon as he returned home, but Mrs. Kildow called in Patrolmen Dolan and Elliott.

The policemen pronounced it an "unavoidable accident."

DR. STEINER RENAMED

Insane Hospital Superintendent Is Soon to Start Third Term.

SALEM, Or., Nov. 13.—(Special.)—Although his term of office will not expire until the end of the year, Dr. R. Lee Steiner, superintendent of the Oregon State Hospital for the Insane, today was reappointed unanimously by the State Board of Control as superintendent for another four years.

The Board took action thus early as a means of expressing its satisfaction with Dr. Steiner's administration of the hospital. Beginning January 1 next, Dr. Steiner will be on his third term as superintendent of the hospital.

He was first appointed January 1, 1907, in Governor Chamberlain's administration.

PHILIPPINE RULE BREWING SCANDAL

Chaos Is Result of False Policies.

LAWS NO LONGER ENFORCED

Sedition Fostered, Graft and Robbery Are Common.

CLIQUE RUNS GOVERNMENT

Charges to Be Made Before Next Congress and Backed by Evi- dence Gathered on Ground. Respect for Americans Lost.

WASHINGTON, Nov. 13.—Serious charges of misgovernment in the Philippines resulting from President Wilson's policies will be made the basis of demands in the forthcoming session of Congress for a searching investigation of the conditions of these Oriental wards of the United States.

The Administration is preparing to press again the enactment of the Jones Philippine independence bill, which was passed by the House in the last Congress, but sidetracked in the Senate when the Democratic majority found itself embarrassed by the evidence of the present unfitness of the Filipinos for self-government.

Government Is Demoralized.

As a result of recent revelations of the demoralization in the Philippines produced by Democratic rule and efforts to demonstrate the capacity of the Filipinos for self-government, the opposition to the Jones measure will be greatly augmented.

Several Republican members of Congress have been in the Philippines this year gathering evidence of the scandals of misgovernment which have been suppressed by the Administration censorship. The Administration, foreseeing the danger, has been fortifying itself to meet the Republican attack. General McIntyre, chief of the War Department Bureau of Insular Affairs, has returned from a sojourn of several months in the islands, and will tell Congress that the Republican charges are misrepresentations.

Order Received Setback.

The Republican inquiry into conditions in the Philippines has been directed by Representative Miller, of Minnesota, member of the House committee on insular affairs, who recently returned from an extended tour of the islands.

Summarized, Representative Miller's findings are: The policy of placing Filipinos in control, instituted by Governor-General Harrison at the instance of President Wilson, has resulted in "complete governmental chaos."

The orderly government existing before the Democratic regime has been destroyed and progress in educating and improving the condition of the Filipinos has received a severe setback.

The chief result of native control of the government and administration was a graft scandal, the participants in which were protected from prosecution.

Disease Is Prevalent.

Disease is prevalent in the islands as a result of the failure to enforce the sanitation laws, and the general hospital work has been disorganized. Graft in native municipal administration and robbery of the mails are common.

By wholesale pardoning Governor-General Harrison disorganized the penal settlement and precipitated a

TIGER TORN TO BITS BY YALE BULLDOG

Great Gridiron Classic Gives Surprise.

OLD ELI SPIRIT WINS 13-7

Guernsey's Great Kicking Too Much for Princeton.

LUCK BREAKS FOR BLUE

Orange and Black Eleven Takes Lead After Shevlin's Men Make Two Place Kicks, but Fumbled Punt and Dash Turn Tide.

NEW HAVEN, Conn., Nov. 13.—The Yale eleven won from Princeton here this afternoon, 13 to 7. No gridiron classic of recent years has furnished greater thrills, individual playing prowess or form upset than this triumph of the blue over the orange and black.

It was a case of powerful football combination just beginning to find itself, overwhelming by brute strength an eleven far more finished in playing tactics, but lacking the ability to cope with a Yale eleven fighting desperately. As a team the Princeton machine was superior to the blue, but the smooth Tiger juggernaut was ripped apart by a bulldog squad gone berserk.

Heros Rise and Fall.

Gridiron heroes rose and fell during the struggle, but none reached the heights attained by Otis L. Guernsey, whose clever field goal-kicking paved the way for a Yale victory. Twice in the second period Guernsey drove the ball through the Tiger goal posts when Captain Wilson, of the Yale team, found that the eleven as a whole was unequal to the task of taking the spheroid across the opponents' line. Both dropkicks were made from near mid-field and the performance of the Greenwich, Conn., player won him a place among the kicking stars of football.

"Pie" Way, pitcher of the blue baseball team, shared the glory of the victory with Guernsey, for it was his fortune to scoop up a punt fumbled by Tibbett and race across the goal line for Yale's only touchdown of the game, and the first that the Elis have made in the past two contests.

Yale Eleven Hilarious.

Way's run was one of the most spectacular features of a struggle that bristled with startling plays, and tonight Guernsey, Way, Captain Wilson and Emergency Coach Tom Shevlin are the heroes of both town and gown. For Princeton nothing remains but the memory of a season that started in a blaze of glory and closed in the bitterness of unexpected defeat by both Yale and Harvard.

Close to 60,000 spectators thronged into the Yale football arena, filling the circular tiers of seats until only one or two bare spots showed in the great gray amphitheater. The weather and the gridiron conditions were perfect.

From the opening of the game it was seen that the Elis had been keyed up to the do-or-die stage of football and they assailed the Princeton warriors like wild men, making up in individual power and brilliancy what they lacked in team work and strategy. It was this fighting spirit, aided by the breaks in the luck of the game and errors by Princeton, which swung the pendulum of victory to the blue.

Blue Soon Strikes Back.

The ball was carried or kicked up and down the gridiron throughout the first quarter without decided advantage for either team, although Yale showed

(Continued on Page 6, Column 2.)

Saturday's War Moves

ALTHOUGH London refuses to share the consternation which the dis- solution of the Greek Chamber has caused in France, no attempt is made to minimize the seriousness of the situation nor to ignore the fact that King Constantine's action has put a definite quietus on all hopes of Greek co-op- eration in the near future.

The Greek King's suppression of the majority in the Chamber, of which M. Venizelos is the leader, is not regarded in London as a definite step toward fulfilling a secret compact with the central powers. On the other hand the present situation makes it obvious that whatever kindly intentions Greece entertains toward the entente powers must await the new elections, which are more than a month off, for fulfillment.

The report that Lord Kitchener, Secretary for War, has been sent on a mission to King Constantine, to whom he will offer new proposals, has received no confirmation, but the coincidence of his departure with the King's resolution to dissolve the Chamber makes the supposition plausible. The report also gains interest from the announcement from several sources that an Austro-German mission has already arrived at Athens to formulate a definite understanding between Greece and the central powers.

At the same time the Roumanian King is said to be receiving deputations from both belligerents, but the position of Greece and Roumania, despite diplomatic pressure, is still unmodified.

Beyond the German announcement of the capture of the passes and heights of Jastrebac, carrying slightly farther southward the Serbian drive of the Austro-Germans, there has been no recent achievement on either side in the Serbian campaign. French cavalry patrols are reported to have surrounded Velez, but the Bulgarians still hold the town.

November 14, 1914.

Field Marshal Lord Roberts, commander-in-chief of the Indian troops, dies in France.

Niuport in ruins after three bombardments.

Germans prepare vigorous resistance in East.

Allies definitely check German advance toward Calais.

SNOW FALLS IN COLORADO

2 Degrees Below Zero Experienced in Sheridan, Wyo.

DENVER, Nov. 13.—Snow fell in Denver and Northern Colorado today with temperatures below the seasonal average in Colorado, Wyoming, Utah, Nevada and Montana. The lowest temperature in the Rocky Mountain region was reported from Sheridan, Wyo., where the Government thermometer registered 2 below zero.

In Nevada and parts of Idaho and Montana the Government bureau reports temperature of 20 degrees below the seasonal average.

FOOTBALL MEN BARE FEET

Players Take Off Shoes and Stock- ings Because of Muddy Field.

WAXAHACHIE, Tex., Nov. 13.—Football in bare feet was played here today by the teams from the Waxahachie and Fort Worth High Schools. The game started in the rain, and the mud soon was so thick that the backfield players had to remove their shoes and stockings in order to make any progress. Waxahachie won 5 to 0.

GALE SURROUNDS BRITAIN

Loss to Shipping Is Chiefly Along West Coast.

LONDON, Nov. 13.—Much havoc was caused on land and sea by the fierce gale which raged last night. A considerable loss to shipping resulted, for the most part along the west coast, but no loss of life has thus far been reported.

Many of the Channel services had to be suspended.

ROMANCE SPOILED BY FORGETFUL PEN

Girl Claims Body of Tramp as Fiance.

ERROR RESULTS IN INQUIRY

Disclosures Made That Sweet- heart Never Existed.

DATE OF WEDDING SET

Friends Had Showered Gifts and Preparations Made for Care of Child of Supposed Physician.

Full Confession Made.

CHICAGO, Nov. 13.—(Special.)—Just a little slip of the pen on Miss Julia Choate Crumley, daughter of the prominent Atlanta Methodist preacher, Rev. H. L. Crumley, would be planting flowers on the grave of a dead tramp, and her friend still would pity her as the victim of a sad fate, instead of the strange dreamer of an imaginary romance.

In her telegram from Chicago to her kindred in Atlanta she wrote her psychical fiance, Dr. Alleyne Hensley, had died on October 21. She evidently had made a mistake in copying the coroner's record, for when the death certificate arrived in Atlanta with the body it was discovered the man had died on October 31. This led to a questioning of the girl which otherwise would not have been made.

Girl Confesses Everything.

When confronted with these discrepancies Miss Crumley broke down and confessed everything. She said she had secured the corpse and brought it home to bury, as the best way of ending an awkward situation in which she had found herself with her wedding set for next Wednesday and elaborate arrangements made for the event.

Miss Crumley left Atlanta about two weeks ago for New York, where she said she was to take in charge the little 4-year-old daughter of her fiance, who, she said, had been in an orphan asylum. Her girl friends had made up a wardrobe of beautiful clothes for the child.

Injury and Death Reported.

After arriving at New York Miss Crumley telegraphed relatives she had been joined by an uncle and aunt of Dr. Hensley, who brought the child, and the party planned to return home via Denver. Then a telegram from Chicago announced Dr. Hensley had been injured in a wreck. Several hours later another message said he was dead, and asked for \$200. This money was wired to her.

At the coroner's office Miss Crumley made the following statement: "At an inquest on the body of Alleyne Hensley, held November 3, personally appeared Julia Crumley Hensley, who being sworn according to law, deposes and says: My name is Julia Crumley Hensley. I reside at the Congress Hotel and am a musician. The deceased is my husband, born in Kentucky, 37 years of age; father's name Edward. I do not know his mother's maiden name nor where she was born.

Child of Four Claimed.

"He was a physician and had lived in Chicago one month. I don't know where he lived in this city. He carried no insurance. We have one child 4 years old. We were married in Tampa, Fla. He left me immediately after our marriage. I last saw him in July of this year, in New York. I next saw and identified his body this morning, November 3, as that of the above-named deceased.

"I cannot afford to pay inquest fees. We will bury the deceased in Atlanta."

FROM WHERE CARTOONIST REYNOLDS SAT, SOME PROMINENT EVENTS IN THE WEEK'S NEWS LOOKED THIS WAY.
