## A CHILD DOESN'T LAUGH AND PLAY

Look, Mother! Is Tongue Coated, Breath Feverish and Stomach Sour?

"California Syrup of Figs" Can't

"California Syrup of Figs" Can't Harm Tender Stomach,
Liver, Bowels.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listlens, pale, feverish, full of cold, breath had, throat sore, doesn't eat, sleep or act naturally, has stomache, diarrhoea, remember, a gentie liver and bowel cleansing should always be the first ireatment given.

Nothing equals "California Syrup of Figs" for children's lils; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is slosged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmiess, delicious "fruit laxative," and it never falls to effect a good 'inside' cleansing Directions for bables, children of all ages and grown-ups are plainly on the bottle given today any on the bottle given today of the control of the North Pacific Dental Co EVY HAS NARROW ESCAPE

The state of the stat

bat the 'type madness' of the theatrical managers, and it takes about 10 years of hard labor," says Juliette Day, whose performance in the Salisbury Field-Margaret Mayo farce, "Twin Beds," which comes to the Heilig Theater the week boginning Sunday, November 28, is one of the outstanding factors in its success.

"It takes wisdom, and patience, and guile, and, like the funny old negro preacher advising his congregation on mixing the wisdom of the scrpent with the sweetness of the dove, you want to mix it about three parts sarpint to one part dove. But unless you want to go from your first part to your last delanging the names of your parts, you have to get out and hustle.

"The great trouble with most of us"

Is that we get sick of playing the part 'that makes us famous,' and we say, 'Give me something as unlike this as day to night.' The startled manager in equidates us, and I'm not certain I blame him. But if you go guilefully and say to him, 'Or course, I've got to go on with this same old stuff, they expect it of me, but it wouldn't do any harm, I reckon, to alter the dresses a little, give them a little variety.' he mays 'all right.' It isn't that he agrees we we we may attention.

"Well, it won't take you more than one season to widen that opening wedge. You do it so gently that nothing you used to do!" It's that that keeps us all alive."

mook. The counties of Yamhill and Tillamook have expended substantial sums in the last year to elevate the grade of this road high enough to bar against floods every Spring. They have succeeded partially, and the money now due from the state will enable them to complete the project.

In connection with this development, the heavy grade over Doiph Mountain has been reduced so that a machine can negotiate most of the hill now on high gear. The road either is macadamized or otherwise surfaced so that travel will be open, it is expected, through the entire year.

Mrs. H. S. Carlson, of Wakefield, Nebr., testifies to the relief she experienced from the use of Fruitola and Traxes

Has Faith in Remedy

"I used Fruitola and Traxo with very good results, having passed almost a cupful of gall-stones with the first bottle. My skin is clear now, and I have a good appetite. I have lots of faith in Fruitola and Traxo." Fruitola is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Portland they can be obtained at The Owl Drug Co. Stores.
