Meetings of State Horticultural  
Society and Farmers' Union At-  
tract Many—Football Game  
Chief Topic of Interest.

BY ADDISON BENNETT.  
CORVALLIS, Or., Nov. 20.—(Special.)—  
Corvallis has had a pretty busy week.  
Oregon Agricultural College has drawn  
a great many people here to attend the  
29th annual meeting of the Oregon  
State Horticultural Society—and for  
other purposes. Other purposes—

There is a wide-spread opinion that  
the coming of the Farmers'  
Union, a state-wide organization that  
is doing good work in organizing the  
farmers of the state and protecting  
them, is one of the most important  
things that have happened in Oregon  
since the war began. It is a wonder  
that it is not more widely known.  
The Farmers' Union has been doing  
much of the work in the state since  
the war began. It is a wonder that  
it is not more widely known.

Impressions Are Gained.  
But the Oregonian from day to day  
has given its readers the proceedings  
of the meeting, as well as that of  
the horticultural society, so it is not  
my province or desire to enter into a  
discussion of the merits of either  
organization. I came here with quite  
another purpose, but those who wish  
to know what might be called a  
sidelight on the objects and activities of  
the Oregon Agricultural College, and  
those who have been interested in  
this time because it seemed advantage-  
ous to gather impressions of the work  
of the college from those most deeply  
interested.

However, the "Hort. Show," as every-  
body seems to call the wonderful  
display of fruits, flowers, vegetables  
and hydroponics on exhibition, is  
far more than passing notice—of far  
more extensive notice than I can  
give it.

First, the show was practically put  
together by the students of the college,  
assisted by various members of the  
alumni. The former got what they  
could, and the latter, by their own  
efforts, secured the exhibits. It was  
actually assisted in getting together  
the exhibits, but surely several hundred  
had a hand in it.

Displays Are Choice.  
As it stands now in the gymnasium  
I must say that no other show there  
has ever been better than this one.  
Suppose we take up the apple  
display first. Here we have apples  
from all over the state, in many  
varieties, but in small numbers on  
plates, but enough to distinguish  
properly their merits. And from Wisconsin,  
New Jersey, Michigan, West Virginia,  
Nebraska, New York and North Carolina  
there were state exhibits. What an  
interesting comparison of the apples  
of these states with those grown in  
our own state, apples, mind, in many  
instances of the same variety. Why, it  
was almost impossible to pick out  
any one of the apples from the  
others.

Forgery Guard Invented.  
Mechanical Check Signer Offered  
and Patent Applied For.

ABERDEEN, Wash., Nov. 18.—(Spe-  
cial.)—A mechanical check signer,  
which is guaranteed to defy forgers,  
has just been invented by N. D. Mc-  
Killop, former County Superintendent  
of Schools at Montesano, and a patent  
for the device has been applied for. Mr.  
McKillop says that bankers, who have  
been troubled by the practice of having  
their checks forged, will be glad to  
own the machine, because it is a sure  
and safe way to keep their checks  
from being forged.

Fiftieth Wedding Anniversary  
Celebrated.

Mr. and Mrs. James H. McFarland.  
COTTAGE GROVE, Or., Nov. 20.—  
(Special.)—Without a wedding anniversary  
celebration of any kind having been  
observed in the family and with five  
of their six children present, Mr. and  
Mrs. James H. McFarland cele-  
brated their fiftieth wedding anniversary  
November 11. A dinner was served at  
noon.

Mr. McFarland came to Cottage  
Grove in 1852 with his father, John W.  
McFarland. Mrs. McFarland's family  
came here in 1852. They went to school  
together, grew up together and were  
married here November 11, 1842. Cot-  
tage Grove has been their postoffice  
address ever since. They are now 70  
and 64 years old, respectively. They  
own part of the donation claim taken  
up by Mr. McFarland's father. The re-  
mainder of the claim is owned by two  
sons—G. W. and Charles. The chil-  
dren are Mr. W. W. Christian,  
Charles, G. W. W. W. J. P. and Miss  
Muriel.

SCENES AT OREGON AGRICULTURAL COLLEGE.

Mechanical Hall, O.A.C.

Southern Hall, O.A.C.

Althea Fraternity House

have been confidentially assured the  
Oregon Agricultural College boys are  
going to trounce the tar out of the  
University of Oregon squad, and I ex-  
pect to be there wearing the colors of  
both institutions, the only neutral on  
the grounds. After that I will have  
more to tell about the Oregon Agricul-  
tural College and many things be-  
ing done—and more that should be  
done—here.

RIDGEFIELD CLUB GAINING

Open Meeting Draws Big Crowds  
Despite Inclement Weather.

RIDGEFIELD, Wash., Nov. 20.—(Spe-  
cial.)—The open meeting held by the  
Ridgefield Commercial Club at the High  
Hall last Monday night was a big suc-  
cess in every way. In spite of inclem-  
ent weather about 200 people attend-  
ed. A program was rendered as fol-  
lows: H. J. Potter, Mayor of Ridge-  
field and also president of the club,  
made an address; selection by Ridge-  
field band; J. W. Mackay delivered an  
address; vocal solos by Louis Meek-  
er, Miss Vivian Hughes, Miss Helen  
McWilliams, Miss Katherine Freeman,  
Mrs. Walter McClellan and Mrs. James  
E. Keith; a piano solo by Miss Grace  
Hale.

The original vocal solo, "Ridgefield,"  
by Mrs. James E. Keith, won the entire  
house. Considerable interest in the  
Commercial Club was created and new  
members were enrolled. The club now  
has a membership of about 20.

ABERDEEN, Wash., Nov. 18.—(Spe-  
cial.)—A mechanical check signer,  
which is guaranteed to defy forgers,  
has just been invented by N. D. Mc-  
Killop, former County Superintendent  
of Schools at Montesano, and a patent  
for the device has been applied for. Mr.  
McKillop says that bankers, who have  
been troubled by the practice of having  
their checks forged, will be glad to  
own the machine, because it is a sure  
and safe way to keep their checks  
from being forged.

Dryden Power Plant Nearly Rebuilt.  
WENATCHEE, Wash., Nov. 20.—(Spe-  
cial.)—The power plant at Dryden of the Wenat-  
chee Valley Electric Company, de-  
stroyed by fire in September, is almost  
completely rebuilt. It is included here  
because the work will not hurt the ma-  
chinery, and it is expected the roof will  
be finished this week.

PHOENIX, Ariz., Nov. 20.—(Spe-  
cial.)—The Phoenix Chamber of Com-  
merce has just received a shipment of  
300 pairs of pheasants from the  
United States Government. The  
balance of the birds has been scat-  
tered in small numbers over a large  
territory in the county.

FREE KINDLING!  
When in need of coal avail yourself  
of dry kindling and if you wish to  
mix wood and coal, investigate green  
inside fir mixed with black and slate,  
which is ready to use—\$2.50 double  
load; \$1.75 single load. Edgerton Fuel  
Company, Commercial Club building,  
Phone East 283. The Manu-  
facturers' and Land Show awarded us  
highest prize—Adv.

Pheasants Freed Near Centralia.  
CENTRALIA, Wash., Nov. 20.—(Spe-  
cial.)—Lewis County Game Warden  
North Wynn has released 50 pairs  
of Chinese pheasants in the vicinity  
of Centralia, the birds being part of  
a shipment of 300 pairs received from  
the United States Government. The  
balance of the birds has been scat-  
tered in small numbers over a large  
territory in the county.

3 Brothers, 3 Nephews at Front.  
ROSEBURG, Or., Nov. 20.—(Spe-  
cial.)—C. H. Arundel, a local piano dealer,  
has received a letter from his father,  
Charles Arundel, of Birmingham, Eng.,  
to the effect that Mr. Arundel's three  
brothers are now serving in the English  
army. Mr. Arundel also has three  
nephews on the fighting front.

OLYMPIA CAMPAIGN HOT

REPUBLICANS BRING OUT C. B. MANN  
AGAINST MAYOR MOTTMAN.

Changes in Police Administration Base  
of Attack, Chief Recently Having  
Been Replaced.

OLYMPIA, Wash., Nov. 20.—(Special.)—  
Around an innocent looking group of  
"stickers" candidates dominated on the  
Republican ticket at the recent pri-  
maries, opponents of the city adminis-  
tration have built up a formidable  
campaign against Mayor George A.  
Mottman, who is running for his fourth  
term at the head of the citizens' plat-  
form, on a municipal ownership plat-  
form.

Both sides are making the most  
active city campaign for many years  
and Mayor Mottman, in a series of  
speeches to the Olympians that he is  
making in accordance with his  
methods in previous campaigns, is  
charging the power and water com-  
panies with financing the Republican  
campaign.

The Republicans have built up their  
ticket around C. B. Mann, a pioneer  
merchant and former Mayor, Mrs. Julia  
Waldrip, City Treasurer for the last  
two years, is opposed by Mrs. Edward  
Smith and the activities of adherents  
of these two candidates is not sur-  
passed by the campaigning of the  
majority candidates. The registration  
is almost 2700.

The Republican campaign is built  
upon attack of police administration  
by the present administration. Mayor  
Mottman recently discharged Chief  
Hall, the center of attack, appointing  
A. E. Cator, formerly Prohibition can-  
didate for Governor and United States  
Senator, in his place.

LODGE TO BE INSTALLED  
Nineteen Charter Members Are to  
Be Initiated Tonight.

CHEHALIS, Wash., Nov. 20.—(Spe-  
cial.)—Chehalis No. 11, Order of the  
Sons of Herman, will be installed in  
this city at the Oddfellows' Hall to-  
night by the officers of the grand lodge  
of Washington. Herman Mathies,  
grand president; G. H. Schneider, grand  
secretary; and Richard Schaeffer, Na-  
tional grand secretary of the United  
States, will be the installing officials.

Nineteen charter members have been  
obtained for the new organization, and  
the officers of the new lodge, who will  
be installed, are as follows: J. O.  
John, president; Ted Hiedle, vice-  
president; Christian Kramer, secretary;  
Robert Warmuth, treasurer; Fred Wenzel,  
Arthur Bentz and Theodore Ger-  
trude, trustees; Willy Eler, guide; Got-  
fried Kuria, inside guard; Gus Maehke,  
outside guard.

FREE KINDLING!  
When in need of coal avail yourself  
of dry kindling and if you wish to  
mix wood and coal, investigate green  
inside fir mixed with black and slate,  
which is ready to use—\$2.50 double  
load; \$1.75 single load. Edgerton Fuel  
Company, Commercial Club building,  
Phone East 283. The Manu-  
facturers' and Land Show awarded us  
highest prize—Adv.

Pheasants Freed Near Centralia.  
CENTRALIA, Wash., Nov. 20.—(Spe-

PARTY WARNED TO  
SELECT CAREFULLY

Idaho Republican Chairman  
Drops In on Leaders for  
Campaign Conference.

STATE OFFICERS TO RUN

Senator Hart Reported to Be Con-  
sidering Gubernatorial Race and  
Also to Have Indorsed Twin  
Falls Banker for Place.

BOISE, Idaho, Nov. 20.—(Special.)—  
The preliminaries in the 1916 political  
campaign were opened here this week.  
Evan Evans, of Grangeville, manager of  
the Republican State Central Com-  
mittee, started them off with a con-  
ference of party leaders. It is the  
first step in an itinerary that will take  
him through the southern and south-  
eastern part of the state on an or-  
ganization mission. His coming was  
unheralded.

The Republican state chairman says  
he has no favorites and therefore no  
candidate for office. This is his an-  
swer to the report that because he  
has announced his candidacy for  
United States Senator both during the  
legislative and following primary  
campaigns he looked with favor on the  
ex-chief Justice's possible candidacy  
for Governor.

Party Advised to Be Careful.  
At the conference held this week  
with Chairman Evans some very frank  
admissions were made. The party  
chairman is not averse to the belief  
that the primary and general elec-  
tion campaign are to be an easy one  
and that any candidate can win. He  
is convinced that only the party's  
primary ticket can win by nominat-  
ing only men in whom the people have  
confidence. Chairman Evans has  
taken the cue of Senator Booth.

At least two state officials prob-  
ably will be successful in succeed-  
ing themselves. They also may have  
opposition.

John W. Eagleson, State Treasurer,  
will be one of the two candidates for  
a second term. He was a primary  
candidate last year, but was defeated  
by the nomination by O. V. Allen, who  
later was exposed as a Republican  
ambassador. Treasurer Eagleson ran  
second in the primary race. His name  
was written in after the Allen expose.

Miss McCoy May Be in Race.  
The second state official due to make  
the race at the primaries is W. Hart, of  
Baker, Secretary of State. Mr. Barker  
had charge of the Republican press  
bureau during the last campaign and  
at the same time was the Republican  
party's candidate for Secretary of State.

Miss Bernice McCoy, State Superin-  
tendent of Public Instruction, might  
be a candidate. She led the Republi-  
can ticket at the last election and  
there is every reason to believe that  
she will be a candidate to succeed her-  
self.

At least one Republican looked upon  
an office as a stepping stone to a  
second term. Irvin E. Rockwell, of  
Blaine County, one of the  
strongest men in the state, has  
announced his retirement from  
politics and devotion to the mining  
business in that county.

Senator Hart is mentioned.  
The week has seen some revival of  
reports that Senator John W. Hart, of  
Manan, Jefferson County, president  
pro tem of the Senate and party whip,  
is being urged to become a candidate  
for Governor. Party leaders, how-  
ever, state that he has no ambitions along  
that line.

Instead, the report has been per-  
sistent here he has indicated his in-  
clination to run for Governor. Mr.  
Hart is a Falls banker.

The prospective Republican lineup  
for state offices, therefore, begins to  
look like this:  
Governor—David W. Davis, American  
Party; E. G. Davis, Boier, and J. H. Hill,  
Republican Party; Robert M. McCracken,  
Boier; E. E. Elliott, Boier; Perry; Peter  
Johnston, Boier.

Secretary of State—George R. Barker,  
Republican Party; John W. Eagleson,  
Republican Party; H. L. Hopper, Ragby;  
Bryon, Republican Party; J. H. Hill,  
Republican Party; Robert N. Bell,  
State Mine Inspector.

NEW TOWN IS PLANNED  
RAILWAY JUNCTION ON COLUMBIA  
RIVER IS SITE SELECTED.

Hermiston Company to Install Water  
System and Improvements—Loca-  
tion is Near Irrigated Land.

HERMISTON, Or., Nov. 20.—(Special.)—  
The Boardman Townsite Company, of  
Portland, has just selected a new town  
site near the junction of the  
new Coyote Cutoff and the Spokane  
branch of the O.-W. R. & N. Company  
at Morrow County. The town site  
is 14 miles east of Portland. The  
reason for establishing the new town  
is the recent completion of the irrigat-  
ing system of the Umatilla Project,  
which will be followed by the opening  
of 25,000 acres of land for settlement.

The town site is located on 55 acres  
of the original homestead of E. H.  
Boardman, a graduate engineer, who  
located 160 acres 12 years ago.

The O.-W. R. & N. Company has just  
completed a new 2400-foot station in  
this locality. Arrangements have been  
made for commencing the erection of  
a hotel. The townsite company will  
install at once a domestic water system  
and will grade streets during the win-  
ter and will plant shade trees on both  
sides of all streets in the early spring.  
The town is 13 miles west of Irriga-  
tion and 14 miles east of Morrow  
County. The town site is 14 miles  
east of Portland. The reason for estab-  
lishing the new town is the recent com-  
pletion of the irrigating system of the  
Umatilla Project, which will be fol-  
lowed by the opening of 25,000 acres  
of land for settlement.

Snow Closes Snoqualmie Pass.  
OLYMPIA, Wash., Nov. 20.—(Spe-  
cial.)—Snoqualmie Pass, the portion of  
the Sunset Highway completed through  
the Cascade mountains, has been closed  
by snow. The road is closed for the  
winter.

THE NEW 42-SIX IS HERE  
KISSELKAR

"Every Inch a Car"  
The verdict of the 42-Six of last season was: Superlative quality in every  
detail—construction, appearance and general performance. The new 42-Six of  
this season possesses refinements and improvements on last year's model—  
and at a lesser price!

Smoothness of motion is the keynote of the motor, beautiful yacht-like  
lines the feature of the design—in fact, ALL that you have thought OUGHT  
to be in a car, and have perhaps yet to find, is embodied in this latest Kissel  
product.

Note the reduction in prices: The Five-Passenger Four-Door Touring Body  
is listed at \$1485, the Seven-Passenger Four-Door Touring at \$1585, the Five-  
Passenger Two-Door at \$1650, the Seven-Passenger Three-Door at \$1750 and  
the Roadster at \$1650.

A notable Kissel invention of last  
season, whose Detachable Top arrange-  
ment provides an open car when it's  
warm and pleasant, a closed coach when it's chilly, or dusty, or rainy, changed  
from one to the other in less than a half hour—giving you the utmost in versa-  
tility and practicability. With the new 42-Six the ALL-YEAR Car comes in  
three models: Roadster Coupe, \$1950; 5-Passenger Sedan, \$2000, and 7-Pas-  
senger Sedan, \$2100.

EVERY KisselKAR model, part for part, is built in the Kissel factory, and  
nowhere else. No "assembling" in the case of the KisselKAR—every detail of  
body and chassis is constructed in the one plant at Hartford, Wisconsin, by  
manufacturers whose watchwords are endurance and service always.

The COMPLETE line of KisselKAR models, including the  
new 32-Four, is now ready. Why not drop in, place your  
order and insure early delivery?

The commercial cars, the Kissel Trucks, are also ready  
for inspection. They range from the 1000-lb. capacity  
model at \$950 to the 6-ton capacity at \$4350.

BOOTH TRIAL NEAR

Willamina Murder Case, In-  
volving Couple, Interests.  
NEW EVIDENCE REPORTED  
Witness Will Be Called Back From  
California—Both Declared to  
Have Been in Vicinity at  
Time Shot Was Heard.

WILLAMINA, Or., Nov. 20.—(Special.)—  
As the trial of the William Booth  
murder case draws near, which is set  
for hearing commencing Monday, great  
interest prevails. Many witnesses were  
summoned before the grand jury last  
week to give testimony, and it is known  
that there will be some 30 witnesses  
at the hearing.

Ed Booth, a brother of the murdered  
man, was here from Idaho looking  
after matters as to the trial.  
Joseph Mannix has been retained by  
the Booths to assist the Prosecuting  
Attorney, and has been busy gathering  
evidence.

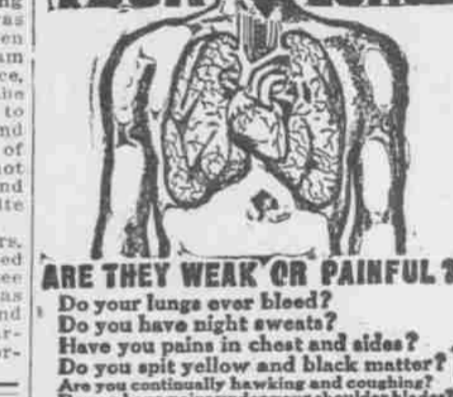

It is rumored that the revolver has  
been found and that it will form the  
missing link in the evidence, and tends  
to show that Branson and Mrs. Booth  
were in the vicinity at the time the  
shot was fired.

Both were seen to pass the Ergen  
home and not the Yates. Between  
these two places the tragedy took  
place. It was immediately following  
this that Booth was seen running  
through the Yates garden lot, and was  
running up the stream. He was then  
seen to get up and run toward the river,  
and in doing so had to run alongside of  
the fence. It was then that the shot  
was heard, and when he was found  
Annie Booth, whom he was thought to  
have been with, was seen on the opposite  
side from which he was seen.

John Parker was at the home of Mrs.  
Harrington, mother of the accused  
Annie Booth, whom he was thought to  
have been with, at the time of the  
murder. He was seen to get up and  
run toward the river, and in doing so  
had to run alongside of the fence. It  
was then that the shot was heard, and  
when he was found Annie Booth, whom  
he was thought to have been with, was  
seen on the opposite side from which  
he was seen.

YOUR LUNGS

ARE THEY WEAK OR PAINFUL?  
Do your lungs ever bleed?  
Do you have night sweats?  
Have you pains in chest and sides?  
Do you spit yellow and black matter?  
Are you continually hacking and coughing?  
Do you have frequent spells of shortness of breath?  
These are Regarded Symptoms of  
LUNG TROUBLE

You should take immediate steps to check the  
progress of these symptoms. The longer you  
allow them to advance and the more  
deep-seated and serious your condition becomes,  
the more difficult will be the cure. We  
stand ready to prove to you absolutely, that  
the German Treatment has cured completely and  
permanently case after case of Consumption  
(Tuberculosis), Chronic Bronchitis, Catarrh of the  
Lungs, Catarrh of the Bronchial Tubes and other  
lung troubles. Many sufferers who had lost all  
hope and who had been given up by physicians  
have been permanently cured by Lung Germe-  
lin. If your lungs are merely weak and the disease has  
not yet advanced, it is possible to prevent its  
development, you can build up your lungs and  
system to their normal strength and capacity.  
Lung Germe-lin cures advanced Consumption,  
and the patients remain strong and in splendid  
health today.

Let us send you the Proof—Proof that will  
convince any Judge or Jury on Earth  
We will gladly send you the proof of many re-  
markable cures, also a TRIAL package of Lung  
Germe-lin, together with our new large book  
on the treatment and care of con-  
sumption and lung trouble if you will send your  
name and address (stamp or silver) to help  
cover expense.

How to Prevent  
Acid Stomachs And  
Food Fermentation

By a New York Physician.  
"My experience has forced me to the  
conclusion that most people who com-  
plain of stomach trouble possess stom-  
achs that are absolutely healthy and  
normal. The real trouble, that which  
causes all the pain and difficulty, is  
excessive acid in the stomach, aggra-  
vated by food fermentation. Hyper-  
acidity irritates the delicate lining of  
the stomach abnormally, causing that  
familiar bloated feeling. This both acid  
and fermentation interfere with the  
digestion by these foreign elements—  
acid and wind. In all cases—and they  
comprise a great majority of all stom-  
ach difficulties—the first and only step  
necessary is to neutralize the acid and  
stop fermentation by taking in a  
little warm or cold water immediately  
after eating, from one to two teaspoon-  
fuls of bicarbonate of soda, which is  
the most effective antacid and food  
corrective I have ever found. The ex-  
cessive acid will be neutralized and the  
fermentation stopped almost instantly,  
and your stomach will at once proceed  
to digest the food in a healthy normal  
manner. Be sure to ask your druggist  
for Bismarck magnesia rather than  
magnesia in any other form—Adv.

Now Is the Time
