An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2 1/2 ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in almost every case. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with guaiaiol and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., P. O. Wayne, Ind.
