BODIES OF TWO MISSING

ARRANGEMENTS FOR FUNERAL OF MR. AND MRS. BYERS DELAYED.

Couple Who Died at Denver at Reunion With Daughter to Be Laid to Rest in Portland.

The bodies of Mr. and Mrs. J. F. Byers of Portland, who several weeks ago started for Denver for a holiday reunion with a daughter, whom they had not seen for six years, and both of whom died on the same day in Denver, December 14, failed to reach Portland last night, as scheduled.

Mr. and Mrs. Byers died within 14 hours of each other arriving at Denver. Each was unconscious when taken to the hospital and died without regaining consciousness to the last.

Mr. Byers died December 14 at 4 o'clock in the morning and Mrs. Byers passed away the same date at 6 o'clock at night.

Mrs. Charles Lathrop, the daughter who had made elaborate plans for the family reunion, was overcome. A son, Fred Byers, of Portland, accompanied them to Denver and was there at the time.

An effort will be made today to locate the bodies. It is presumed they were held in Denver for possible investigation.

SLIDE COMPELLED MR. SARGENT SAYS

State Bank Superintendent, However, Changes Mind and Holds Up Indorsement.

MOTIVE REMAINS MYSTERY

Governor, State Treasurer and Others Insist Official Urged Slide's Appointment and for Some Reason Changed Attitude.

SALEM, Or., Dec. 18.—(Special.)—With Governor Withycombe and State Treasurer Kay flatly declaring that Superintendent of Banks Sargent had recommended the appointment of E. F. Slade for bank examiner, as being fully competent to hold the position, and Mr. Sargent today asserting that he does not consider Mr. Slade qualified for the place, a new aspect was given to the Banking Board's action in naming Mr. Slade as assistant examiner.

Mr. Sargent tonight apparently reversed his previous attitude, in which he gave the Governor, State Treasurer and others no reason to understand he deemed Mr. Slade qualified for bank examiner, declaring that he meant to say assistant examiner. He asserted his other statements were not intended for publication.

Governor Repeats Position.

"It is true that Mr. Sargent came to me and on his own initiative recommended the appointment of E. F. Slade," said Governor Withycombe tonight in a statement dictated over the telephone from Corvallis. "Up to that time I never knew a vacancy had occurred in Mr. Sargent's office and I was not prepared to nominate another man. Even then he admitted Mr. Slade's entire competency and the only doubt he expressed was regarding his age. It is also true that at the Board meeting, when the selection was made, Mr. Sargent heartily indorsed Slade, as has been stated, some few days before the meeting to name a successor to Examiner Sims and said he intended to recommend Slade for the place."

Change of Mind Mystified.

"I do not know what caused Mr. Sargent to change his mind and decide to recommend Mr. Slade," said Governor Withycombe tonight. "I told him I would vote for Mr. Slade, since he had previously said he was competent."

At the meeting of the Banking Board Mr. Sargent told the members of his intention to recommend Mr. Martin. Mr. Sargent said he understood the majority of the Board favored Mr. Slade, he would recommend him for assistant examiner. He praised Mr. Slade's ability highly at that time.

Superintendent Sargent declared tonight that he regretted exceedingly the circumstances connected with the Slade appointment. He said he had never intended his statements for publication.

"I would like to say, however," said Mr. Sargent, "that I am a very competent and trustworthy young man. He has made an unusually efficient assistant in my office during the past two years, but I have contended at all times, and still contend, that he is not qualified, either by age or practical experience, for the important position of State Bank Examiner."

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink Glass of Hot Water Before Breakfast to Wash Out the Poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious morning to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, spitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of lime-salt phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and lime-salt phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, acids and sticky complexions are urged to get a quarter pound of lime-salt phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.
