To Our Patrons

We, the undersigned, and all our employes wish you all a happy and prosperous New Year. We also take this opportunity to thank each and every one of you for the vast amount of patronage given our retail store during the first year of our retail business. When we opened this store little did we realize how greatly in need Portland was of a store of this kind, such as ours, where the saving people could buy guaranteed merchandise of every description at prices that are within the reach of all. After receiving the immense volume of patronage during this initial year of our business that we did we think it no more than right to reciprocate to the good savings people of Portland and vicinity, so we are going to start this new year of 1916 with the greatest and most unique sale ever offered to the people of this or any other city.
