WASHINGTON, Jan. 17.--A measure proposing a high graduated tax on the incomes of American expatriates, derived from their American properties, will be introduced in the Senate by Senator Kenyon, of Jowa.

Senator Kenyon, of lowa. The Kenyon bill would place an an-nual tax of practically 30 per cent on the incomes of the wealthier expa-triates. Also it would make the dowers given to American girls who marry titled foreigners a source of considera-ble revenue to the United States Gov-ernment.

Anyocates of the measure point out that millions of dollars of income from American investments are being heav-ily taxed for the support of the gov-ernments of the adopted countries of the American expatriates and at this time for the financing of the European

"There will probably be some op-position to the bill," said the Senator. "As for the collection of the tax, that is a comparatively simple matter.
