

UPDIKE WILL GIVE BAIL FOR HIS SONS

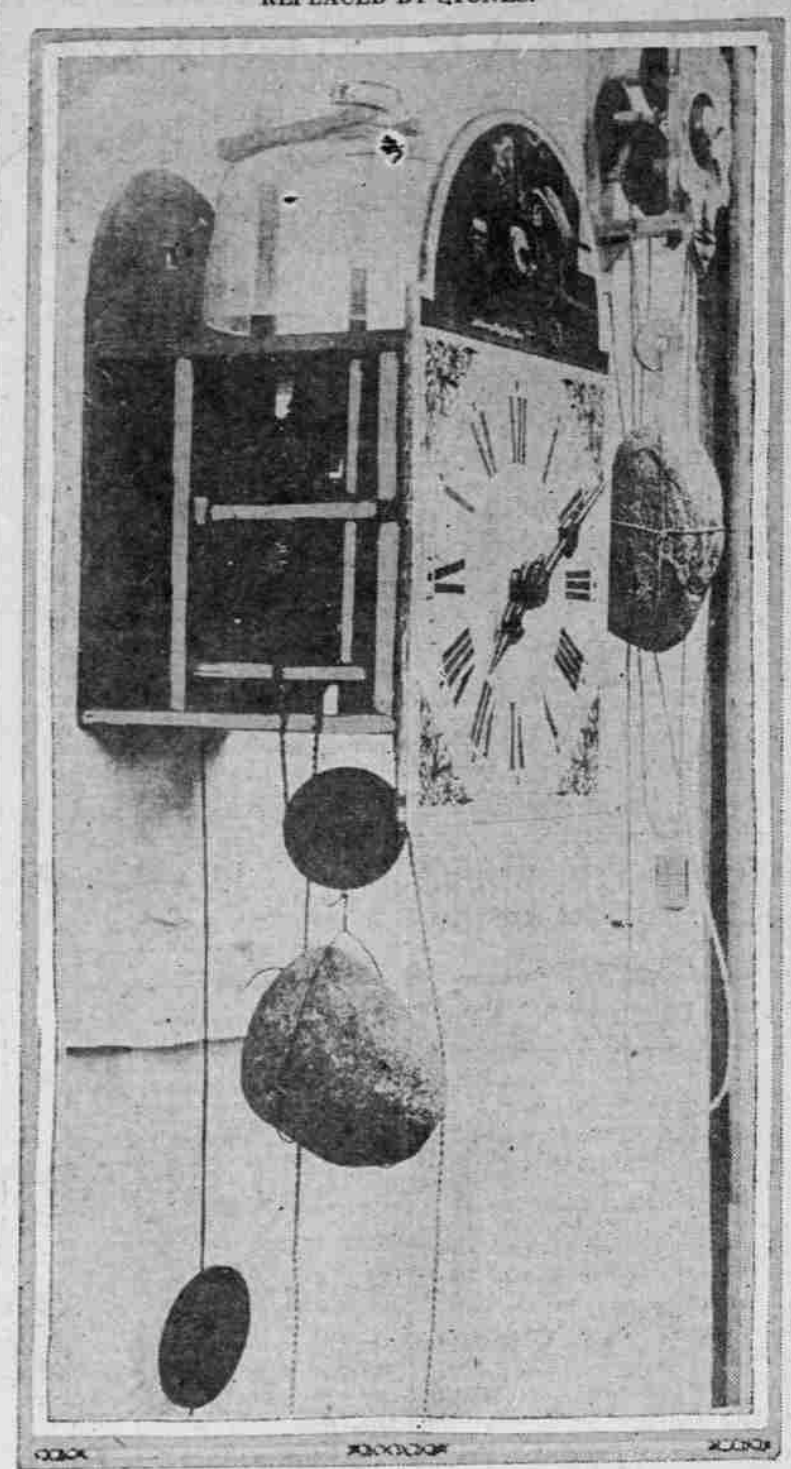

Father Calls at Jail to See Pair Accused of Plot to Murder Family.

YOUNGER MEN ARE CALM

Letter Appealing to Parent to Aid Prisoners Brings Speedy Reply. Bonds Originally Fixed at \$30,000 for Each.

CHICAGO, Jan. 22.—(Special.)—Furman D. Updike and his two sons, Irving and Herbert, came together today in a dramatic meeting at the County Jail, the first since the sons were arrested charged with a sensational plot to murder their father and sister. Mr. Updike went to the County Jail in answer to a letter from the prisoners asking him to visit them and arrange bail and secure their release. The brothers received a note from the father agreeing to visit them. Mr. Updike arrived at the jail at 2 o'clock. Saturday is not a visitor's day, but arrangements had been made to permit the meeting. Mr. Updike advanced toward his two sons with both hands extended. "Well, my boys," he said in a quiet voice, and then shook hands with both. Although the father appeared to be under a terrific strain to preserve his calm demeanor and steady voice, neither Herbert nor Irving seemed embarrassed. Their manner even became a little flippancy regarding the comparative comforts of the jail and home, and Herbert assured his father that "jail is hell." It is understood that Mr. Updike agreed to furnish bail for his sons if they are admitted to bail on Monday at the hearing before Judge Burke. Attorney George Remus went before Judge Burke in the morning and arranged to have the court hear an application for bail for the Updike boys Monday. At the time the grand jury returned the indictment their bonds were fixed at \$30,000 each.

COPPER CLOCK WEIGHTS, CONVERTED INTO GERMAN BULLETS, REPLACED BY STONES.

—Photograph by Underwood.

The shortage of copper throughout the German Empire is marked to such a degree that not only have the copper cooking utensils, the pride of the thrifty German housewife, been converted into food for rifle and gun, but even the ancient clocks with heavy pendulums of copper have been made to add to the war contributions. The picture shows some quaint old clocks in the Black Forest. The copper weights of the pendulums have been removed and stones have been substituted for them.

CHECK STAMP TAX OPPOSED

Representative McArthur Voices Protest of Constituents.

OREGONIAN NEWS BUREAU, Washington, Jan. 22.—Representative McArthur has introduced a bill against the proposed stamp tax on bank checks with Chairman Kitchin, of the ways and means committee of the House of Representatives. Mr. McArthur declares that he has received numerous letters from his constituents protesting against this form of tax, which was recommended in the annual message of President Wilson.

Concerns that would be especially hard-hit by a stamp tax on bank checks are creameries, of which there are a large number in Mr. McArthur's district. It is the custom of most of these creameries to pay their patrons twice a month, and in some instances, at the end of each week, and one concern alone in Portland sends out 10,000 checks a week, in amounts varying from \$2 to \$10.

CLAIMS BEING PREPARED

Data of Cowitz Tribe Gathered for Presentation to Congress.

C., as provided by the bills recently introduced in Congress by Senator Jones and Representative Johnson, George Jack, of the Chehalis reservation, near Okville, has been actively getting the names and addresses of the members. Mr. Jack will hold a series of meetings at Mossyrock, Okville, Nisqually and other central points where the Indians will gather and make proper reports for use in the Court of Claims. The Jones-Johnson bill provides that each member of the tribe be paid the sum of \$800 in cash.

MR. LANE TO HEAR PLAINT

Boise Water Users Send Delegate to Accuse ex-Water Master.

CALDWELL, Idaho, Jan. 22.—(Special.)—The directors of the Boise Water Users' Association today voted to send C. M. Rankin, a member of the board, to Washington to lay before Secretary of the Interior Lane serious charges against John E. Badley, ex-water master. The action followed a heated session. Members of the board charged that influence had been used to stifle a report filed by a special agent a year ago covering an investigation of the charges against Mr. Badley. C. M. Rankin, of the water users' investigating committee, declared that the committee had evidence which should be given to Secretary Lane.

WIFE TAKES FLIGHT

Police Told Mulatto Chauffeur Forced Elopement.

SAN DIEGO, Cal., Jan. 22.—Police departments of every city and town in Southern California have been asked to aid in the search for Mrs. Viola Hood, 28 years old, wife of a San Diego hotel proprietor, who, it is alleged, was forced by Raymond Dodds, a mulatto, to leave her husband and flee with him from the city. Dodds, formerly a chauffeur in the employ of Hood, is alleged to have threatened to kill the Hoods and her parents, Mr. and Mrs. S. F. McPherson, if she did not accompany him. Investigation by the San Diego police has revealed that a woman answering the description of Mrs. Hood bought a ticket for Los Angeles yesterday from an auto bus company, and five minutes later a negro who fitted Dodds' description appeared with two suitcases. Both went to Los Angeles. Hood declared today he received a telegram today from his wife from Los Angeles which read: "I have taken the only course open to keep my family from death and destruction. Am leaving here right now. Will write again soon. Go to mamma; she will tell you all. Brace up; you cannot suffer more than I am or have been. Tell the people we had trouble and I left. With love, good-by." According to the police, Dodds was dismissed from Hood's employ for alleged thefts. After his discharge, it is alleged, he declared he would "get even" with Hood. Letters threatening death to Mrs. Hood, her husband, and her parents are said to have been received by the hotel man's wife. The Hoods have been married 10 years.
