

PHILIPPINES BILL WITHOUT MEANING

Democratic Measure for "Independence" Expected to Accomplish Nothing.

BORAH SHOWS HYPOCRISY

Senator Declares It Is Pure Insincerity to Talk of Giving People Own Government Years Ahead of Time.

OREGONIAN NEWS BUREAU, Washington, Jan. 22.—While many Democrats in Congress are talking at length about Philippine independence...

Ever since the close of the Spanish war there has been Democratic clamor and during all the years the Democrats were in the minority...

Headline Bill Means Nothing. The only pretense made by the Democrats has been through the pending Administration bill...

It is well known in Congress that this bill means nothing; it is merely a bluff to comply, in a measure, with repeated pleas...

To call the Democratic bluff, several Republicans have introduced bills granting the Philippine Islands between now and the close of the present Congress...

Insincerity Is Denounced. When Senator Borah was condemning the pending Administration bill he was asked what he would do...

"I would not take a thing that is manifestly insincere," he replied. "I would not promise the Philippine people a thing which we do not give them any assurance of carrying out..."

There is no doubt, he added, "that the Philippine Islands have a class who are fit for government. Mexico had a class fit for government for 300 years..."

This Congress has no intention of granting independence to the Philippine Islands and this bill shows it.

Has Faith in Remedy

Mrs. H. S. Carlson, of Wakefield, Nehr., testifies to the relief she experienced from the use of Fruitola and Traxo:

"I used Fruitola and Traxo with very good results, having passed almost a cupful of gall-stones with the first bottle. My skin is clear now, and I have a good appetite. I have lots of faith in Fruitola and Traxo."

Fruitola is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Portland they can be obtained at The Owl Drug Co. Stores.
