

FAIRFIELD-6-46

THE true character of a motor car, like in men, lies under the surface. You can judge its qualities and value only by knowing its essential parts. In the essential features of motor-car design and construction the Paige Six-46 has dominated the field from the day of its introduction of a year ago. This model challenges the world for excess value. Every little detail shows a refinement which is the result of infinite care.

FLEETWOOD-6-38

The Paige Six-38 is an epoch in the automobile industry. It possesses all the characteristics of high-grade material, expert workmanship and distinctive beauty. The features show distinctive progress of perfect efficiency, reliability and economy. It fills every requirement of the prospective buyer who demands exceptional qualities in every detail of a motor car.

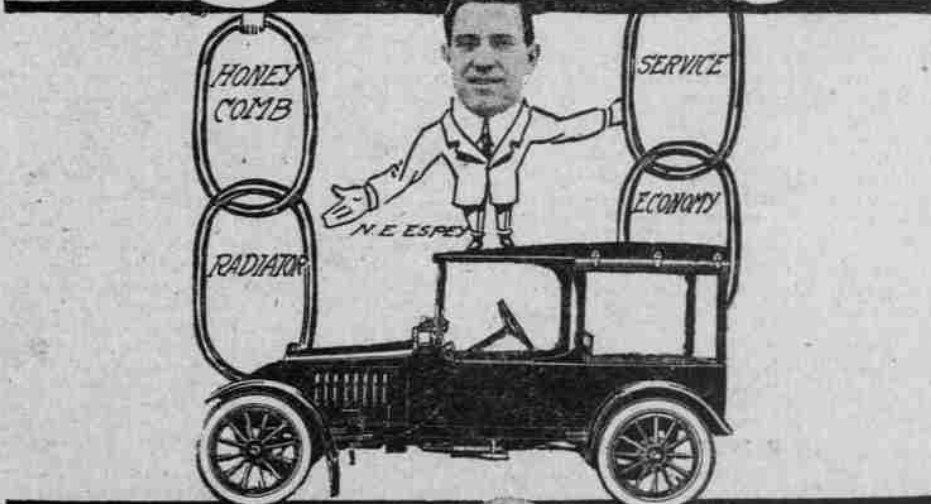

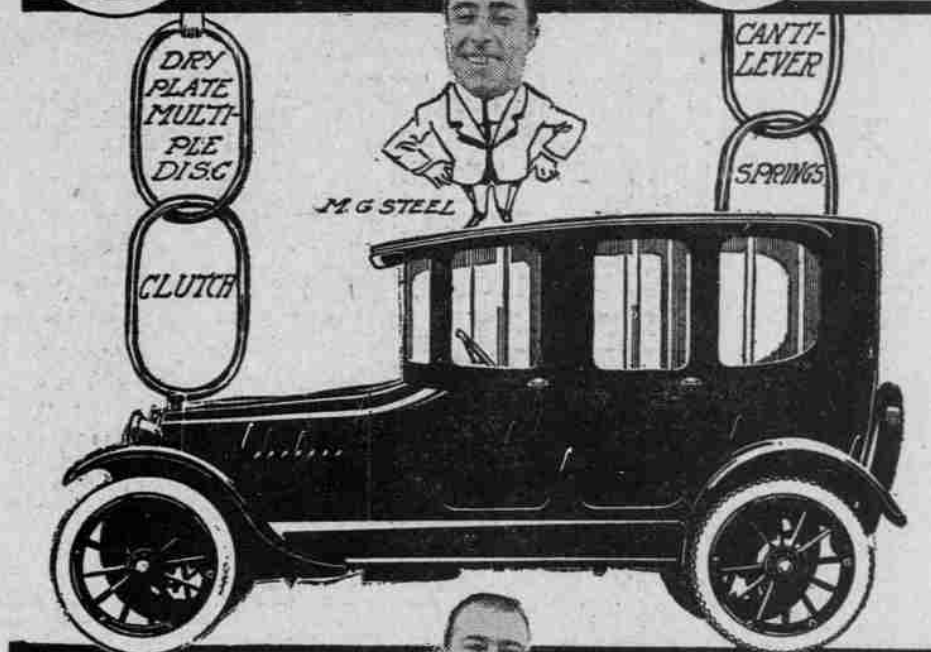

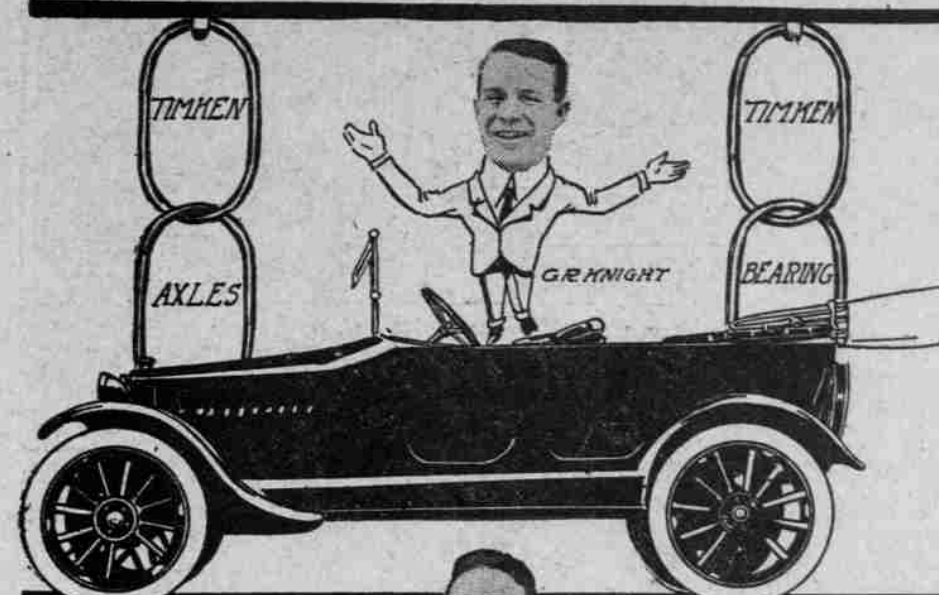

MEADOWBROOK-6-46

The Paige Six-46 Roadster will meet the requirements of the prospective buyer who requires a two or three-passenger car. The body lines being of the pure streamline type it has the same beauty as the Touring car. The lines of this Roadster express special comfort and utmost elegance.
