LOS ANGELES IS ALARMED People Seeking to Reach South Cut Off at County Line. LOS ANGELES, Jan. 29.—The Loe Angeles County line marked the limit tonight for adventurous persons seek-ing to reach San Diego, 125 miles south All reads farther down were impage-able. Rall communication was out of the question. A launch started late to-day carrying malls and one or two pas-sengers.

GRANTS PASS, Or., Jan. 29.—(Spe-cial.)—Under a sky as clear as crystal and warm as May the six inches of snow which lay on the ground this morning as a result of yesterday's snowfall, is melting rapidly. Great relief is felt at the change in the weather as much danger was appre-hended had the snow gone with the rush of a warm rain. Now the snow will sink into the ground gradually, where it will furnish sub-irrigation for crops until late Spring. Last night marked the coldest tem-

HEAVY CAST FIRE LININGS

OVER 18INCHES DEEP.

Nighelep Screw Draft

IF YOU are interested in reducing your kitchen labor, you will want I the Classic. It is wonderfully easy to keep spick and span. That is the reason we call it our Clasic. All parts are entirely smooth, no earving or seroll work to hide dust and make the cleaning of the range difficult and exasperating. It is a remarkably handsome range, designed along ment and refined lines.

sengers. Telegraph and telephone lines were be-

They were forced to turn back. Instead of improving, these condi-tions were rapidly becoming worse under a steady downpour of rain, which hegan early this morning and continued all day, causing additional damage and adding more water to the already over-flowing stream

It appeared certain that railroad communication with San Diego could not be restored for several days, and in view of the new rainstorm, the telegraph companies were equally un-certain when their lines would be re-naired. paired.

LAKE THREATENS ELSINORE Town in Darkness, Food Scarce

## Dam Breaks, Causing Flood.

ELSINORE, Cal., Jan. 29.-Without power or light other than candles and oil lamps, with a shortage of food and with the waters in Lake Elsinore still with the waters in Lake Elsinore still rising under a continuous downpour, Elsinore faced a sorious situation to-day. This section was practically with-out communication to outside points. Since December 15 feet and the area of the lake, which usually is about 18 square miles, is estimated now to be approximately 15 square miles. A rise of a few feet more, it was said, would send the water rushing down the val-icy of a few feet more, it was said, would send the water rushing down the val-icy of a few feet more, it was said, would send the water rushing down the val-icy of a few feet more, it was said, would send the water rushing down the val-icy of the feet more, it was said, would usble damage. Many ranch houses in the lowlands surrounding the town were completely the resultant flood inundated a sec-tion of the town, which still is under from one to three feet of water. Rough estimates placed the damage

Rough estimates placed the damage at well above \$200,000 in this section.
